Hoag, 2020-09-12 They called Michael Jackson the King of Pop. He out-sold Elvis and every other performer of the past fifty years. His story is one of success, heartbreak and loneliness, extreme high and terrible lows. He was accused of being a child pedophile. He was called every name the press could think of. His life was not a happy one, but he rose above it all and became one of the most beloved performers of the past hundred years. Michael Jackson started out singing with his brothers The Jackson Five, eventually leaving them in the dust. To read about the early years of Michael Jackson, pick up the book *Legends of Rock Roll: The Jackson Five*, available in Kindle format and paperback. This book, *Legends of Rock Roll: Michael Jackson*, is primarily about the years after he started going solo and then left the group to form his own career. After leaving Motown Records and his brothers, Michael recorded the biggest-selling album of all time, *Thriller*. That record still holds today. He went on to become the greatest performer in the world during the Eighties. This book chronicles Michael's life after he started distancing himself from his brothers. There is no sugar coating here. I discuss the good, the bad and the ugly. All the *Legends of Rock Roll* books are essentially biographies, but I am interested primarily in the music. You'll find that the emphasis is on the music, how it came to be, who wrote it and performed it, and any juicy tidbits about any given song or album. If you like the music of the Michael Jackson, scroll up and buy now. You will enjoy it. *Michael Jackson: Beyond the Moonwalk* Daniel D. Lee, I wanted to do something special for Motown 25. That's where the moonwalk came from. Michael Jackson. Embark on an extraordinary journey through the life of Michael Jackson, the enigmatic artist who transformed the music industry and captivated audiences worldwide. *Michael Jackson: Beyond the Moonwalk* delves deep into the story of the King of Pop, exploring his unparalleled career, personal struggles and enduring influence. One of the most thrilling moments in Michael Jackson's career occurred on March 25, 1983, during the television special *Motown 25: Yesterday, Today, Forever*, celebrating the 25th anniversary of Motown Records. As anticipation built, Michael took the stage dressed in a black sequined jacket, black pants, white socks and a single white glove, an ensemble that would become iconic. After performing a medley of hits with his brothers the Jackson 5, Michael stepped forward to perform *Billie Jean*. The opening beats were instantly recognizable, and the

audience's excitement was palpable As Michael sang and danced his movements were precise yet fluid each step perfectly in sync with the music The moment that would go down in history came during the instrumental break of Billie Jean Michael paused then began to glide backward effortlessly creating the illusion of walking forward while actually moving backward This move later known as the moonwalk left the audience and viewers at home in awe It was a moment of pure magic a demonstration of Michael's exceptional talent and his ability to captivate and surprise From his early days with the Jackson 5 to his groundbreaking solo career this comprehensive biography captures the essence of Michael's journey Discover how he revolutionized the music video medium with iconic productions like Thriller Beat It and Black or White setting new standards for visual storytelling Explore his collaborations with legendary producer Quincy Jones resulting in timeless albums that blended pop rock R it's a tribute to an artist whose contributions to music dance and culture are timeless With rich detail and comprehensive research this book paints a vivid portrait of Michael Jackson celebrating his genius while acknowledging the complexities of his life Whether you are a lifelong fan or a new admirer this biography offers a profound and engaging look at the man who forever changed the landscape of popular music
