Methuselahs Secret:

Methuselah's Hidden Antediluvian Abridgement James Hendershot, 2014-10-14 Too much of humanity's history might have been lost through the great flood which mercifully rendered humankind another chance to dwell on the Earth. This fictional account through Methuselah begins with the creation of the two Earths and follows Adam through his multiple wives torn by sons who murder each other. His remaining sons divide into tribes separated by their relationship with the creator. Nonetheless, wickedness rose in Seth's tribe while righteousness comes forth from Cain's seed. Eve rewards Irad after he avenges the murder of his mother who was a favored stepdaughter of Eve. Eve rewards Irad with three of her cherished daughters. They launch a new homeland beyond the two established borders and through their faith in the God of Adam find favor with the Ancient One who reestablishes his covenant with a descendant of Habil. Cain, Lilith, and several of her daughters bond with Duci, one of Irad's wives, exploring the wild, unsettled bulk of Pangaea lands beyond the invisible border which protects humanity from the hungry dinosaurs living in the open wilderness. Duci, with help from the Nephilim, build the foundations for their two new cities and multiple temples. Irad's tribe sails on secret ships to the southern hemisphere and build a Holy nation serving the Ancient One. Enoch settles his small family on a mountaintop protected by angels as humanity falls into the final stage of wickedness. Irad and his wives end their long fruitful lives; nevertheless, they watch from heaven as the vast majority of their family chose to follow their own gods and disown the Ancient One. Just three young men who must sail to a distant island with their wives remain servants of the Ancient One. Noah builds a giant rectangle ship, boarding his sons and many wild animals, saving them through a large flood. Avram sails through the flood with his small group while watching death consume the lands.

The Methuselah Conspiracy P.E. Peterson, 2006-11-28 The Methuselah Conspiracy is a jet setting international sequel to the first suspense work of fiction, The Chatelaine Connection. The same main character, Cyrus MacKenna, a horse breeder and legendary Interpol agent, is again teamed up with his granddaughter, Emma Gray Llewelyn, English Barrister, and her husband, Carlos Esteves, Director of Interpol's Northern European Bureau. The mystery around the research Carruchi performed on Emma in the Chatelaine case was never completely revealed. Cyrus' amnesia prevented him from remembering the kind of research Dr. Ennio Carruchi performed on Emma until he remembered. Marcus Rudolphi bragged to him that he and Emma had a child. Knowing Emma never bore a child, he must discover whose child is she. Why is the terrorist organization Alliance searching for this same child? The au pair has kept the child hidden from Alliance, Interpol, and the House of Chaos. Cyrus alone discovers information where the child could be. Alliance plans to eradicate all obstacles in order to locate this special child, meaning the deaths of Cyrus MacKenna and Carlos Esteves, but not Emma. The secret, sophisticated terror faction infiltrates the anticrime organizations involved, leaving only five agents to carry on the search. Abigail Monterrey and Noah Helm are American CIA and FBI agents sent to British NSA. Emma hires Zackary Judd as her new Private Investigator when, in fact, Zack's real job is to keep Emma safe from Alliance. Information comes to

Zack that someone he thought dead is still alive and complicating his job to keep Emma out of harm's way The story begins in France and moves to the Netherlands where a spectacular confrontation unravels the plot The reader will learn who and what is the Methuselah Conspiracy in a dramatic twist of fate *New Methuselahs* John K. Bernard Shaw,1922 The Methuselah Solution William O. Harris III,2000-11-06 As the prison population grows exponentially in the U S today writer Bill Harris has captured the politics of the prison system and found a revolutionary answer in his futuristic novel *The Methuselah Solution* One of the story's two protagonists Dr Cynthia Turner is a rising star at the Institute where she supervises the administration of a new form of alternative sentencing an aging serum developed to replace multiple years of costly confinement with the injection of a drug that rapidly ages convicted felons to their prescribed sentence The serum is a favorite with politicians but the bane of powerful companies long profiting from the spiraling expansion of prison construction The serum is in its sixth year of use when the problems start A time when prisons have become a place where aged felons can readjust to life with weaker bones slower pulses and mottled minds Except for the antagonist Joshua Howard A career criminal Joshua is clever attractive self righteous and has been sentenced to be aged twenty years for embezzlement Dr Turner watches with a mixture of awe and horror as Joshua is over aged thirty years leaving his body far weaker than his spared mind Dr Turner and her boss Dr Kenneth Lambert attempt to deal with Joshua and another prisoner Patricia Bennett a former Olympic Gymnast who killed her husband while responding to the encouragement of her dead father The Institute is now faced with the epic task of confronting Patricia's Olympic strength and the determination of Joshua's contempt and rage What happens inside the underground prison throughout the story would remain as silent and deadly to the population of Texas as the Ebola virus was to Reston Virginia except for the disorganized attempts of the second protagonist Alexis Troutman Alex is a local reporter who has begun to oppose the use of the aging serum and attempts to enlist Dr Turner's help to rectify the prison's problems The Institute is racing to develop an antidote to counteract over aging reactions the only problem is that Joshua gets to the antidote first The apocalyptic conclusion explodes when Alex enters the Institute as Joshua and Patricia embark on a reign of terror and vengeance after securing the antidote

The Methuselah Project Chris Petersen,2010-08-18 Dr Hank Rison has discovered a way to stop the aging process in humans He knows this because he has tried it and it is working The entities who fund his research suspect he is holding back on the results and Hank is convinced they are watching his every move Somebody wants the drug and they are willing to employ desperate measures to get what they want When Hank dies mysteriously his best friend Franklin Stone vows to discover why and how Hank died Was it murder or an accident At first there are too many suspects and too few answers As Stone slowly unravels the twists and turns it becomes apparent that there are more bad guys and more twists to the mystery than anyone imagined *Methuselah's Daughter* John Eddy,Dean Esmay,2006 Zsallia Marieko is a solitary immortal very much the pagan barbarian at heart but tempered by her centuries amongst a growing Christian influence in Western Europe Her tale is by turns pathetic endearing unnerving and horrifying as the reader witnesses her climb from nameless slave to terrifying goddess then her plunge into murderous insanity until she emerges humbled and remade all this in just her first

1500 years Concomitant with that tale is the modern narrative where Zsallia is forced to confront what it means to cease living outside society and join the world around her to take up the benefits and responsibilities of living openly and asking people to simply accept who and what she is

The Methuselah Project Rick Barry, 2015-09-24 Nazi scientists started many experiments One never ended Roger Greene is a war hero Raised in an orphanage the only birthright he knows is the feeling that he was born to fly Flying against the Axis Powers in World War II is everything he always dreamed until the day he is shot down and lands in the hands of the enemy When Allied bombs destroy both his prison and the mad genius experimenting on POWs Roger survives Within hours his wounds miraculously heal thanks to those experiments The Methuselah Project is a success but this ace is still not free Seventy years later Roger hasn't aged a day but he has nearly gone insane This isn't Captain America just a lousy existence only made passable by a newfound faith The Bible provides the only reliable anchor for Roger's sanity and his soul When he finally escapes there's no angelic promise or personal prophecy of deliverance just confusion It's 2015 and the world has become an unrecognizable place Katherine Mueller crack shot genius and real Southern Belle offers to help him find his way home Can he convince her of the truth of his crazy story Can he continue to trust her when he finds out she works for the very organization he's trying to flee Thrown right into pulse pounding action from the first page readers will find themselves transported back in time to a believable full colored past and then catapulted into the present once more The historical back and forth adds a constantly moving element of suspense to keep readers on the edge of their seats
