Hall, 2022-06-16 This book explores the various psychosocial sociocultural and contextual factors that affect the sexual health of Black students who attend Historically Black Colleges and Universities HBCUs and how this environment can help develop strategies to improve sexual health outcomes for its students The college environment provides young people with a new sense of independence self determination and peer pressure to engage in risky sexual behaviors and research has shown that Black students at HBCUs bear a disproportionate burden of poorer sexual health outcomes than students at predominately white institutions PWIs Uniquely focusing on the sexual milieu of Black students Hall Byers explains why a better understanding of these settings is needed to guide successful interventions that benefit and support the sexual health of Black students Chapters compare data and research on sexual health outcomes of young Black men and women in comparison to those at predominately white institutions as well as looking at the role of HBCU campus contexts and cultures the potential psychosocial and sociocultural influences what culturally responsive approaches may look like and recommendations on how HBCU campuses can increase positive sexual health such as through access collaborative efforts among administrative offices and reallocating resources Sexual Health and Black College Students aims to advance the

translation of culturally grounded research into effective practice and is essential reading for researchers and practitioners in sex therapy public health and social science as well as for college health staff including nurses student affairs and campus wellness centers

*Social Determinants of Health Among African-American Men* Henrie M. Treadwell, Clare Xanthos, Kisha B. Holden, 2012-09-20 This groundbreaking book applies the concept of social determinants of health to the health of African American men While there have been significant efforts in recent years to eliminate health disparities serious disparities continue to exist especially with regard to African American men who continue to suffer disproportionately from poor health when compared to other racial ethnic and gender groups in the United States This book covers the most important issues relating to social determinants of health and also offers viable strategies for reducing health disparities

Substance Abuse Prevention Kar Snehendu, 2020-06-10 In thirteen chapters twenty four authors share their analyses concerns and conclusions in several domains including the meaning and dynamics of multiculturalism affecting prevention intervention relative risks and knowledge gaps across ethnic groups social trends affecting health risks and substance abuse lessons learned from substance abuse research and prevention role of the media promises and limits of the new public health paradigm for assessment policy development assurance of preventive services and social action and empowerment for prevention in partnership with the public

**Historically Black Colleges and Universities** M. Gasman, 2008-12-08 Historically Black colleges and universities play a vital role in the education of African Americans in the United States For nearly 150 years these institutions have trained the leadership of the Black community graduating the nation's African American teachers doctors lawyers and scientists Despite the wealth of new research on Black colleges there are topics that remain untouched and accomplishments that go unnoticed by the scholarly community The chapters in this edited volume focus on topics that deserve further attention and that will push students scholars policymakers and Black college administrators to reexamine their perspectives on and perceptions of Black colleges

*Knowledge of Hiv Transmission and Sexual Behavior Among Zimbabwean Adolescent Females in Atlanta, Georgia* Loveness Mabhunhu, 2013-10-16 It is universally agreed that HIV AIDS constitutes one of the most serious threats to human life in our era The immigration of Zimbabwean people into America plays a major role in the socialization of Zimbabwean adolescents Zimbabwean adolescents are exposed to the Western culture of sexual socialization which is different from the African culture The social bonds and traditions that used to shape Zimbabwean young peoples behavior and help them make the transition to adulthood have weakened in the face of migrating to Western countries The main problem is the transition and loss of cultural identity that affect Zimbabwean adolescents knowledge of HIV AIDS transmission and sexual behavior

**AIDS, Identity, and Community** Gregory M. Herek, Beverly Greene, 1995-05-09 HIV alters the lives of anyone that it touches whether they are gay or straight This book looks at all of the aspects of how HIV AIDS has altered the lives of those it touches The titles of the 12 chapters give an excellent overview of what is covered in these extremely well written reports This is a must read book for everyone It should be in all libraries

