Michel Foucault: The Will to Truth Alan Sheridan, 2003-09-02 First Published in 2004 Michel Foucault The Will to Truth is the first full length study of Foucault in any language It covers the whole of his work to date including material unavailable in English and provides invaluable information on recent French intellectual history Foucault emerges as an essential thinker for our time his political anatomy implies a radical critique not only of established intellectual positions and social institutions but also most of the alternatives offered by the opposition *Michel Foucault* Barry Smart, 1994

Michel Foucault Lynn Fendler, 2014-10-23 Michel Foucault's influential work spanned a wide array of intellectual disciplines his writings having been widely taken up in philosophy history literary criticism and political theory Focusing on the implications of Foucault's theories for education whilst characterizing them as provocative problematizing poetic and playful Lynn Fendler describes the historical context for understanding Foucault's ground breaking critiques Including a discussion of his major theories of disciplinary power genealogy discourse and subjectivity this text provides generative explanations of concepts using analogies to the Internet and to food in order to connect Foucault's theories to everyday experience Michel Foucault Mark Olssen, 2016-01-08 Olssen brings Foucault to life and sheds new light on understanding his work Educationalists and scholars across the disciplines will welcome this interpretation of Foucault Michael A Peters University of Glasgow Olssen distills in brilliant and succinct language the core of Foucault's most important insights This is a book that every student should read in order to understand how to link theory to practice and educational thought to legacy and work of one of Europe's great thinkers Henry Giroux McMaster University Michel Foucault is arguably one of the most important thinkers of the twentieth century and his works are some of the most difficult to grasp Mark Olssen offers an accessible overview of Foucault's thought putting into context the relevance of Foucault's ideas Olssen adds important new insights to Foucault scholarship by bringing to light the influences of other thinkers such as Marx Nietzsche Gramsci Habermas and others on Foucault's development as a thinker and their influence on the deep historical materialist strand that grounds and uniquely characterizes so much of Foucault's thought **Michel Foucault** David Owen, 2017-05-15 Michel Foucault was one of the twentieth century's most influential thinkers whose work has unsettled and transformed the field of social philosophy and the social sciences The essays and articles selected for this volume are written by many of the most important of Foucault's interpreters and interlocutors and show the range of Foucault's influence and the debates it has provoked about Foucault's own approaches and in relation to substantive areas of social philosophy and social science such as power critique enlightenment law governance ethics and truthfulness This volume provides a comprehensive introduction to and overview of the development of Foucault's thought and demonstrates its enduring significance on our understanding of how we have become what we are *Dialectics of the Will* John H. Smith, 2000 A study of the concepts of agency self determination and power in modern French and German philosophy **Foucault and the Art of Ethics** Timothy

O'Leary,2006-09-15 This comprehensive assessment of Michel Foucault's later work responds to the contemporary crisis in ethics focusing on the way Foucault attempts to bring together the two seemingly incompatible spheres of ethics and aesthetics through his reassessment of the Greek tradition *Max Weber and Michel Foucault* Arpad Szokolczai,2013-09-13 Max Weber and Michael Foucault are among the most controversial and fascinating thinkers of our century This book is the first to jointly analyse them in detail and to make effective links between their lives and work it coincides with a substantial resurgence of interest in their writings The author's exciting interpretative approach reveals a new dimension in reading the work of Foucault and Weber it will be invaluable to students and those researching in sociology and philosophy *Michel Foucault* Philip Barker,2020-07-24 This unique and original study analyzes Foucault's interaction with the history of ideas undertaking a genealogy of the subject that subverts conventional philosophical history to develop a distinctly Foucauldian intellectual history Through a detailed account of Foucault's work and its relation to the history of ideas Philip Barker shows how that history can be usefully reconceptualised using Foucault's concepts of genealogy and archaeology Locating the emergence of self reflexive consciousness in twelfth century philosophy and elaborating upon autobiography as a philosophical persona Barker argues that this extremely productive approach can be used to analyze the relationship between the history of philosophy psychoanalysis and the transparent subject **The Force of Truth** Daniele Lorenzini,2023-09-13 A groundbreaking examination of Michel Foucault's history of truth Many blame Michel Foucault for our post truth and conspiracy laden society In this provocative work Daniele Lorenzini argues that such criticism fundamentally misunderstands the philosopher's project Foucault did not question truth itself but what Lorenzini calls the force of truth or how some truth claims are given the power to govern our conduct while others are not This interest Lorenzini shows drove Foucault to articulate a new ethics and politics of truth telling precisely in order to evade the threat of relativism The Force of Truth explores this neglected dimension of Foucault's project by putting his writings on regimes of truth and parrhesia in conversation with early analytic philosophy and by drawing out the possibilizing elements of Foucault's genealogies that remain vital for practicing critique today **Constructing the Self** Valérie Nicolet-Anderson,2012 Using some of the works of Michel Foucault 1926 1984 as a conversation partner Valerie Nicolet Anderson focuses on the manner in which Paul constructs the identity of his audience in his letter to the Romans In particular she analyzes how the notions of autonomy and self agency function for both authors In this dialogue Valerie Nicolet Anderson examines whether Paul can still play a relevant part in contemporary discussions around the notion of identity The approach to Paul presents a narrative reading of Romans and displays an interdisciplinary hermeneutics which brings together New Testament exegesis and post modern philosophy The author constructs a dynamic picture of Paul as engaged in the shaping of the ethos of his communities through various strategies She highlights Paul's actuality reflecting the current use of Paul by continental philosophers and invites more interdisciplinary reflection between exegesis and philosophy *Lectures on the Will to Know*

