Nursing Practice and the Law Mary E. O'Keefe, 2001 Holistic presentation of the principles of law that The American Association of Nurse Attorneys TAANA recommends should be taught to students in nursing schools Covers law relevant to nurses in the practice settings they are in today such as advanced practice nurses home health care long term care

psychiatric care and emergency care Includes basic forensics life care planning telecommunications and correctional facilities Covers ethics and legal issues associated with today s health care economics Pedagogical features include chapter objectives an introduction from a historical perspective and chapter glossary in a box key terms are boldface the first time they are used in a definition Each chapter ends with list of key points bibliography and suggested references Workbook section with perforated pages at the end of the book includes study questions for content review learning activities and case studies with critical thinking questions

Nursing Law and Ethics Amnon Carmi, Stanley Schneider, 2012-12-06 The papers in this section on the legal aspects of nursing can be divided into two parts a the rights and responsibilities of nurses patients and the medical system and b treatment with its legal ramifications How does one decide whether patients rights or the health professional s rights are to be considered more seriously Is there an absolute right or wrong Since legal rights are sanctioned by constantly changing social and political climates this may in effect diminish the possibility of anything absolute The question of the equivalency of legal and moral rights is also addressed Due to the prevalent vagueness with regard to bioethical issues as they affect human and legal rights often we become absorbed in philosophical polemics without being able to arrive at anyone answer In order to move beyond the ethical theoretical formulations there is daily confrontation in the nursing profession the practical application of theoretics
