The 5 Big Lies About American Business Michael Medved, 2010-11-02 WHY FEEL EMBARRASSED BY BUSINESS Every American benefits every day from the phenomenal productivity of the free market so why do so many people feel guilty or skeptical about our business system In this passionately argued eye opening book talk radio star and bestselling author Michael Medved provides detailed and devastating rebuttals to the most widely circulated smears against capitalism MYTH Big business is bad small business is good TRUTH Every big business began life as a small business and

every small business today yearns for enough success to become a big business tomorrow For some products like cars or electrical power little companies can't benefit their workers or customers as reliably as huge corporations MYTH Business executives are overpaid and corrupt TRUTH Top leaders will always command top dollar and a company can't limit executive pay without limiting its access to talent Ferocious long term competition in the corporate world ultimately rewards focus and hard work not short cuts and corruption MYTH You can count on better treatment from the government than from business TRUTH If a private company deals with you poorly you can take your business elsewhere But with the government's power you get only two choices compliance or jail Medved responds to business bashing lies with the slashing wit irrefutable facts fascinating historical nuggets illuminating anecdotes and liberating clarity that made him one of the top ten talk radio hosts in the United States This audacious and urgently needed book provides energy and inspiration for a beleaguered free market system poised for its unstoppable comeback *The American Miracle* Michael Medved, 2017-09-05 The New York Times bestselling author of *God's Hand on America* reveals that what the Founders always believed has been proven true that America's rise to prosperity and power from the writing of the Constitution to the Civil War unfolded according to a master plan THE INSPIRATION FOR THE MOTION PICTURE EXPERIENCE THE AMERICAN MIRACLE OUR NATION IS NO ACCIDENT Absolutely spectacular The stories are genuinely staggering fascinating eye opening and deeply inspiring Eric Metaxas The history of the United States displays an uncanny pattern At moments of crisis when the odds against success seem overwhelming and disaster looks imminent fate intervenes to provide deliverance and progress Historians may categorize these incidents as happy accidents callous crimes or the product of brilliant leadership but the most notable leaders of the last four hundred years have identified this good fortune as something else a reflection of divine providence Among the stirring illogical episodes described here A band of desperate religious refugees find themselves blown hopelessly off course only to be deposited at the one spot on a wild continent best suited for their survival George Washington's beaten army surrounded by a ruthless foe and on the verge of annihilation manages an impossible escape due to a freakish change in the weather A famous conqueror known for seizing territory frustrated by a slave rebellion and a frozen harbor impulsively hands Thomas Jefferson a tract of land that doubles the size of the United States A weary soldier picks up three cigars left behind in an open field and notices the stogies have been wrapped in a handwritten description of the enemy's secret battle plans a revelation that gives Lincoln the supernatural sign he's awaited in order to free the slaves When millions worry over the nation losing its way Medved's sweeping narrative bursting with dramatic events and lively portraits of unforgettable occasionally little known characters affirms America as fortune's favorite shaped by a distinctive destiny from our beginnings to the present day Culture Wars Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance

for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today

Radical Conservatism Robert Brent Toplin, 2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide

God's Hand on America Michael Medved, 2019-11-26 The national radio host and bestselling author of *The American Miracle* reveals the happy accidents bizarre coincidences and flat out miracles that continue to shape America's destiny A hopeful message for our troubled times Michael Medved has an eye for a story and a preternatural gift for telling it in beguiling ways Joseph J Ellis Pulitzer Prize and National Book Award winning author of *Founding Brothers* Has God withdrawn his special blessing from the United States Americans ponder that painful question in troubled times as we did during the devastation of the Civil War and after the assassinations of the 60s and as we do in our present polarization Yet somehow on battlefields across western wilderness and in raucous convention halls astounding events have reliably advanced America restoring faith in the Republic's providential protection In this provocative historical narrative Michael Medved brings to life ten haunting tales that reveal this purposeful pattern including A near fatal carriage accident forces Lincoln's secretary of state into a canvas and steel neck brace that protects him from a would be assassin's knife thrusts allowing him two years later to acquire Alaska for the United States A sudden tidal wave of Russian Jewish immigration beginning in 1881 coincides with America's rise to world leadership fulfilling a biblical promise that those blessing Abraham's children will themselves be blessed Campaigning for president Theodore Roosevelt takes a bullet in the chest but a folded speech in his jacket pocket slows its progress and saves his life At the Battle of Midway U.S. planes get lost over empty ocean and then miraculously reconnect for five minutes of dive bombing that wrecks Japan's fleet convincing even enemy commanders that higher powers intervened against them A behind the scenes conspiracy of the pure of heart by Democratic leaders forces a gravely ill FDR to replace his sitting vice president an unstable Stalinist with future White House great Harry Truman These and other little known stories build on themes of *The American Miracle* Medved's bestseller about America's remarkable rise The confident heroes and stubborn misfits in these pages shared a common faith in a master plan which continues to unfold in our time God's Hand on America confirms that the founders were right about America's destiny to lead and enlighten the world