Decolonizing the Lens of Power Kerstin Knopf, 2008-01-01 This is the first book that comprehensively examines Indigenous filmmaking in North America as it analyzes in detail a variety of representative films by Canadian and US American Indigenous filmmakers two films that contextualize the oral tradition three short films and four dramatic films The book explores how members of colonized groups use the medium of film as a means for cultural and political expression and thus enter the dominant colonial film discourse and create an answering discourse The theoretical framework is developed as an interdisciplinary approach combining postcolonialism Indigenous studies and film studies As Indigenous people are gradually taking control over the imagemaking process in the area of film and video they cease being studied and described objects and become subjects who create self controlled images of Indigenous cultures The book explores the translatability of Indigenous oral tradition into film touching upon the changes the cultural knowledge is subject to in this process including statements of Indigenous filmmakers on this issue It also asks whether or not there is a definite Indigenous film practice and whether filmmakers tend to dissociate their work from dominant classical filmmaking adapt to it or create new film forms and styles through converging classical film conventions and their conscious violation This approach presupposes that Indigenous filmmakers are constantly in some state of reaction to Western ethnographic filmmaking and to classical narrative filmmaking and its epitome the Hollywood narrative cinema The films analyzed are The Road Allowance People by Maria Campbell Itam Hakim Hopiit by Victor Masayesva Talker by Lloyd Martell Tenacity and Smoke Signals by Chris Eyre Overweight With Crooked Teeth and Honey Moccasin by Shelley Niro Big Bear by Gil Cardinal and Atanarjuat The Fast

Runner by Zacharias Kunuk **The Politics of Desire** Agustín Colombo, Edward McGushin, Geoff Pfeifer, 2022-03-28 In his preface to Deleuze and Guattari's *Anti Oedipus* Michel Foucault notes that in the late sixties there is a turn away from Freud and a movement toward what he calls an experience and technology of desire that is no longer Freudian. Foucault, Deleuze and Guattari were interested in and engaged with this shift and their collective work in these areas spawned a larger post-Freudian literature. This book gathers contributions from international scholars with the aim of exploring the social, political and philosophical dimension of Deleuze and Guattari's and Foucault's critical encounters with psychoanalytic thought. Their possible connections, their divergences, the fields of reflection that these encounters open and the problems and debates that led Foucault and Deleuze and Guattari to engage with psychoanalysis in the ways that they did. In doing so, the main goal of the book is not to engage in a critique of the discipline of Psychoanalysis as such but to investigate how Foucault's and Deleuze's critique of Psychoanalysis gives rise to a political reflection that draws on some of Psychoanalysis' key notions. Among these, the concept of Desire is central as it allows us to grasp the different ways in which Foucault and Deleuze politically engage with Psychoanalysis. For Deleuze, Desire is the element through which Revolution becomes possible, whereas for Foucault, Desire is a cornerstone of the modern mechanisms of subjection. Drawing both on new material like *Confessions of the Flesh*, the 4th volume of Foucault's *History of Sexuality* and on Foucault and Deleuze's main work, the book covers a variety of topics including the contrast between Foucault's and Deleuze's political understanding of desire and pleasure, the genealogy of desire as a way to investigate the historical shaping of psychoanalysis, the relationship between psychoanalysis and the normalizing mechanisms of power (e.g. biopolitics and disciplinary regimes), the ways in which psychoanalysis and neoliberalism come together in particular moments, the status and role of desire in revolt, resistance and transformation, Foucault and Deleuze's different approaches to the unconscious, the role of desire in the formation of identity, etc. In the 50th anniversary of Deleuze and Guattari's *Anti Oedipus*, one of the major references that inspires the many chapters in this book, we aim to pay homage to these two important figures of contemporary thought by enriching and opening new lines of thought and problematization of the political reflection on Desire that Foucault and Deleuze developed.
