M. Langley, 2013-07-02 This is the true story of the men behind the great escapes from Europe of WWII **MI9** MRD Foot, 2020-02-11 Many of the most famous escapes in history took place during the Second World War These daring flights from Nazi occupied Europe would never have been possible but for the assistance of a hitherto secret British service MI9 This small dedicated and endlessly inventive team gave hope to the men who had fallen into enemy hands and aid to resistance fighters in occupied territory It sent money maps clothes compasses even hacksaws and in return coded letters from the prisoner of war camps and provided invaluable news of what was happening in the enemy s homeland Understaffed and under resourced MI9 nonetheless made a terrific contribution to the Allied war effort First published in 1979 this book tells the full inside story of an extraordinary organisation **MI 9** Michael R. D. Foot, James M. Langley, 1975 **MI9** Michael R. D. Foot, 2011 MI 9 Michael R. D. Foot, James M. Langley, 1979 **MI 9: the British Secret Service that Fostered Escape and Evasion, 1939-1945, and Its American Counterpart** Michael Richard Daniel Foot, **MI9** Helen Fry, 2020-10-27 A thrilling history of MI9 the WWII organization that engineered the escape of Allied forces from behind enemy lines When Allied fighters were trapped behind enemy lines one branch of military intelligence helped them escape MI9 The organization set up clandestine routes that zig zagged across Nazi occupied Europe enabling soldiers and airmen to make their way home Secret agents and resistance fighters risked their lives and those of their families to hide the men Drawing on declassified files and eye witness testimonies from across Europe and the United States Helen Fry provides a significant reassessment of MI9 s wartime role Central to its success were figures such as Airey Neave Jimmy Langley Sam Derry and Mary Lindell one of only a few women parachuted into enemy territory for MI9 This astonishing account combines escape and evasion tales with the previously untold stories behind the establishment of MI9 and reveals how the organization saved thousands of lives The Hidden Army - MI9's Secret Force and the Untold Story of D-Day Matt Richards, 2018-07-05 Almost seventy five years ago MI9 dreamt up the most audacious escape and evasion plan of World War Two Formulated by Airey Neave one of the first men ever to escape from Colditz this plan was one of subterfuge concealment and deception on a scale never seen before With numerous downed RAF and Allied pilots on the run in Europe and with the fabled Comete Escape Line having been infiltrated by double agents Neave s plan was to hide these men right under the very noses of the Nazis rather than risk repatriation Choosing a forest in the heart of France right next to one of the German Army s largest ammunition bases Neave Belgian agents and the French Resistance would secretly transport and hide Allied pilots and soldiers within feet of the enemy Nobody thought it would

work but such was the success of the secret camp that a whole community of over one hundred and fifty Allied escapers lived within the forest for three months in the run up to D Day Despite numerous close shaves they were never discovered and this outrageous plan brilliant in its simplicity saw the Allied evaders make their home in the forest cooking and hunting to survive and even setting up a golf course in the forest using branches for clubs without discovery This operation remained absolutely secret to the point that the inhabitants of the villages surrounding the forest were unaware until the end of the existence of that allied force so close to them Told through interviews with evaders members of the Resistance and the children charged with smuggling food into the forest this book tells the compelling story of one of the most audacious operations in World War Two A story that has until today remained as secret as the Hidden Army of Freteval **Kill the Fuhrer** Denis Rigden,2011-11-08 During the Second World War Britain s top secret Special Operations Executive plotted to assassinate Hitler A small department of SOE known as Section X had the tantalisingly complex task of investigating how when and where their plan could be executed The section also plotted the killing of Goebbels Himmler and other selected members of Hitler s inner circle Only Section X and a handful of other SOE staff had any knowledge of these projects codenamed Operation Foxley and Operation Little Foxleys As history has shown these schemes turned out to be pipe dreams Even so Section X renamed the German Directorate in 1944 made a huge contribution to the Allied war effort through their organised sabotage and clandestine distribution of black propaganda Denis Rigden describes Section X s efforts to discover as much as possible about the intended assassination targets and questions whether a successful Operation Foxley would have helped or hindered the Allied cause Based on top secret documents and private sources and illustrated with archive photographs *Kill the Fuhrer* is an intriguing insight into the shadowy world of Britain s wartime secret services *Shot Down and on the Run* Graham Pitchfork,2017-07-27 Thousands of airmen shot down over enemy soil between 1940 and 1945 miraculously escaped capture This compelling narrative reveals their stories based on first hand interviews photographs and official documents featuring heroes from Britain Canada Australia and other Commonwealth countries These men knew extreme adversity hunger thirst injury isolation and the constant fear of capture They also knew great kindness from the local people who risked everything to help them Their journeys to safety often across savage terrain tested human endurance and ingenuity to the very limit *Ike the Soldier* Merle Miller,2018-04-24 From the bestselling author of *Plain Speaking* and *Lyndon* comes this vivid and consistently absorbing record of Dwight D Eisenhower s military career Kirkus Reviews Bringing together thousands of hours of interviews with the men and women who were closest to him Merle Miller has constructed a revealing and personal biography of the man who would become the supreme commander From his childhood in Kansas to West Point World War I and Europe where he led the Allied Forces to a hard won victory in World War II *Ike the Soldier* goes behind the historic battles and into the heart and mind of Ike Eisenhower Miller has crafted the defining biography on the life of the thirty fourth president bringing more depth to the man many thought they knew His strained relationships with his father

