Tønnessen**

Right Face Organizing The American Conservative Movement 194565 Paperback:

Right Face Niels Bjerre-Poulsen, 2002 *Right Face* tells the compelling story of how the American conservative movement in the two decades following World War II managed to move from obscurity to the center stage of national politics When Dwight D Eisenhower in 1952 defeated the conservative champion Robert Taft and won the Republican presidential nomination many on the American right felt that they had become homeless within the established party system The brand of liberalism which permeated the nation's intellectual life had also become bipartisan political doctrine The feeling of cultural and political ostracism triggered a quest for an independent conservative network of organizations with the hope of either taking back the Republican Party or creating a viable alternative The first part of *Right Face* recounts the often bitter struggle to define the meaning of conservatism in modern America Part two concerns the search for influential national outlets for conservative opinion whereas part three focuses on the movement's actual plunge into electoral politics not least on its well planned takeover of the Republican Party machinery in 1964 and the resulting presidential nomination of Senator Barry Goldwater An epilogue attempts to trace main currents in the evolution of American conservatism since the 1960s as well as to assess the extent to which American conservatives have managed to create the Counter Establishment they set out to create more than half a century ago In a sense the conservatives actually set out on two different quests One was for intellectual respectability The other was for political power As this study reveals the two goals were not always compatible Based on extensive archival sources *Right Face* provides an incisive analysis of the conservative movement and the forces that shaped it With its blending of intellectual and organizational developments it adds an important chapter to the history of American political culture in the 20th century

The Making of the American Conservative Mind Jeffrey Hart, 2014-05-06

National Review has been the leading conservative national magazine since it was founded in 1955 and in that capacity it has played a decisive role in shaping the conservative movement in the United States In *The Making of the American Conservative Mind* Jeffrey Hart provides an authoritative and high spirited history of how the magazine has come to define and defend conservatism for the past fifty years He also gives a firsthand account of the thought and sometimes colorful personalities including James Burnham Willmoore Kendall Russell Kirk Frank Meyer William Rusher Priscilla Buckley Gerhart Niemeyer and of course the magazine's founder William F Buckley Jr who contributed to National Review's life and wide influence As Hart sees it National Review has regularly veered toward ideology but it has also regularly corrected its course toward in Buckley's phrase a politics of reality Its catholicity and originality attributable to Buckley's magnanimity and sense of showmanship has made the magazine the most interesting of its kind in the nation concludes Hart His highly readable and occasionally contrarian history the first history of National Review yet published marks another milestone in our understanding of how the conservatism now so influential in American political life draws from and in some ways repudiates the intellectual project that National Review helped launch a half century ago

The Conservative

Intellectual Movement in America Since 1945 George H. Nash, 2023-03-28 First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born *Political Conversion* Don Waisanen, 2018-04-20 Stories of religious conversion have been told for millennia Yet many prominent figures such as Ronald Reagan Hillary Clinton and Rick Perry have also used stories of their change from one political worldview to another as a communication strategy aimed at winning the hearts and minds of the public This book is about political conversion stories in public discourse in their evolution from and interactions with religion From a historical perspective it charts the development of conversion narratives from religious contexts to their contemporary applications as specifically political messages Since these narratives continue to be used in the culture wars this book examines several related autobiographies that contributed to the use of this strategy in contemporary U S politics Each case shows how shifts during the postwar period called for conversion texts under varying guises and illustrates how and why the majority of these stories have been of conversions from the ideological left to the right Examining political conversion as a form of public persuasion *Political Conversion* ultimately provides insight into what these types of civic religious stories mean for democratic communication and communities [America's Right](#) Robert B. Horwitz, 2013-07-10 Conservatism has been the most important political doctrine in the United States for nearly four decades It has dominated the intellectual debate and largely set the policy agenda even during years of Democratic electoral control But 21st century conservatism has moved far beyond even the Reagan Revolution of small government lower taxes and a respect for tradition The alliance of libertarians neoconservatives and the Christian right has launched anxious and angry attacks on the purported homosexual agenda the hoax of climate change the rule by experts and elites and the banishment of religion from the public realm In the foreign policy arena it has tried to remake the world through the cleansing fire of violence Contemporary American conservatism practices a politics that is disciplined uncompromising utopian and enraged seeking to take back our country This is anti establishment conservatism whose origin can be traced back to the right wing that battled both the reigning post World War II liberal consensus and the moderate establishment Republican Party This book examines the nature of anti establishment conservatism traces its development from the 1950s to the Tea Party and explains its political ascendance *Phyllis Schlafly and Grassroots Conservatism* Donald T. Critchlow, 2018-06-05 Longtime activist author and antifeminist leader Phyllis Schlafly is for many the symbol of the conservative movement in America In this provocative new book historian Donald T Critchlow sheds new light on Schlafly's life and on the unappreciated role her grassroots activism played in transforming America's political landscape Based on exclusive and unrestricted access to Schlafly's papers as well as sixty other archival collections the book reveals for the first time the inside story of this Missouri born mother of six who became one of the most

