Canada's Residential Schools: The History, Part 1, Origins to 1939 Commission de vérité et réconciliation du Canada, 2016-01-01 Between 1867 and 2000 the Canadian government sent over 150 000 Aboriginal children to residential schools across the country Government officials and missionaries agreed that in order to civilize and Christianize Aboriginal children it was necessary to separate them from their parents and their home communities For children life in these schools was lonely and alien Discipline was harsh and daily life was highly regimented Aboriginal languages and cultures were denigrated and suppressed Education and technical training too often gave way to the drudgery of doing the chores necessary to make the schools self sustaining Child neglect was institutionalized and the lack of supervision created situations where students were prey to sexual and physical abusers Legal action by the schools former students led to the creation of the Truth and Reconciliation Commission of Canada in 2008 The product of over six years of research the Commission s final report outlines the history and legacy of the schools and charts a pathway towards reconciliation Canada s Residential Schools The History Part 1 Origins to 1939 places Canada s residential school system in the historical context of European campaigns to colonize and convert Indigenous people throughout the world In post Confederation Canada the government adopted what amounted to a policy of cultural genocide suppressing spiritual practices disrupting traditional economies and imposing new forms of government Residential schooling quickly became a central element in this policy The destructive intent of the schools was compounded by chronic underfunding and ongoing conflict between the federal government and the church missionary societies that had been given responsibility for their day to day operation A failure of leadership and resources meant that the schools failed to control the tuberculosis crisis that gripped the schools for much of this period Alarmed by high death rates Aboriginal parents often refused to send their children to the schools leading the government adopt ever more coercive attendance regulations While parents became subject to ever more punitive regulations the government did little to regulate discipline diet fire safety or sanitation at the schools By the period s end the government was presiding over a nation wide series of firetraps that had no clear educational goals and were economically dependent on the unpaid labour of underfed and often sickly children *My Genealogy* Walter K. Miles, 1978 Broken Treaties Jill St. Germain, 2009-06-01 Broken Treaties is a comparative assessment of Indian treaty negotiation and implementation focusing on the first decade following the United States Lakota Treaty of 1868 and Treaty Six between Canada and the Plains Cree 1876 Jill St Germain argues that the broken treaties label imposed by nineteenth century observers and perpetuated in the historical literature has obscured the implementation experience of both Native and non Native participants and distorted our understanding of the relationships between them As a result historians have ignored the role of the Treaty of 1868 as the instrument through which the United States and the Lakotas mediated the cultural divide separating them in the period between 1868 and 1875 In discounting the treaty historians have also failed to

appreciate the broader context of U S politics which undermined a treaty solution to the Black Hills crisis in 1876 In Canada on the other hand the broken treaties tradition has obscured the distinctly different understanding of Treaty Six held by Canada and the Plains Cree The inability of either party to appreciate the other s position fostered the damaging misunderstanding that culminated in the Northwest Rebellion of 1885 In the first critical assessment of the implementation of these treaties Broken Treaties restores Indian treaties to a central position in the investigation of Native non Native relations in the United States and Canada *Alberta-Montana Discovery Guide* Alberta-Montana Heritage Partnership,1997 Alberta and Montana have much to offer the modern day explorer world class museums parks set in spectacular natural surroundings and historic sites that bring the past to life This indispensable guide includes over 300 color photographs descriptions easy to follow directions and contact information for nearly 500 attractions across Alberta and Montana **The Canadian Encyclopedia** James H. Marsh,1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative

endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada *Ahtahkakoop* Deanna Christensen, 2000 The author presents a biography of the nineteenth century prominent Plains Cree leader Ahtahkakoop Starblanket Using documentary sources as well as oral tradition the author details Cree culture society and economics before and during an era of rapid change The author portrays the leadership of Ahtahkakoop as he attempted to establish his people who were working to adapt to the disappearance of the buffalo illness and death missionaries treaties schools the uprising of 1885 and reserve life The book is noted for its use of Cree language Cree genealogy Cree names for northern plains landmarks and the stories associated with these geographic features *The Pacific*, 1904 Indians John Artman, 1981 A Good Apple activity book for grades 4-8 Pakân : Cree Grade 5.
