John C. Donovan

People Power And Politics:

People, Power and Politics John C. Donovan, 1993 First rate The text has a little for everyone and could suit the political ideas people the humanists and the behavioralists And there is enough of a nuts and bolts approach to this book to satisfy those who want students to come away from the course as master mechanics of political dilemmas David W Dent Towson State University **People, Power, and Politics** John C. Donovan, Richard E. Morgan, Christian P. Potholm, 1981

Moral Politics in the Philippines Wataru Kusaka, 2017-02-17 The people famously ousted Ferdinand Marcos from power in the Philippines in 1986 After democratization though a fault line appeared that split the people into citizens and the masses The former were members of the middle class who engaged in civic action against the restored elite dominated democracy and viewed themselves as moral citizens in contrast with the masses who were poor engaged in illicit activities and backed flawed leaders The masses supported emerging populist counter elites who promised to combat inequality and saw themselves as morally upright in contrast to the arrogant and oppressive actions of the wealthy in arrogating resources to themselves In 2001 the middle class toppled the populist president Joseph Estrada through an extra constitutional movement that the masses denounced as illegitimate Fearing a populist uprising the middle class supported action against informal settlements and street vendors and violent clashes erupted between state forces and the poor Although solidarity of the people re emerged in opposition to the corrupt presidency of Gloria Macapagal Arroyo and propelled Benigno Aquino III to victory in 2010 inequality and elite rule continue to bedevil Philippine society Each group considers the other as a threat to democracy and the prevailing moral antagonism makes it difficult to overcome structural causes of inequality **Politics in the Developing World** Peter Burnell, Vicky Randall, Lise Rakner, 2011 The third edition of this acclaimed anthology explores the changing nature of politics in the developing world in the twenty first century Featuring work from an esteemed line up of international contributors *Politics in the Developing World Third Edition* provides comprehensive coverage of the field by combining theoretical approaches with discussions on social and cultural context state governance and such key policy issues as the environment and human rights In addition a section of in depth case studies allows students to compare the political situations in a wide range of developing countries from Indonesia and Iraq to India and China Revised and updated the third edition features New chapters on Institutional Approaches and From Conflict to Peace Building and a reworked chapter on governance aid and globalization Three new extended case studies on India Iraq and China Updated material throughout that reflects the ongoing evolution of political regimes and development policies in the wake of recent events including the 2008 global financial crisis A Companion Website featuring student resources including case studies updated with new material including cases on Iran and Brazil a flashcard glossary study questions and links [Humorous Political Stunts](#) Majken Jul Sørensen, 2015 A group of anti conscription activists break into a prison demanding to be jailed together with their friend already locked up because of his beliefs Clowns from the rebel clown army mimic police sent to control political protests

Visiting Santas hand out presents taken from shop shelves without the approval of the shopping centre management These are examples of humorous political stunts public actions hoaxes and happenings that confront systems of power This book contains many amusing stories of such stunts showing the boldness and creativity of the activists Interviews and documents are used to show how humour can facilitate outreach mobilisation and a culture of resistance Humorous Political Stunts combines insights from the fields of nonviolence and humour studies and makes theoretical contributions to each area

