Michel Foucault And The Subversion Of Intellect:

Michel Foucault and the Subversion of Intellect Karlis Racevskis,1983 Michel Foucault Barry Smart,1994
Foucault and the Critique of Institutions John Caputo, Mark Yount,2010-11-01 Michel Foucault's Archaeology of Scientific Reason Gary Gutting,1989-09-29 An introduction to the critical interpretation of the work of Michael Foucault

The History and Theory of Rhetoric Luke Winslow, James A. Herrick, 2025-08-19 By tracing the traditional progression of rhetoric from the Greek Sophists to contemporary theorists this updated eighth edition gives students a conceptual framework for evaluating and practicing persuasive writing and speaking in a wide range of settings including written visual and digital media Through an expansive historical purview the book illustrates how persuasive public discourse performs essential social functions and shapes our societies drawing on the ideas of many of history s greatest thinkers and theorists This new edition includes an integrated exploration of non Western rhetorics an updated account of contemporary rhetoric and an enhanced analysis of rhetorical theory in a digital age Known for its clear writing style and contemporary examples throughout The History and Theory of Rhetoric emphasizes the relevance of rhetoric to today s students This revised edition serves as a core textbook for rhetoric courses in both English and communication programs covering both the historical tradition of rhetoric and contemporary rhetoric studies A suite of online resources including a detailed instructor s manual PowerPoint slides and videos from Dr Winslow can be found on the Instructor and Student Resources website at www routledgelearning com historyofrhetoric Foucault's Nietzschean Genealogy Michael Mahon, 1992-01-01 This is the first full length study of the impact of Friedrich Nietzsche s writings on the thought of French philosopher Michel Foucault Focusing on the notion of genealogy in the thought of both Nietzsche and Foucault the author explores the three genealogical axes truth power and the subject as they gradually emerge in Foucault's writings This complex of axes into which Foucault was drawn especially as a result of his early history of madness called forth his explicit adoption of a Nietzschean approach to his future work By interpreting Foucault's Histoire de la folie in the light of Nietzsche's genealogy of tragedy Mahon shows how the moral problematization of madness in history provides the historical conditions from which the three axes emerge After tracing the gradual emergence of the three axes through Foucault's writings of the remainder of the 1960s especially Les Mots et les choses Mahon turns to Foucault s explicit methodological statements and his notion of genealogy and offers a reading of Foucault's L archeologie du savoir arguing that there is no chasm between Foucault's archaeological writings and his genealogies The work concludes with an analysis of Foucault's final writings on the genealogy of modern subjectivity and an examination of how truth power and the subject operate for the modern psychoanalytic subject of desire Foucault and the Indefinite Work of Freedom Réal Fillion, 2012-09-29 This work underscores the need to examine history philosophically not only to better appreciate how it unfolds and relates to our own unfolding lives but to better appreciate our free engagement in this changing world Linking a conception of ourselves as free

beings to the historical process was of central importance to the classical speculative philosophies of history of the nineteenth century most notably Hegel s Michel Foucault s work is often taken to be the antithesis of this kind of speculative approach This book argues that Foucault on the contrary like Hegel sees freedom as tied to the self movement of thought as it realizes and shapes the world Unlike Hegel however he does not see in that self movement the process of Spirit reconciling itself with the world and thereby realizing itself as freedom Rather he sees in the freedom at the core of the self movement of thought a possible threat around which that movement consolidates itself and gives shape to the world Foucault's work is therefore not a simple rejection of Hegel's speculative philosophy of history but rather an inversion of the manner in which history and freedom are related for Hegel history realizes or actualizes the idea of freedom whereas for Foucault freedom realizes or actualizes the materiality of history Foucault and Religion Jeremy Carrette, 2002-09-11 Foucault and Religion is the first major study of Michel Foucault in relation and response to Religion Jeremy Carrette offers us a challenging new look at Foucault's work and addresses a religious dimension that has previously been neglected. We see that prior to Foucault s infamous unpublished volume in the History of Sexuality on the theme of Christianity there is a complex religious sub text which anticipates this final unseen work Jeremy Carrette argues that Foucault offers a twofold critique of Christianity by bringing the body and sexuality into religious practice and exploring a political spirituality of the self He shows us that Foucault's creation of a body theology through the death of God reveals how religious beliefs reflect the sexual body questions the notion of a mystical archaeology and exposes the political technology of confession Anyone interested in understanding Foucault's thought in a new light will find this book a truly fascinating read The Cambridge Companion to Foucault Gary Gutting, 1994-02-25 Each volume of this series of companions to major philosophers contains specially commissioned essays by an international team of scholars together with a substantial bibliography and will serve as a reference work for students and non specialists One aim of the series is to dispel the intimidation such readers often feel when faced with the work of a difficult and challenging thinker Michel Foucault one of the most important of contemporary French thinkers exerted a profound influence on philosophy history and social theory Foucault attempted to reveal the historical contingency of ideas that present themselves as necessary truths He carried out this project in a series of original and strikingly controversial studies on the origins of modern medical and social scientific disciplines These studies have raised fundamental philosophical questions about the nature of knowledge and its relation to power structures that have become major topics of discussion throughout the humanities and social sciences Foucault José Guilherme Merguior, 1987-01-01 Offers a brief profile of the French philosopher examines his writings on madness sexuality and power and discusses the political implications of his work **Gramsci and Foucault: A Reassessment** David Kreps, 2016-04-22 Mapping the resonances dissonances and linkages between the thought of Gramsci and Foucault to uncover new tools for socio political and critical analysis for the twenty first century this book reassesses the widely held view that their work is

