**Riding South** Gregory W. Frazier,1999-01-01      *Memoirs of Mexico and Motorcycling* Clifton Melby,2024-06-26 In February of 2003 my friend Dave and I entered Mexico through the port of Nuevo Progreso from South Texas We were eager and hopeful it could be as good as our earlier rides Just a few blocks into Progreso the bumps smells sights and sounds assured us it was all there Viva La Mexico We pressed along the Emerald Coast riding to the Gulf of Mexico We were lounging in the lap of a bygone era We rode south to the bottom of the gulf and then north up the western shore of the Yucatan Peninsula Then we rode east across the haunting Yucatan Peninsula to the Caribbean Sea The ancient temples of the Mayan ruins pushed all the way through forest that was part of the great biosphere to our south flank that went deep into Guatemala To our north flank vast miles of empty arid land undulated over many miles of underground rivers connecting the beautiful cenotes We entered Belize from the north riding through savannahs back to the sea then west entering Guatemala on its eastern border near Tikal I had big hopes but limited knowledge of Guatemala I was swallowed whole by it on day one We rode through its beauty and its struggles all the way to its eastern border with Mexico along the Pacific Ocean In Mexico we rode along the beautiful Pacific capes and north up into the mountains that are the bastion of Oaxaca We rode a mountainous route all the way back to the U S A Not before these images had dried and cured in my mind did I begin to understand how much I enjoyed this adventure Awesome      *Motorcycle Adventurer* Gregory W. enduring that brutally cold weather they would just get drunk and then fight with each other They were gang fights but all of them were friends Great sport Unless you were a native there this seemed a bit odd to outsiders So they moved down south hoping for a friendlier and more acceptable way of living and got there in time to meet early integration head on Then they had to learn a new modified Geechee Gullah language in order to communicate with their hired help What they found was that as a rule those Southerners overall were the most gracious friendliest lovable and unique people of all As far as the weather though it was usually more reasonable in one day alone they could have monsoon like rains followed immediately by a metal melting heat wave and topped off with a heavy fog that swooped down over you like a massive wet blanket that made those winters up north seem mild