including school libraries Young adolescents who are facing the problem of coming out would benefit from this book AIDS Book Review Journal Hit hard by the AIDS epidemic in the United States and in much of Europe the gay and lesbian community has been forced to examine existing notions of what it means to belong to a community based on sexual orientation The editors of this second volume in the annual series Psychological Perspectives on Lesbian and Gay Issues have collected a perceptive array of chapters that explore sexual behavior personal identity and community memberships of gay men and lesbian women With the exception of a few the chapters reflect study findings from AIDS related research and include discussions of AIDS in large urban centers and in less populated settings outside of major AIDS epicenters Focusing on underconsidered AIDS populations the contributors explore specific topics concerning the AIDS epidemic among gay and bisexual men of color lesbian women and gay and lesbian youth Accessible and sensitive the book also examines relevant public policy volunteerism and long term survival as important to AIDS awareness and education AIDS Identity and Community is an appreciable resource for AIDS researchers and caregivers mental health practitioners social service professionals behavioral and social science students and any reader who seeks deeper insight into the complex and subtle areas of the lesbian and gay community in the AIDS era **HIV/AIDS in the Post-HAART Era** John C. Hall, Brian John Hall, Clay J. Cockerell, 2011 The science of the virus and its effects and the clinical approaches to its treatment and transmission prevention are placed in the context of the history and epidemiology of the HIV AIDS pandemic Each organ system of the body is explored as to manifestations of the disease treatment now and in the future as well as what the disease has taught us about the immune response The science of epidemiology which is so important in allowing for tracking of the disease and potential limitation of transmission is another aspect of AIDS explored in detail The pandemic manifests differently in different parts of the world and the relevance of the volume is enhanced by its international group of contributors No other text provides the historical and epidemiological context of this disease along with an update of diagnosis and treatment The underlying science and epidemiology of AIDS are not neglected so the student or clinician who is treating patients with AIDS can gain a full understanding of HIV AIDS in individual patients and in their communities

In Changing Times Martin P. Levine, Peter M. Nardi, John H. Gagnon, 1997-08-18 The HIV AIDS epidemic has been a major catastrophe for gay communities In less than two decades the disease has profoundly changed the lives of gay men and lesbians Not just a biological and viral agent HIV has become an opportunistic social invader reshaping communities and the distribution of wealth altering the social careers of gay professionals and the patterns of entry into gay and lesbian life and giving birth to groups like ACT UP and Queer Nation The distinguished contributors to this volume discuss the ways HIV AIDS has changed collective and individual identities as well as lives of gay men and lesbians and how these alterations have changed our perceptions of the epidemic They cover such topics as the impact of the epidemic on small towns cultural barriers to AIDS prevention gay youth and intergenerational relations and the roles of lesbians in AIDS organizations This

collection provides compelling insights into the new communities among gay men and lesbians and the new kinds of identities and relationships that are emerging from the social and cultural ferment engendered by HIV AIDS Contributors include Barry D Adam Lourdes Arguelles Rafael Miguel Diaz John H Gagnon Gilbert Herdt Gregory M Herek Nan D Hunter Peter M Nardi John L Peterson Anne Rivero Gayle S Rubin Beth E Schneider and Nancy E Stoller *African American Psychology* Faye Z. Adolescent Health Ralph J. DiClemente,John S. Santelli,Richard

Crosby, 2009-06-02 This book covers the developmental and health problems unique to the adolescent period of life. It focuses on special needs and public health programs for adolescents. It offers deep insight into smoking, violence, teen pregnancy, HIV, AIDS, and other problems along with intervention and prevention strategies. Anyone serious about improving adolescent health should read this book. It spans theoretical and developmental constructs, summaries of evidence-based interventions for adolescent risk behaviors, metrics, and policy recommendations.

S. Jean Emans MD, chief, Division of Adolescent Medicine and Robert Masland Jr, chair, Adolescent Medicine, Children's Hospital Boston and professor of pediatrics, Harvard Medical School. This is the one single text that students can use to study adolescent health. It includes contributions from many of the world's most accomplished researchers to provide learners with cutting edge information to make the study of adolescence understandable and applicable in practical settings.

Gary L. Hopkins MD, DrPH, associate research professor and director, Center for Prevention Research and director, Center for Media Impact Research, Andrews University. This textbook presents an excellent balance in weighing the evidence from the risk and the resilience literature, incorporating research in racially and ethnically diverse populations.

Renée R. Jenkins MD, FAAP, professor, Department of Pediatrics and Child Health, Howard University College of Medicine. This is an engaging, thorough, and thought-provoking statement of our knowledge about adolescence.

Wendy Baldwin PhD, director, Poverty, Gender, and Youth Program, Population Council.