brothers and son are brought into focus as well as his love affair with his wife Mamie and his relationship with Kay Summersby his driver turned companion and confidante during WWII An informed and balanced tribute to a world class leader whose remarkable character gains greater luster with the passage of time Kirkus Reviews This is a highly enjoyable look at Ike s personal and official relationships with the people most important to him during the first 55 years of his life including family Army and Allied colleagues and heads of state Publishers Weekly Women in Intelligence Helen Fry,2023-10-17 A groundbreaking history of women in British intelligence revealing their pivotal role across the first half of the twentieth century From the twentieth century onward women took on an extraordinary range of roles in intelligence defying the conventions of their time Across both world wars far from being a small part of covert operations women ran spy networks and escape lines parachuted behind enemy lines and interrogated prisoners And back in Bletchley and Whitehall women s vital administrative work in MI offices kept the British war engine running In this major panoramic history Helen Fry looks at the rich and varied work women undertook as civilians and in uniform From spies in the Belgian network La Dame Blanche knitting coded messages into jumpers to those who interpreted aerial images and even ran entire sections Fry shows just how crucial women were in the intelligence mission Filled with hitherto unknown stories Women in Intelligence places new research on record for the first time and showcases the inspirational contributions of these remarkable women

Prisoners of the Castle Ben Macintyre,2022-09-13 NEW YORK TIMES BESTSELLER The entertaining and often moving account The Wall Street Journal of the remarkable POWs whose relentlessly creative attempts to escape a notorious Nazi prison embodied the spirit of resistance against fascism from the author of *The Spy and the Traitor* Macintyre has a knack for finding the most fascinating story lines in history David Grann author of *The Wager* and *Killers of the Flower Moon* In this gripping narrative Ben Macintyre tackles one of the most famous prison stories in history and makes it utterly his own During World War II the German army used the towering Colditz Castle to hold the most defiant Allied prisoners For four years these prisoners of the castle tested its walls and its guards with ingenious escape attempts that would become legend But as Macintyre shows the story of Colditz was about much more than escape Its population represented a society in miniature full of heroes and traitors class conflicts and secret alliances and the full range of human joy and despair In Macintyre s telling Colditz s most famous names like the indomitable Pat Reid share glory with lesser known but equally remarkable characters like Indian doctor Birendranath Mazumdar whose ill treatment hunger strike and eventual escape read like fiction Florimond Duke America s oldest paratrooper and least successful secret agent and Christopher Clayton Hutton the brilliant inventor employed by British intelligence to manufacture covert escape aids for POWs *Prisoners of the Castle* traces the war s arc from within Colditz s stone walls where the stakes rose as Hitler s war machine faltered and the men feared that liberation would not come soon enough to spare them a grisly fate at the hands of the Nazis Bringing together the wartime intrigue of his acclaimed *Operation Mincemeat* and keen psychological portraits of his bestselling true life spy stories Macintyre has