controversial forces in modern political history It takes us from Schlafly's political beginnings in the Republican Right after the World War II through her years as an anticommunist crusader to her more recent efforts to thwart same sex marriage and stem the flow of illegal immigrants Schlafly's political career took off after her book *A Choice Not an Echo* helped secure Barry Goldwater's nomination With sales of more than 3 million copies the book established her as a national voice within the conservative movement But it was Schlafly's bid to defeat the Equal Rights Amendment that gained her a grassroots following Her anti ERA crusade attracted hundreds of thousands of women into the conservative fold and earned her a name as feminism's most ardent opponent In the 1970s Schlafly founded the Eagle Forum a Washington based conservative policy organization that today claims a membership of 50 000 women Filled with fresh insights into these and other initiatives Phyllis Schlafly and Grassroots Conservatism provides a telling profile of one of the most influential activists in recent history Sure to invite spirited debate it casts new light on a major shift in American politics the emergence of the Republican Right

Hayek: A Collaborative Biography Robert Leeson, 2018-05-15 Funded by the tobacco and fossil fuel industries the Mises and Hayek inspired free market has adopted The Slogan of Liberty but should their faith based assertions be accorded the same epistemological status as a science If Austrian economics is a branch of divinely revealed knowledge as the epigone Godfather Hans Sennholz insists what validity do its policy recommendations have Should those who falsely claim to have PhDs be tax funded as Post Doctoral Fellows and Professors This volume examines the consequences of the free market colonisation of economics climate change financial crises and the corruption of academic discourse

Cover Up the Dirty Parts! Dena Shottenkirk, 2009 Cover Up the Dirty Parts takes on directly not only questions regarding the relationship between government funding for the arts and political censorship but also deeper philosophical questions regarding liberty the definition of art the role of vague terms in language and law and the epistemological role of both free expression and art itself The issue of arts funding sits in the terrain of overlap between aesthetics and political philosophy and thus elicits aesthetic questions regarding the purpose of art and how art is defined political questions regarding the nature of freedom and the role of government and epistemological questions regarding the sources of knowledge and how it is we acquire it As both an analytic philosopher and a practicing artist Shottenkirk has incorporated the insights and sensitivities of both worlds in this analysis of why art is important and why freedom of expression within cultural development must be respected if we are to embrace a society able to provide the maximum degree of stimulation and safety for all its members In this context art is viewed as valuable both as a tool for knowledge acquisition for the individual and as a source of consensus building for the culture As a device for consensus building art has the role of practicing respect for differing opinions and balancing competing points of view as well as serving as self expression for the individual Interviews with two artists the first of whom is an American central to the funding debates of the last few decades and the second of whom is a contemporary Iranian writer imprisoned for her writing combine with both narrative and philosophical analysis to give a complete picture of the

issues and what is at stake for all of us who care not only about art but about freedom as well While the distinction between censorship and non funding is explored also analyzed is the need for tolerance in the face of offense as well as respect for others TM rights and cultural differences

The Book Review Digest ,2004

The Changing World Religion Map Stanley D. Brunn,2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind s eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,2003

Messengers of the Right Nicole Hemmer,2016-08-10 From Rush Limbaugh and Sean Hannity to Glenn Beck and Matt Drudge Americans are accustomed to thinking of right wing media as integral to contemporary conservatism But today s well known personalities make up the second generation of broadcasting and publishing activists Messengers of the Right tells the story of the little known first generation Beginning in the late 1940s activists working in media emerged as leaders of the American conservative movement They not only started an array of enterprises publishing houses radio programs magazines book clubs television shows they also built the movement They coordinated rallies founded organizations ran political campaigns and mobilized voters While these media activists disagreed profoundly on tactics and strategy they shared a belief that political change stemmed not just from ideas but from spreading

those ideas through openly ideological communications channels In *Messengers of the Right* Nicole Hemmer explains how conservative media became the institutional and organizational nexus of the conservative movement transforming audiences into activists and activists into a reliable voting base Hemmer also explores how the idea of liberal media bias emerged why conservatives have been more successful at media activism than liberals and how the right remade both the Republican Party and American news media *Messengers of the Right* follows broadcaster Clarence Manion book publisher Henry Regnery and magazine publisher William Rusher as they evolved from frustrated outsiders in search of a platform into leaders of one of the most significant and successful political movements of the twentieth century

