Rights Of Others Aliens Residents And Citizens

Elizabeth F. Cohen, Cyril Ghosh

Rights Of Others Aliens Residents And Citizens:

The Rights of Others Seyla Benhabib, 2004-11-25 The Rights of Others examines the boundaries of political community by focusing on political membership the principles and practices for incorporating aliens and strangers immigrants and newcomers refugees and asylum seekers into existing polities Boundaries define some as members others as aliens But when state sovereignty is becoming frayed and national citizenship is unravelling definitions of political membership become much less clear Indeed few issues in world politics today are more important or more troubling In her Seeley Lectures the distinguished political theorist Seyla Benhabib makes a powerful plea echoing Immanuel Kant for moral universalism and cosmopolitan federalism She advocates not open but porous boundaries recognising both the admittance rights of refugees and asylum seekers but also the regulatory rights of democracies The Rights of Others is a major intervention in contemporary political theory of interest to large numbers of students and specialists in politics law philosophy and international relations

An Analysis of Seyla Benhabib's The Rights of Others Burcu Ozcelik, 2018-05-14 In The Rights of Others Benhabib argues that the transnational movement of people across the globe has brought to the fore fundamental dilemmas facing liberal democracies tension between a state's commitment to universal human rights and to its sovereign self determination and its claims to regulate its national borders on the other Re conceptualises the boundaries of political membership in liberal democracies instead proposing porous borders rather than open ones and a right to just membership advocating cosmopolitan federalism in the tradition of Kant Banhabib's work goes to the heart of key issues faced in a world of forced displacement Brexit and increased protectionism

Citizenship as a Human Right Gonalo Matias, 2016-06-30 This book examines a stringent problem of current migration societies whether or not to extend citizenship to resident migrants Undocumented migration has been an active issue for many decades in the USA and became a central concern in Europe following the Mediterranean migrant crisis In this innovative study based on the basic principles of transnational citizenship law and the naturalization pattern around the world Matias purports that it is possible to determine that no citizen in waiting should be permanently excluded from citizenship Such a proposition not only imposes a positive duty overriding an important dimension of sovereignty but it also gives rise to a discussion about undocumented migration With its transnational law focus and cases from public international law courts European courts and national courts Citizenship as a Human Right The Fundamental Right to a Specific Citizenship may be applied to virtually anywhere in the world

Human Rights, Human Dignity, and Cosmopolitan Ideals Matthias Lutz-Bachmann, 2016-05-13 This book makes a significant contribution to the on going international dialogue on the meaning of concepts such as human rights humanity and cosmopolitanism The authors propose a new agenda for research into a Critical Theory of Human Rights Each chapter pursues three goals to reconstruct modern philosophical theories that have contributed to our views on human rights to highlight the importance of humanity and human dignity as a complementary dimension to liberal rights and finally to

integrate these issues more directly in contemporary discussions about cosmopolitanism The authors not only present multicultural perspectives on how to rethink political and international theory in terms of the normativity of human rights but also promote an international dialogue on the prospects for a critical theory of human rights discourses in the 21st century

Citizenship Elizabeth F. Cohen, Cyril Ghosh, 2019-07-09 Although we live in a period of unprecedented globalization and mass migration many contemporary western liberal democracies are asserting their sovereignty over who gets to become members of their polities with renewed ferocity Citizenship matters more than ever In this book Elizabeth F Cohen and Cyril Ghosh provide a concise and comprehensive introduction to the concept of citizenship and evaluate the idea s continuing relevance in the 21st century They examine multiple facets of the concept including the classic and contemporary theories that inform the practice of citizenship the historical development of citizenship as a practice and citizenship as an instrument of administrative rationality as well as lived experience They show how access to a range of rights and privileges that accrue from citizenship in countries of the global north is creating a global citizenship based caste system This skillful critical appraisal of citizenship in the context of phenomena such as the global refugee crisis South North migration and growing demands for minority rights will be essential reading for students and scholars of citizenship migration studies and democratic theory

Migrations and Mobilities Seyla Benhabib, Judith Resnik, 2009-03-01 [Nation and Citizenship in the Twentieth-Century British Novel](#) Janice Ho, 2018-03-01 *Nation and Citizenship in the Twentieth Century British Novel* charts how novelists imagined changing forms of citizenship in twentieth century Britain This study offers a new way of understanding the constitution of the nation state in terms of the concept of citizenship Through close readings it reveals how major authors such as E M Forster Virginia Woolf Elizabeth Bowen Sam Selvon Buchi Emecheta Salman Rushdie and Monica Ali presented political struggles over citizenship during key historical moments the advent of democracy the emancipation of women the rise of social welfare provision the institution of the security state during World War II and the emergence of multicultural citizenship during postwar immigration This serves as the first full length monograph to map the interrelations between literary production and public debates about citizenship that shaped Britain in the twentieth century

