Eirene or a woman's right Mary Clemmer Ames, 2023-03-16 Reprint of the original first published in 1871 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **The Book of Woman's Power, with an Introduction by Ida M. Tarbell, and Illustrations by E. R. Lee Thayer**, 1911 *The Woman Voter* Florence Woolston, Mary Ritter Beard, 1915 **A Woman's Influence** Tony A. Gaskins, Sheri Gaskins, 2020-04-07 From celebrity life coach and motivational speaker Tony Gaskins Jr and his wife Sheri comes an essential guide with hard hitting truths about a woman's undeniable influence on a relationship and the power she has to change her man for the better Tony Gaskins has inspired others by sharing his truth drawing millions of followers online and making him one of America's foremost experts on love and relationships Now he and his wife explore a woman's positive impact on a relationship in this practical and accessible guide that walks you through a series of irreplaceable lessons on making personal changes that foster healthy relationships Tony and his wife Sheri draw on their own relationship successes and failures as they examine the eighteen time tested truths about how a woman's influence can shift a relationship for the better if used correctly Including advice for women such as you are not a maid show don't tell and the 72 hour rule where the woman makes herself totally unreachable to her partner Tony and Sheri tackle all of today's important topics such as misogyny and the grown boy syndrome while never losing the empowering and empathetic tone that Tony's loyal following has come to love and trust Whether you are single dating engaged or married *A Woman's Influence* is a hopeful response to a culture where men behave badly and women are victimized all too often By providing a vision that empowers women to know their worth and simultaneously bring out the best in men this guidebook can help you make a lasting positive change to your relationship **Woman's Work in America** Various Authors, 1856-01-01 A comprehensive view of the attainments made by American women in this century and especially during the last fifteen years cannot but be of great importance and value The cruel kindness of the old doctrine that women should be worked for and should not work that their influence should be felt but not recognized that they should hear and see but neither appear nor speak all this belongs now to the record of things which once measurably true have become fabulous The theory that women should not be workers is a corruption of the old aristocratic system Slaves and servants whether male or female always worked Women of rank in the old world were not necessarily idle The eastern monarch who refused an army to a queen sent her a golden distaff The extremes of despotism and of luxury undermining society and state can alone have introduced the theory that it becomes the highly born and bred to be idle With this unnatural paralysis of woman's active nature came ennui the bane of the so called privileged classes

From ennui spring morbid passions fostered by fantastic imaginations A respect for labor lies at the very foundation of a true democracy The changes which our country has seen in this respect and the great uprising of industries among women are then not important to women alone but of momentous import to society at large The new activities sap the foundation of vicious and degraded life From the factory to the palace the quickening impulse is felt and the social level rises To the larger intellectual outlook is added the growing sympathy of women with each other which does more than anything else to make united action possible among them A growing good will and esteem of women toward women makes itself happily felt and will do even more and more to refine away what is harsh and unjust in social and class distinctions and to render all alike heirs of truth servants of justice The initiative is now largely taken by women in departments in which they were formerly if admitted at all entirely and often unwillingly under the dictation of men Philanthropists of both sexes indeed work harmoniously together but in their joint undertakings the women now have their say and instead of waiting to be told what men would have them think feel obliged to think for themselves The result is not discord but a fuller and freer harmony of action and intention In industrial undertakings they still have far to go but women will enter more and more into them and with happy results The professions indeed supply the keystone to the arch of woman s liberty Not the intellectual training alone which fits for them but the practical technical knowledge which must accompany their exercise puts women in a position of sure defense against fraud and imposition In the volume now given to the public the progress of women in all of these departments is presented by persons who have made each of them a special study and who have done good and helpful work in them with moreover the outlook ahead which is the important element in all labor and service The world even the American world is not yet wholly converted to the doctrine of the new womanhood Men and women who prize the ease of the status quo and the imaginary importance conferred by exemption from the necessities which prompt to active exertion often show great ignorance of all that this book is intended to teach They will aver men and women of them that women have never shown any but secondary capacities and qualities Women who take this ground often secretly flatter themselves that what they thus say of other women does not apply to themselves A speaker representing this class lately asked at a legislative hearing in Massachusetts why women did not enter the professions why they did not become healers of the sick ministers lawyers One might ask how he could escape knowing that in all of these fields so lately opened to them women are doing laborious work and with excellent results A book like the present will furnish chapter and verse to substantiate what is claimed for the attainments of women It will not indeed put an end to foolish depreciative argument based upon erroneous suppositions but it will furnish evidence to confute calumny to convince the doubtful

The Penultimate Chance Saloon Simon Brett, 2014-06-01 Soul searching was an unfamiliar exercise to Bill Stratton and he found it intriguing as well as painful He hadn't had much occasion for it in his life given that he was fairly shallow but then on the verge of his sixtieth birthday his wife told him she was leaving him for another man He'd been under the impression they had a happy marriage She assured him that for nearly forty years in fact since the second week of their honeymoon she'd known she was married to the wrong person This all came as a bit of a shock to Bill Hence the soul searching Brought up to be a responsible sort of chap and hitting young adulthood just the wrong side of the sixties Bill had not had much experience of dating or sex for that matter before he met and married Andrea Post menopausal dating might be very different to dating in your twenties or thirties but then he didn't know much about either scene Still as a mildly famous television newsreader who'd managed to hold on to most of his looks it seemed he was about to have plenty of opportunities to find out Simon Brett is the winner of The CWA Diamond Dagger 2014

Male and Female Made in God's Image Frances O'Dair, 2019-04-04 In this era of distorted ideas about our inherent roles identities and purposes as men and women it has never been as important that we seek reconciliation in marriage and families so there can be a more rational approach to the real problems the whole world suffers We must disseminate God's truth and extinguish the lies and myths that Satan has embedded into the hearts and minds of many people Building on these ideas in *Male and Female Made in God's Image* author Frances O'Dair offers her perspective on dating marriage and family which she believes reflects the experiences of most married couples before the sexual revolution of the 1960s She encourages men and women to reflect on the wise or self-serving natures of their past dating and mating choices If we can stop the reckless self-gratifying use of human sexuality with our children our

loving direction and understanding of God's truth can set them free from the temptations that have been passed down to recent generations. We must be ready to admit that sexual freedom is a myth and isn't intended for the well being of men, women, children, and the unborn. This faith inspired treatise explores the true source of happiness, meaning, and fulfilment that God has planned for everyone within the sacrament of marriage and the family circle.