Teaching and Studying U.S. History in Europe Cornelis A. van Minnen, Sylvia L. Hilton, 2007 Offering a much needed report on the academic study of U S history in Europe this collection of essays provides a historical overview of its development in 13 European countries It offers insight into the possible connections between governmental policies on both sides of the Atlantic popular interest student demand and individual scholars commitment to this academic pursuit These essays also contribute towards a better understanding of the complex ways in which European historians of the United States have navigated the different and often conflicting demands constraints and opportunities that arise from their official job descriptions and various institutional affiliations

In Our Hands Elizabeth Palley, Corey S. Shdaimah, 2017-03 Working mothers are common in the United States In over half of all two parent families both parents work and women s paychecks on average make up 35 percent of their families incomes Most of these families yearn for available and affordable child care but although most developed countries offer state funded child care it remains scarce in the United States And even in prosperous times child care is rarely a priority for U S policy makers In *In Our Hands The Struggle for U S Child Care Policy* Elizabeth Palley and Corey S Shdaimah explore the reasons behind the relative paucity of U S child care and child care support Why they ask are policy makers unable to convert widespread need into a feasible political agenda They examine the history of child care advocacy and legislation in the United States from the Child Care Development Act of the 1970s that was vetoed by Nixon through the Obama administration s Child Care Development Block Grant The book includes data from interviews with 23 prominent child care and early education advocates and researchers who have spent their careers seeking expansion of child care policy and funding and an examination of the legislative debates around key child care bills of the last half century Palley and Shdaimah analyze the special interest and niche groups that have formed around existing policy arguing that such groups limit the possibility for debate around U S child care policy Ultimately they conclude we do not need to make minor changes to our existing policies We need a revolution

Program of the Annual Meeting - American Historical Association American Historical Association, 2003 Some programs include also the programs of societies meeting concurrently with the association

Choice, 2004 **Rating America's Presidents** Robert Spencer, 2020-08-25 Most historians of the American presidency walking in lockstep with today s hard Left academic establishment favor presidents who were big government statist and

globalists They dislike presidents who lowered taxes protected American workers and avoided getting the United States entangled in foreign conflicts that had nothing to do with protecting the American people It is through that prism that they see all of American history It s time for a change Nowadays with socialism massively discredited and internationalism facing more opposition than it has since before World War II it s time to reevaluate what the Leftist historians have told us Donald Trump was elected president pledging to put America First as any nation s leader should put his or her own people first There needs to be an America First reevaluation of him and his predecessors This book therefore rates the presidents not on the basis of criteria developed by socialist internationalist historians but on their fidelity to the United States Constitution and to the powers and limits to those powers of the president as delineated by the Founding Fathers America s presidents are rated on the extent to which they put America First not in the sense of a narrow isolationism but whether they really advanced the interests of the American people This upends the conventional wisdom about a great deal of American history and present day reality and is intended to do so This book offers what should be the only criteria for rating the occupants of the White House were they good for America *Ronald Reagan and the 1980s* C. Hudson,G. Davies,2008-10-27 By the end of the 1980s many Americans looked at the state of the nation with a renewed optimism which was personified by an enduring American president Ronald Wilson Reagan The essays in this volume revisit the 1980s in order to examine the factors that contributed to his political and cultural triumphs and assess his legacy **How Two Political Entrepreneurs Helped Create the American Conservative Movement, 1973-1981** Alf Tomas Tønnessen,Alf Tomas Tønnessen,2009 How Two Political Entrepreneurs Helped Create the American Conservative Movement 1973 1981 The Ideas of Richard Viguerie and Paul Weyrich

Right Face Organizing The American Conservative Movement 194565 Paperback Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Right Face Organizing The American Conservative Movement 194565 Paperback PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process.

and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Right Face Organizing The American Conservative Movement 194565 Paperback PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Right Face Organizing The American Conservative Movement 194565 Paperback free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Right Face Organizing The American Conservative Movement 194565 Paperback Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Right Face Organizing The American Conservative Movement 194565 Paperback is one of the best book in our library for free trial. We provide copy of Right Face Organizing The American Conservative Movement 194565 Paperback in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Right Face Organizing The American Conservative Movement

194565 Paperback. Where to download Right Face Organizing The American Conservative Movement 194565 Paperback online for free? Are you looking for Right Face Organizing The American Conservative Movement 194565 Paperback PDF? This is definitely going to save you time and cash in something you should think about.