The Human Right to Citizenship Rhoda E. Howard-Hassmann, Margaret Walton-Roberts, 2015-07-16 *The Human Right to Citizenship* provides an accessible overview of citizenship around the globe focusing on empirical cases of denied or weakened legal rights This wide ranging volume provides a theoretical framework to understand the particular ambiguities paradoxes and evolutions of citizenship regimes in the twenty first century *Contingent Citizenship* Sandra Mantu, 2015-09-07 In *Contingent citizenship* Sandra Mantu examines the changing rules of citizenship deprivation in the UK France and Germany from the perspective of international and European legal standards In practice two grounds upon which loss of citizenship takes place stand out fraud in the context of fraudulent acquisition of nationality and terrorism in the context of national security Newly naturalised citizens and citizens of immigrant origin are mainly targeted by these

measures The resurrection of the importance attached to loyalty as the citizen's main duty towards his/her state shows that the rules on loss of citizenship are capable of expressing ideals of membership and identity while the citizenship status of certain citizens remains contingent upon meeting these ideals

Closing the Rights Gap LaDawn Haglund, Robin

Stryker, 2015-03-21 Do human rights as embodied in constitutions national laws and international agreements foster improvements in the lives of the poor or otherwise marginalized populations When where how and under what conditions Closing the Rights Gap From Human Rights to Social Transformation systematically compares a range of case studies from around the world in order to clarify the conditions under which and institutions through which economic social and cultural rights are progressively realized in practice It concludes with testable hypotheses regarding how significant transformative change might occur as well as an agenda for future research to facilitate rights realization worldwide

Human Rights and Immigration Ruth Rubio-Marín, 2014 This book examines major issues in the protection of the human rights of migrants Providing a multi jurisdictional and multi disciplinary analysis the work allows scholars human rights practitioners and activists to access current discussions in the field

Citizenship and Genocide Cards Natalie Brinham, 2024-10-30 This book draws on Rohingya oral histories and narratives about Myanmar's genocide and ID schemes to critique prevailing international approaches to legal identities and statelessness By centring the narratives of survivors of state crimes collected in the aftermath of the 2017 genocidal violence this book examines the multiple uses of state issued ID cards and registration documents in producing statelessness and facilitating genocide In doing so it challenges some of the international solutions put forward to resolve statelessness Rohingya narratives disrupt a simple linear understanding of documenting legal identity that marginalises experiences of these processes The richly layered accounts of the effects of citizenship laws and registration processes on the lives of Rohingya problematise the ways in which international actors have endorsed state ID schemes and by passed state led persecution of the group This book will be valuable for scholars studying global criminology state crime development studies refugee and migration studies statelessness and nationality citizenship studies and genocide studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution CC BY 4.0 license

Global Democracy and Exclusion Ronald Tinnevelt, Helder De Schutter, 2011-07-12 The essays in this book explore the consequences of globalization for democracy covering issues which include whether democracy implies exclusion or borders and whether it is possible to create a democracy on a global level Explores the consequences of globalization for democracy Discusses whether democracy implies exclusion or boundaries Makes sense of democracy and human rights in a globalizing world Investigates what kind of common identity can and should support forms of global democracy Presents a state of the art analysis of the foundations of global democracy

Critical Theory and Contemporary Europe William Outhwaite, 2012-12-05 Critical Theory and Contemporary Europe introduces the major contributions critical theorists made to the study of Europe from the interwar years to the present time

The work begins with theorists such as Adorno who addressed Nazism and the Holocaust then moves on to discuss the postwar affluence of capitalist Europe It proceeds to examine how critical theorists provided much of the analysis that motivated the student and youth movements of 1968 and subsequent alternative social movements Lastly it relates the development of a critical theory of state socialism looking at the works of thinkers such as Arato Offe and Habermas and how critical theory is now addressing social issues such as European xenophobia and the future of Europe This new volume in the Critical Theory and Contemporary Society series brings together critical theory and European studies in a clear accessible manner and shows the relevance of critical theory to practical political issues The Bloomsbury Companion to Arendt

Peter Gratton,Yasemin Sari,2020-10-01 Hannah Arendt's 1906-1975 writings both in public magazines and in her important books are still widely studied today She made original contributions in political thinking that still astound readers and critics alike The subject of several films and numerous books colloquia and newspaper articles Arendt remains a touchstone in innumerable debates about the use of violence in politics the responsibility one has under dictatorships and totalitarianism and how to combat the repetition of the horrors of the past The Bloomsbury Companion to Arendt offers the definitive guide to her writings and ideas her influences and commentators as well as the reasons for her lasting significance with 66 original essays taking up in accessible terms the myriad ways in which one can take up her work and her continuing importance These essays written by an international set of her best readers and commentators provides a comprehensive coverage of her life and the contexts in which her works were written Special sections take up chapters on each of her key writings the reception of her work and key ways she interpreted those who influenced her If one has come to Arendt from one of her essays on freedom or from yet another bombastic account of her writings on Adolph Eichmann or as a student or professor working in the field of Arendt studies this book provides the ideal tool for thinking with and rediscovering one of the most important intellectuals of the past century But just as importantly contributors advance the study of Arendt into neglected areas such as on science and ecology to demonstrate her importance not just to debates in which she was well known but those touched off only after her death Arendt's approaches as well as her concrete claims about the political have much to offer given the current ecological and refugee crises among others In sum then the Companion provides a tool for thinking with Arendt but also for showing just where those thinking with her can take her work today Semi-Citizenship in

