Armies of the First Carlist War 1833-39 Gabriele Esposito, 2017-12-28 The First Carlist War broke out after the death of King Ferdinand VII the king restored at the end of the Peninsular War thanks to Wellington's victory. The crown was claimed by both his daughter Isabella backed by the Liberal party and his brother Don Carlos at the head of northern ultra conservatives centred in the Basque provinces and Navarre. The Liberals or Cristinos were supported by a 10 000 strong British Legion of volunteers led by a former aide to Wellington as well as the British Royal Navy a Portuguese division and the French Foreign Legion. With both armies still using Napoleonic weapons and tactics early victories were won by the Basque general Zumalacarregui. After his death in 1835 a series of campaigns followed fought by conventional armies of horse foot and guns supported by many irregulars and guerrillas. This little known multi national campaign provides a fascinating postscript to the Peninsular War of 1808-14 and its uniforms present a colourful and varied spectacle. *Don Troiani's Regiments and Uniforms of the Civil War* Don Troiani, 2002 In the world of historical painting Don Troiani stands alone universally acclaimed for the accuracy drama and sensitivity of his depictions of America's past. His Civil War paintings and limited edition prints hang in the finest collections in the country and are noted by collectors from around the world. Now in *Don Troiani's Regiments and Uniforms of the Civil War* the artist turns his brush to one of the most colourful and captivating aspects of Civil War history the individual units that earned their reputations on the battlefield and the distinctive uniforms they wore. In addition to 130 paintings of battle scenes and individual figures the book also includes more than 250 full colour photographs of the uniforms the soldiers wore and the accoutrements they carried. Supporting the illustrations is text by two of the leading military artefact experts. Taken together it makes for one of the most comprehensive books on Civil War uniforms ever undertaken.

Lincoln's Horse Theo Lee, 2014-11-24 On his deathbed Abraham Lincoln sees a shadowy figure who will take him on a journey to encounter another great leader of the time Crazy Horse. I Am Not Afraid of Looking into the Rifles Rick Stroud, 2024-02-29 A thrilling narrative that creates an extraordinary picture of female resistance. The Lady Fascinating Kavita Puri BBC History Magazine A fierce intense picture of this aspect of the war it will stay with me. Elizabeth Buchan author of *Two Women in Rome* On the evening of 31 March 1916 a 23 year old woman was led from her prison cell in occupied Brussels. She wore a long blue coat and walked like a soldier. The chaplain asked if she would like a blindfold before her execution. I am not afraid of looking into the rifles she replied. I have been expecting this for a long time. This is not a traditional history of the First World War. It is the untold story of the women of the resistance in Belgium and occupied France during that conflict. Rick Stroud describes how the actions of eight exceptionally brave women affected the course of the war. Before the Germans invaded they were ordinary people some like Gabrielle Petit were working class some like Edith Cavell were from the

bourgeoisie and some like the Princess de Cro were from the upper echelons of society The youngest was only twenty one The women took enormous risks and produced extraordinary results they established underground networks transmitted coded information carried out sabotage attacks and helped to repatriate Allied soldiers What they did was dangerous and exhausting and the penalties were severe three faced the firing squad Recounting their heroism and their inevitable tragedies I Am Not Afraid of Looking into the Rifles is an enthralling story beautifully told In revealing the inspiring work of these remarkable women Rick Stroud will introduce you to an entirely new version of the war to end all wars *Battles of the Red River War* J. Brett Cruse, 2017-08-03 Battles of the Red River War unearths a long buried record of the collision of two cultures In 1874 U S forces led by Col Ranald S Mackenzie carried out a surprise attack on several Cheyenne Comanche and Kiowa bands that had taken refuge in the Palo Duro Canyon of the Texas panhandle and destroyed their winter stores and horses After this devastating loss many of these Indians returned to their reservations and effectively brought to a close what has come to be known as the Red River War a campaign carried out by the U S Army during 1874 as a result of Indian attacks on white settlers in the region After this operation the Southern Plains Indians would never again pose a coherent threat to whites expansion and settlement across their ancestral homelands Until now the few historians who have undertaken to tell the story of the Red River War have had to rely on the official records of the battles and a handful of extant accounts letters and journals of the U S Army participants Starting in 1998 J Brett Cruse under the auspices of the Texas Historical Commission conducted archeological investigations at six battle sites In the artifacts they unearthed Cruse and his teams found clues that would both correct and complete the written records and aid understanding of the Indian perspectives on this clash of cultures Including a chapter on historiography and archival research by Martha Doty Freeman and an analysis of cartridges and bullets by Douglas D Scott this rigorously researched and lavishly illustrated work will commend itself to archeologists military historians and scientists and students and scholars of the Westward Expansion

Armies of the Italian-Turkish War Gabriele Esposito, 2020-09-17 In the early 1900s the decaying Ottoman Turkish Empire had lost some of its Balkan territories but still nominally ruled all of North Africa between British Egypt in the east and French Algeria in the west Libya had fertile coastal territory and was the last North African almost the last African region not yet conquered by a European colonialist power Italy was a young country ambitious for colonies but had been defeated in Ethiopia in the 1890s The Italian government of Giovanni Giolitti was keen to overwrite the memory of that failure and to gain a strategic grip over the central Mediterranean by seizing Libya just across the narrows from Sicily The Italian expeditionary force that landed in October 1911 easily defeated the Ottoman division based in the coastal cities incurring few losses However the Libyan inland tribes reacted furiously to the Italian conquest and their insurgency cost the Italians thousands of casualties locking them into the coastal enclaves during a winter stalemate which diminished Italian public enthusiasm for the war To retrieve Italian prestige the government launched a naval campaign in the Dardanelles and

the Dodecanese the last Turkish held archipelago in the Aegean in April May 1912 and landed troops to capture Rhodes The army finally pushed inland in Libya in July October using systematic air reconnaissance for the first time and after brutal fighting the war ended in a treaty that brought Italy all it wanted although though the Libyan tribes would not finally be quelled until after World War I Containing accurate full colour artwork and unrivalled detail Armies of the Italian Turkish War offers a vivid insight into the troops involved in this pivotal campaign including the tribal insurgents and the navies of both sides Black Elk Joe Jackson,2016-10-25 The epic life story of the Native American holy man who has inspired millions around the world **The Negro in Print** ,1968 Some issues include brief book reviews **On the Plains with Custer** Edwin L.
