Since 1945 Guiyou Huang,2006-08-08 The Columbia Guide to Asian American Literature Since 1945 *Film and Knowledge* Kevin L. Stoehr,2015-10-03 Film has become such an underpinning of art and pop culture that its potential for inspiring serious thought is often overlooked Our intellectual involvement with film has been minimized as more in the audience want to be merely amazed and entertained Essays written by both established and cutting edge philosophers of film concentrate in this work on the value of film in general and the value of certain films in particular for the study and teaching of ideas The essays explore such topics as the significance of narrative unity for self knowledge in David Lynch s Lost Highway and in Paul Schrader s Affliction ambiguity and responsibility in Akira Kurosawa s Rashomon consciousness and cognition in Orson Welles s Citizen Kane skepticism in Alfred Hitchcock s Suspicion and David Cronenberg s Naked Lunch language and gender in Neil Jordan s The Crying Game Platonic idealism in Chris Marker s La Jetee race in Spike Lee s Summer of Sam the concept of the imagination in cognitive film theory and the role of ideology in feminist film theory

Nischik,2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada s flagship genre It continues to attract the country s most accomplished and innovative writers today among them Margaret Atwood Mavis Gallant Alice Munro Carol Shields and many others Yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the Canadian short story This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well known and often anthologized Canadian short stories from the genre s beginnings through the twentieth century A historical survey of the genre introduces the volume and a timeline comparing the genre s development in Canada the US and Great Britain via representative examples completes it The collection is geared both to specialists in and to students of Canadian literature For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story Reingard M Nischik is professor and chair of American Literature at the University of Constance Germany **The American Catalogue** ,1901 American national trade bibliography