Political Conversion Don Waisanen, 2018-04-20 Stories of religious conversion have been told for millennia Yet many prominent figures such as Ronald Reagan Hillary Clinton and Rick Perry have also

used stories of their change from one political worldview to another as a communication strategy aimed at winning the hearts and minds of the public This book is about political conversion stories in public discourse in their evolution from and interactions with religion From a historical perspective it charts the development of conversion narratives from religious contexts to their contemporary applications as specifically political messages Since these narratives continue to be used in the culture wars this book examines several related autobiographies that contributed to the use of this strategy in contemporary U S politics Each case shows how shifts during the postwar period called for conversion texts under varying guises and illustrates how and why the majority of these stories have been of conversions from the ideological left to the right Examining political conversion as a form of public persuasion Political Conversion ultimately provides insight into what these types of civic religious stories mean for democratic communication and communities

The Myth of Hitler's Pope

David G. Dalin, 2012-03-28 Was Pope Pius XII secretly in league with Adolf Hitler No says Rabbi David G Dalin but there was a cleric in league with Hitler the grand mufti of Jerusalem Hajj Amin al Husseini As Pope Pius XII worked to save Jews from the Nazis the grand mufti became Hitler s staunch ally and a promoter of the Holocaust with a legacy that feeds radical Islam today In this shocking and thoroughly documented book Rabbi Dalin explodes the myth of Hitler s pope and condemns the mythmakers for not only rewriting history but for denying the testimony of Holocaust survivors hijacking the Holocaust for unseemly political ends and ignoring the real threat to the Jewish people

In *War Crimes* Lieutenant Colonel Robert Buzz Patterson USAF Ret lays bare the Left s campaign against their own nation s armed forces in the media on campuses in popular culture in Washington and elsewhere revealing The roots of liberal enmity toward our military The five liberal lies about the war on terror How the mainstream media Hollywood and academia perpetuate these myths How liberal politicians engage in seditious acts for political gain and what the costs of these acts are How America can and must defeat the liberal assault on America s ability to defend itself against its enemies Interviews with hundreds of soldiers sailors and airmen including many on the ground in Iraq reveal the alarming degree to which their burden is increased by second guessing pessimism and outright revulsion for their mission on the part of the people they are fighting for Studded with shocking quotations and astonishing actions from members of the Left *War Crimes* is an eye opening indictment of the true motivations and agenda of the American Left From the Hardcover edition

Hollywood

Nation James L. Hirszen, 2006 In an updated study a conservative spokesperson and author of *Tales from the Left Coast* offers an insightful look at how the line between news and entertainment has become blurred as well as how the situation has allowed the liberal media to present their political views within entertainment product Reprint 15 000 first printing

Liberty Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It s an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A

chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved

The Publishers Weekly, 1972 **Triumph Regained** Mark Moyar, 2023-01-10 Triumph Regained The Vietnam War 1965-1968 is the long awaited sequel to the immensely influential Triumph Forsaken The Vietnam War 1954-1965 Like its predecessor this book overturns the conventional wisdom using a treasure trove of new sources many of them from the North Vietnamese side Rejecting the standard depiction of U.S. military intervention as a hopeless folly it shows America's war to have been a strategic necessity that could have ended victoriously had President Lyndon Johnson heeded the advice of his generals In light of Johnson's refusal to use American ground forces beyond South Vietnam General William Westmoreland employed the best military strategy available Once the White House loosened the restraints on Operation Rolling Thunder American bombing inflicted far greater damage on the North Vietnamese supply system than has been previously understood and it nearly compelled North Vietnam to capitulate The book demonstrates that American military operations enabled the South Vietnamese government to recover from the massive instability that followed the assassination of President Ngo Dinh Diem American culture sustained public support for the war through the end of 1968 giving South Vietnam realistic hopes for long term survival America's defense of South Vietnam averted the imminent fall of key Asian nations to Communism and sowed strife inside the Communist camp to the long term detriment of America's great power rivals China and the Soviet Union Cassette Books Library of Congress.
