This fascinating massive wide ranging collection that editors Christopher K Coffman and Daniel Lukes have gathered together into *William T Vollmann A Critical Companion* will soon be recognized as one of those rare critical books for which that egregiously overused term groundbreaking is fully justified Larry McCaffery from the preface of *William T Vollmann A Critical Companion* The essays in this collection make a case for regarding William T Vollmann as the most ambitious productive and important living author in the US His oeuvre includes not only outstanding work in numerous literary genres but also global reportage ethical treatises paintings photographs and many other productions His reputation as a daring traveler and his fascination with life on the margins have earned him an extra literary renown unequalled in our time Perhaps most importantly his work is exceptional in relation to the literary moment Vollmann is a member of a group of authors who are responding to the skeptical ironies of postmodernism with a reinvigoration of fiction's affective possibilities and moral sensibilities but he stands out even among this cohort for his prioritization of moral engagement historical awareness and geopolitical scope Included in this book in addition to twelve scholarly critical essays are reflections on Vollmann by many of

his peers confidantes and collaborators including Jonathan Franzen James Franco and Michael Glawogger With a preface by Larry McCaffery and an afterword by Michael Hemmingson this book offers readings of most of Vollmann s works includes the first critical engagements with several key titles and introduces a range of voices from international Vollmann scholarship      **Rising Up and Rising Down** William T. Vollmann,2003 **Someone Has to Care** Christian Scharen,2021-11-08 Welcome to this exploration of the Roots of hip hop The roots of hip hop as in the Roots a story of one of the most enduring multi talented and successful groups of the past thirty years in any genre and the story of the roots of hip hop that is the

story of hip hop a musical culture born in New York's South Bronx during the 1970s Alongside the two hip hop stories I tell here I also tell the story about what God has to do with the Roots of hip hop a theological story if you will I describe how in the process of becoming one of the most creative faith rooted voices in music today the Roots developed a calling as artists And I do this in part to say that you too can discover and live your prophetic calling You can't help but be inspired by the Roots Yet the best result of that is that you become inspired to be your most playful passionate purposeful prophetic self in the world around you

*Are We Postmodern Yet?* Reinhold Kramer, 2019-11-08 In this book Reinhold Kramer explores a variety of important social changes including the resistance to objective measures of truth the rise of How I Feel ethics the ascendancy of individualism the immersion in cyber simulations the push toward globalization and multilateralism and the decline of political and religious faiths He argues that the displacement since the 1990s of grand narratives by ego based narratives and small narratives has proven inadequate and that selective adherence pluralist adaptation and humanism are more worthy replacements Relying on evolutionary psychology as much as on Charles Taylor Kramer argues that no single answer is possible to the book title's question but that the term postmodernity referring to the era not to postmodernism still usefully describes major currents within the contemporary world

*James Agee in Context* Michael A. Lofaro, 2023-01-17 It's difficult to overestimate the impact of the many new works by James Agee uncovered and published in the last twenty years These previously unknown primary works have in turn encouraged a parallel explosion of critical evaluation and reevaluation by scholars to which *James Agee in Context* is the latest contribution This superb collection from well known James Agee scholars features myriad approaches and contexts for understanding the author's fiction poetry journalism and screenwriting The essays bring the reader from the streets of James Agee's New York to travel with the author from Alabama to Hollywood to Havana Contributors explore overlapping and sometimes unique subjects themes and accomplishments or lack thereof in Agee's uncovered works and highlight the diversity of interest that Agee's complete body of work inspires The insightful scholarship on influence examines connections between Agee and Wright Morris Helen Levitt John Dos Passos Ernest Hemingway and Stephen Crane Such juxtapositions serve to illustrate how Agee drew on literary influences as a young man how he used his work as a journalist to craft fiction as he was about to turn thirty and his influence upon others The volume concludes with three poems and a short story by Agee all previously unknown It seems astonishing that so much remains to be discovered about this protean author his materials and his circle Yet the recovery and analysis of neglected texts and information mined from newspapers and magazines proves the extent to which Agee kept his mind and his work as he himself put it patiently concentrated upon the essential quietudes of the human soul
