Biedermann, Alan Strathern, 2017-06-07 The peoples of Sri Lanka have participated in far flung trading networks religious formations and Asian and European empires for millennia This interdisciplinary volume sets out to draw Sri Lanka into the field of Asian and Global History by showing how the latest wave of scholarship has explored the island as a crossroads a place defined by its openness to movement across the Indian Ocean Experts in the history archaeology literature and art of the island from c 500 BCE to c 1850 CE use Lankan material to explore a number of pressing scholarly debates They address these matters from their varied disciplinary perspectives and diverse array of sources critically assessing concepts such as ethnicity cosmopolitanism and localisation and elucidating the subtle ways in which the foreign may be resisted and embraced at the same time The individual chapters and the volume as a whole are a welcome addition to the history and historiography of Sri Lanka as well as studies of the Indian Ocean region kingship colonialism imperialism and early modernity *Science and Technology in World History, Volume 4* David Deming, 2016-04-13 The history of science is a story of human discovery intertwined with religion philosophy economics and technology The fourth in a series this book covers the beginnings of the modern world when 16th century Europeans began to realize that their scientific achievements surpassed those of the Greeks and Romans Western Civilization organized itself around the idea that human technological

and moral progress was achievable and desirable Science emerged in 17th century Europe as scholars subordinated reason to empiricism Inspired by the example of physics men like Robert Boyle began the process of changing alchemy into the exact science of chemistry During the 18th century European society became more secular and tolerant Philosophers and economists developed many of the ideas underpinning modern social theories and economic policies As the Industrial Revolution fundamentally transformed the world by increasing productivity people became more affluent better educated and urbanized and the world entered an era of unprecedented prosperity and progress Book-prices Current ,1934

Identity, Ethics, and Ethos in the New Testament Jan Gabriël Van der Watt,Francois Stephanus Malan,2006 The book deals with the relation between identity ethics and ethos in the New Testament The focus falls on the way in which the commandments or guidelines presented in the New Testament writings inform the behaviour of the intended recipients The habitual behaviour ethos of the different Christian communities in the New Testament are plotted and linked to their identity Apart from analytical categories like ethos ethics and identity that are clearly defined in the book efforts are also made to broaden the specific analytical categories related to ethical material The way in which for instance narratives proverbial expressions imagery etc inform the reader about the ethical demands or ethos is also explored **New York Supreme Court Appellate Division First Department** , **Book-prices Current** John Herbert Slater,William Roberts,F.
