**MIAs** Jeanne M. Lesinski,1998-12-02 MIAs addresses an issue that is both timeless and timely Many families of those missing in action in Vietnam have not given up hope of learning the truth about their loved ones This volume provides an overview of issues related to U S soldiers missing in action from the Vietnam conflict along with background on MIAs POWs from pre Vietnam conflicts Topics include imprisonment and release of MIAs efforts of the U S government and civilian organizations to determine their fate and the effect the MIA controversy has had on diplomatic relations between the United States and Vietnam A Reference Handbook of the Medical Sciences Albert Henry Buck,1887 A Reference Handbook of the Medical Sciences Embracing the Entire Range of Scientific and Practical Medicine and Allied Science ,1902 A Reference Handbook of the Medical Sciences Embracing the Entire Range of Scientific and Allied Sciences Albert Henry Buck,1902 Grunts Kyle Longley,2015-01-28 This book provides a fresh approach to understanding the American combat soldier s experience in Vietnam It integrates such topics as the political culture the experiences of training the actual Vietnam experience and the homecoming and offers a remarkable overview of the 870 000 grunts who bore the brunt of the fighting in the jungles and highlands of South Vietnam and eventually Cambodia and Laos The book addresses many of the stereotypes of the Vietnam combat veteran that have been perpetrated in popular culture and also considers how Vietnam veterans have been commemorated through memorials and other means and how the veterans remember each other The coverage also includes women who served in or near the front lines as well as on the home front The author draws on memoirs and oral histories including his personal interviews with veterans but the book conveys a picture of the Vietnam combat soldier s experience far more powerful than what individual memoirs can provide *The Remains of War* Thomas M. Hawley,2005-07-13 An exploration of how US efforts to sacralize and repatriate the remains of some 2 000 soldiers killed in action in the Vietnam War might indicate some lingering corporeal and ontological uncertainties in the post Vietnam era Branham Automobile Reference Book ,1926 *Supplement to Vietnam 1964-1973* ,2005 *Vietnam and the United States* Le Thuy Trang,2021-12-27 This book examines the unfolding new relationship between Vietnam and the United States US since the end of the Cold War discussing how the relationship has emerged as one of the most intriguing facets of the regional geopolitical landscape and how the two countries turned from staunch adversaries to partners within the span of four decades after the end of the Vietnam War It explains in particular the interplay between international relations factors such as the US rivalry with China and domestic factors in both countries which the book argues are crucial to understanding the changing relationship Overall the book provides many insights into Vietnamese foreign policy and a rich context for those seeking to understand the prospects of closer Vietnam US ties or actually trying to broaden the vistas of bilateral cooperation between Hanoi and Washington Salvage Krisna Uk,2016-10-11 In *Salvage* Krisna Uk draws on extensive research in a Cambodian village she calls Leu to provide a unique ethnography of the Jorai an ethnic minority group that lives in Vietnam

and in the most heavily bombed region of northeast Cambodia The Jorai inhabit a remote region largely beyond the reach of the nation state but have suffered the devastating effects of battles between and within states Uk focuses on the experience of a Jorai community that experienced violent and protracted international and domestic conflicts the Vietnam War and the Khmer Rouge regime These conflicts had enduring effects on the community s moral fabric the villagers activities and the physical and spiritual environments with which they engage daily Uk s ethnography is an exploration of a resilient communal life that refuses to surrender its integrity to the blind destructive forces of modern aerial warfare and that struggles to come to terms with the unintelligible violence unleashed by Cambodia s revolutionary movement It examines the destructive power and enduring harm that explosive remnants of war inflict on the human body and the social relations But it also reveals how the local Jorai villagers turn these treacherous and fatal products of foreign technology into precious subsistence items as well as aesthetic and ritualistic objects that will take the souls of the dead on their journey to a better life Uk demonstrates how the Jorai of Leu can through their creative and traditional labor revive the legend of the formidable Jorai warriors by transforming deadly modern weapons into their own war trophies *Supplement to Vietnam 1964-1973* Elwood L.