Democratic Politics Elizabeth F. Cohen,2009-10-26 In every democratic polity there exist individuals and groups who hold some but not all of the essential elements of citizenship Scholars who study citizenship routinely grasp for shared concepts and language that identify forms of membership held by migrants children the disabled and other groups of individuals who for various reasons are neither full citizens nor non citizens This book introduces the concept of semi citizenship as a means to dramatically advance debates about individuals who hold some but not all elements of full democratic citizenship By analytically classifying the rights of citizenship and their various combinations scholars can typologize semi citizens and

produce comparisons of different kinds of semi citizenships and of semi citizenships in different states The book uses theoretical analysis historical examples and contemporary cases of semi citizenship to illustrate how normative and governmental doctrines of citizenship converge and conflict making semi citizenship an enduring and inevitable part of democratic politics

Human Rights Unbound Lea Raible, 2020-05-03 This book explores to what extent a state owes human rights obligations to individuals outside of its territory when the conduct of that state impacts upon the lives of those individuals It draws upon legal and political philosophy to develop a theory of extraterritoriality based on the nature of human rights merging accounts of economic social and cultural rights with those of civil and political rights Lea Raible outlines four main arguments aimed at changing the way we think about the extraterritoriality of human rights First she argues that questions regarding extraterritoriality are really about justifying the allocation of human rights obligations to specific states Second the book shows that human rights as found in international human rights treaties are underpinned by the values of integrity and equality Third she shows that these same values justify the allocation of human rights obligations towards specific individuals to public institutions including states that hold political power over those individuals And finally the book demonstrates that title to territory is best captured by the value of stability as opposed to integrity and equality On this basis Raible concludes that all standards in international human rights treaties that count as human rights require that a threshold of jurisdiction understood as political power over individuals is met The book applies this theory of extraterritoriality to explain the obligations of states in a wide range of cases

Redeeming Autonomy Christopher J. Insole, Benjamin R. DeSpain, 2025-06-26 What can theology offer philosophical discussions of autonomy In this distinctive collection of essays Insole and DeSpain lead a cadre of academics from across the world in answering this question In doing so they challenge the narrow conception of liberalism that has characterised much of the discussion around autonomy The contributions disrupt traditional methodologies by starting with analyses of urgent and concrete situations where the concept of autonomy is employed misappropriated or even challenged These scenarios include essays on trauma transgender issues disability and end of life debates This volume also explores broader political issues that relate to autonomy such as democracy the economy and migration Each chapter maintains a focused concern with social justice whilst demonstrating how a religious dimension can expand our understanding of the concept of autonomy This is sure to be a valuable resource for any theologians philosophers or intellectual historians looking to view autonomy from a fresh and contemporary angle

Citizenship and Its Discontents Niraja Gopal Jayal, 2013-02-15 The idea of citizenship in India has evolved from legal status to rights to identity over the past century Early optimism for a true republic of equals is challenged today Once seen as an anomaly India is where every major theoretical debate about citizenship is being enacted and a place no global discussion of citizenship can afford to ignore

Human Rights and Ethics: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2014-09-30 In today s increasingly interconnected and global society the

protection of basic liberties is an important consideration in public policy and international relations Profitable social interactions can begin only when a foundation of trust has been laid between two parties Human Rights and Ethics Concepts Methodologies Tools and Applications considers some of the most important issues in the ethics of human interaction whether in business politics or science and technology Covering issues such as cybercrime bioethics medical care and corporate leadership this four volume reference work will serve as a crucial resource for leaders innovators educators and other personnel living and working in the modern world

Rights Of Others Aliens Residents And Citizens Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rights Of Others Aliens Residents And Citizens has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rights Of Others Aliens Residents And Citizens has opened up a world of possibilities. Downloading Rights Of Others Aliens Residents And Citizens provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rights Of Others Aliens Residents And Citizens has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rights Of Others Aliens Residents And Citizens. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rights Of Others Aliens Residents And Citizens. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rights Of Others Aliens Residents And Citizens, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rights Of Others Aliens Residents And Citizens has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rights Of Others Aliens Residents And Citizens Books

What is a Rights Of Others Aliens Residents And Citizens PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rights Of Others Aliens Residents And Citizens PDF?**

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rights Of Others Aliens Residents And Citizens PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rights Of**

Others Aliens Residents And Citizens PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rights Of Others Aliens Residents And Citizens PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
