Michael Osborn on Metaphor and Style Michael Osborn, 2018-07-01 This volume features two dimensions of Michael Osborn's work with rhetorical metaphor The first focuses on his early efforts to develop a conception of metaphor to advance the understanding of rhetoric while the second concerns more recent efforts to apply this enriched conception in the analysis and criticism of significant rhetorical practice The older emphasis features four of Osborn's more prominent published essays revealing the personal context in which they were generated their strengths and shortcomings and how they may have inspired the work of others His more recent unpublished work analyzes patterns of metaphor in the major speeches of Demosthenes the evolution of metaphors of illness and cure in speeches across several millennia the exploitation of the birth death rebirth metaphor in Riefenstahl's masterpiece of Nazi propaganda Triumph of the Will and the contrasting forms of spatial imagery in the speeches of Edmund Burke and Barack Obama and what these contrasts may portend

Zoo Talk Patricia G. Patrick, Sue Dale Tunnicliffe, 2012-09-29 Founded on the premise that zoos are bilingual that the zoo in the shape of its staff and exhibits and its visitors speak distinct languages this enlightening analysis of the informal learning that occurs in zoos examines the speech of exhibits and staff as well as the discourse of visitors beginning in the earliest years Using real life conversations among visitors as a basis for discussion the authors interrogate children's responses to the exhibits and by doing so develop an informal learning model and a zoo knowledge model that prompts suggestions for activities that classroom educators can use before during and after a zoo visit Their analysis of the visitor voice informs creative suggestions for how to enhance the educational experiences of young patrons By assessing visitors' entry knowledge and their interpretations of the exhibits the authors establish a baseline for zoos that helps them to refine their communication with visitors for example in expanding knowledge of issues concerning biodiversity and biological conservation The book includes practical advice for zoo and classroom educators about positive ways to prepare for zoo visits engaging activities during visits and follow up work that maximizes the pedagogical benefits It also reflects on the interplay between the developing role of zoos as facilitators of learning and the ways in which zoos help visitors assimilate the

knowledge on offer In addition to being essential reading for educators in zoos and in the classroom this volume is full of insights with much broader contextual relevance for getting the most out of museum visits and field trips in general