incompatible With discussions of Latin American revolutionary politics indigenous knowledges technologies of government and the teaching of paediatrics in post invasion Irag complexity theory medical anthropology and biomedicine and the role of Islam in the transition to modern society in the Arab world this interdisciplinary volume presents the latest theoretical research on different facets of these two thinkers work as well as analyses of the specific linkages that exist between them in concrete settings A rigorous comparative exploration of the work of two towering figures of the twenty first century Gramsci and Foucault A Reassessment will appeal to scholars and students of social and political theory political sociology communication and media studies and contemporary philosophy **Foucault on the Politics of Parrhesia** T. Dyrberg, 2014-03-10 Foucault saw the notion of parrhesia truth telling as the most important factor for how governments could and should communicate with their people and vice versa This important collection compiles and analyses Foucault's views on parrhesia to shed new light on his ideas on the importance of truth telling in democracies Foucault Clare O'Farrell, 1993-06-18 A discussion of the writings of Michael Foucault focusing particularly on Histoire de la Folie written at the beginning of his career and What is Enlightenment written at the end Foucault's work is examined as a reflection on the The History and Theory of Rhetoric James A. Herrick, 2015-08-07 The History and limits of history society and culture Theory of Rhetoric offers discussion of the history of rhetorical studies in the Western tradition from ancient Greece to contemporary American and European theorists that is easily accessible to students By tracing the historical progression of rhetoric from the Greek Sophists of the 5th Century B C all the way to contemporary studies such as the rhetoric of science and feminist rhetoric this comprehensive text helps students understand how persuasive public discourse performs essential social functions and shapes our daily worlds Students gain conceptual framework for evaluating and practicing persuasive writing and speaking in a wide range of settings and in both written and visual media Known for its clear writing style and contemporary examples throughout The History and Theory of Rhetoric emphasizes the relevance of rhetoric to today s students John Grote, Cambridge University and the Development of Victorian Thought John Richard Gibbins, 2013-10-07 John Grote struggled to construct an intelligible account of philosophy at a time when radical change and sectarian conflict made understanding and clarity a rarity This book answers three questions How did John Grote develop and contribute to modern Cambridge and British philosophy What is the significance of these contributions to modern philosophy in general and British Idealism and language philosophy in particular How were his ideas and his idealism incorporated into the modern philosophical tradition Grote influenced his contemporaries such as his students Henry Sidgwick and John Venn in both style and content he forged a brilliantly original philosophy of knowledge ethics politics and language from a synthesis of the major British and European philosophies of his day his social and political theory provide the origins of the new liberal ideas later to reach their zenith in the writings of Green Sidgwick and Collingwood he founded the Cambridge style associated with Moore Russell Broad McTaggart and Wittgenstein and he was also a major influence on

Oakeshott American Journal of Islamic Social Sciences 6:1 Taha J. al-Alwani, Eric Winkel, Ausaf Ali, Mohammad Kamali ,Abdul Haq Ansari,Zawwar Hussain Zaidi, The American Journal of Islamic Social Sciences AJISS established in 1984 is a quarterly double blind peer reviewed and interdisciplinary journal published by the International Institute of Islamic Thought IIIT and distributed worldwide The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology history philosophy and metaphysics politics psychology religious Structuralism and the Logic of Dissent Eve Tavor Bannet, 1989-02-06 Structuralism and the law and traditional Islam Logic of Dissent is a fascinating and lucid exploration of the seminal writings of four eminent French structuralists that sheds new light on influential theoretical texts Eve Tavor Bannet discusses the work of Barthes Derrida Foucault and Lacan as coherent philosophical fictions showing their contradictory political social and pedagogical implications and their complex A Critical Sense Peter Osborne, 2013-04-15 A Critical Sense brings together in a single volume the leading figures of contemporary radical theory Moving freely between philosophy politics and cultural studies it offers a fascinating overview of the lines of thought of today's intellectual left Marxism feminism psychoanalysis and critical theory literary studies deconstruction pragmatism postcolonial and queer theory are discussed in a series of interviews from the journal Radical Philosophy Those interviewed are Judith Butler Cornelius Castoriadis Drucilla Cornell Axel Honneth Istvan Meszaros Edward Said Renata Salecl Gayatri Chakravorty Spivak Cornel West Slavoj Zizek For those unfamiliar with the often daunting work of some of today s most important thinkers ACritical Sense will offer an ideal introduction for those already acquainted with the writings of the theorists interviewed here the collection will throw new and often surprising light on familiar ground Reassessing Foucault Colin Jones, Roy Porter, 2002-01-04 Though Foucault is now widely taught in universities his writings are notoriously difficult Reassessing Foucault critically examines the implications of his work for students and researchers in a wide range of areas in the social and human sciences Focusing on the social history of medicine successive chapters deal with his historiographical methodological and philosophical writings his ideas about prisons hospitals madness and disease and his thinking about the body The book also suggests ways in which Foucault s influence will continue to dominate cultural history and the social sciences **The Poetic Avant-garde** Beret E. Strong, 1997 The Poetic Avant Garde compares three avant garde groups active in the era between the world wars those surrounding Jorge Luis Borges W H Auden and Andre Breton These groups were composed of poets and writers who made use of the avant garde's characteristic modes of self expression the publication of small journals unorthodox attention getting tactics and interaction with the mainstream press However their differing aesthetic social and political agendas illustrate the surprisingly broad range of avant gardism in the interwar era Strong looks at the choices these three groups made when their radical goals collided with the forces of social and political change in the 1920s and 1930s highlighting the disparity between their rhetoric and their actual achievements The book focuses on the avant garde s struggle to reconcile

contradictory imperatives a desire to be radically new while also finding an audience ${\bf r}$