Politics in Pacific Asia Xiaoming Huang, Jason Young, 2017-09-16 This lively and accessible new edition provides a uniquely broad ranging introduction to the governance and politics of Pacific Asia Thematically structured around the key institutions and issues it is genuinely comparative in its approach to the whole region A range of representative countries China Japan Korea Taiwan Singapore Malaysia Thailand Indonesia Vietnam and the Philippines are used as key case examples throughout and each of them is subject to a detailed full page country profile This diverse region is a fascinating area for study Politics in Pacific Asia provides a framework to form a coherent understanding of the region s politics it balances persistent patterns with the latest developments and general characteristics with the differing cultures histories and institutions of individual countries People Power Judith N. DeSena, 1999 People Power explores the potential of community organizations to develop political consciousness among working class and poor people Judith N DeSena argues that participation in community organizations can empower residents to challenge government and corporations and attempt to influence the outcome of policy decisions regarding municipal services and the future of neighborhoods She contends that the people who participate in these organizations are transformed politically in many ways including their racial attitudes DeSena points out that involvement in community organizations challenges the participants stereotypical perceptions of race and ethnicity and may lead to fewer conflicts between cultures in urban locales Overall community organizations possess the potential to increase participation in the democratic process while easing common stress between members of the community and improving the lives of the people living in complex urban environments *Rick Turner's Politics as the Art of the Impossible* Michael Onyebuchi Eze, Lawrence Hamilton, Laurence Piper, Gideon van Riet, Paula Ensor, Daryl Glaser, Christine Hobden, Billy Keniston, Ayesha Omar, John Sodiq Sanni, Tendayi Sithole, Crain Soudien, 2024-07-01 Revisits the work of Rick Turner a South African political theorist and addresses contemporary debates Rick Turner was a South African academic and anti apartheid activist who rebelled against the apartheid state at the height of its power For this he was assassinated in 1978 at just 32 years of age but his life and work are testimony to the power of philosophical thinking for humans everywhere Turner chose to live freely in an unfree time and argued for a non racial socialist future in a context where this seemed unimaginable This book takes seriously Rick Turner s challenge that political theorising requires thinking in a utopian way Turner s seminal book *The Eye of the Need Towards a Participatory Democracy* laid out some of his most potent ideas on a radically different political and economic system His demand was that we work to escape the limiting ideas

of the present carefully design a just future based on shared human values and act to make it a reality both politically and in our daily lives The contributors to this volume engage critically with Turner s work on race relations his relationship with Steve Biko his views on religion education and gender oppression his participatory model of democracy and his critique of enduring forms of poverty and economic inequality They show how in his life and work Turner modeled how we can dare to be free and how hope can return as the future always remains open to human construction This book makes an important contribution to contemporary thinking and activism where the need for South Africans to define their understanding of their greater common good is of crucial importance Prisms of the People Hahrie Han,Elizabeth McKenna,Michelle

Oyakawa,2024-05-31 Grassroots organizing and collective action have always been fundamental to American democracy but have been burgeoning since the 2016 election as people struggle to make their voices heard in this moment of societal upheaval Unfortunately much of that action has not had the kind of impact participants might want especially among movements representing the poor and marginalized who often have the most at stake when it comes to rights and equality Yet some instances of collective action have succeeded What s the difference between a movement that wins victories for its constituents and one that fails What are the factors that make collective action powerful Prisms of the People addresses those questions and more Using data from six movement organizations including a coalition that organized a 104 day protest in Phoenix in 2010 and another that helped restore voting rights to the formerly incarcerated in Virginia Hahrie Han Elizabeth McKenna and Michelle Oyakawa show that the power of successful movements most often is rooted in their ability to act as prisms of the people turning participation into political power just as prisms transform white light into rainbows Understanding the organizational design choices that shape the people their leaders and their strategies can help us understand how grassroots groups achieve their goals Linking strong scholarship to a deep understanding of the needs and outlook of activists Prisms of the People is the perfect book for our moment for understanding what s happening and propelling it forward **The Chinese Human Rights Reader** Stephen C. Angle,Marina Svensson,2015-03-26

Representative selections from China s twentieth century human rights discourse rendered into fluid and non technical English The documents are arranged chronologically and each is preceded by a brief introduction dealing with the author and the immediate context The book also includes a glossary in which translations of key terms are linked to their Chinese equivalents **Managing Human Behavior in Public and Nonprofit Organizations** Robert B. Denhardt,Janet V.

Denhardt,Maria P. Aristigueta,2015-08-11 A must read for students in public administration and nonprofit management programs Managing Human Behavior in Public and Nonprofit Organizations Fourth Edition is designed to help students understand manage and influence the behavior of others in the workplace Esteemed authors Robert B Denhardt Janet V Denhardt and Maria P Aristigueta take an action oriented approach by using real world circumstances within public and nonprofit organizations to illustrate key concepts Important topics such as stress decision making motivation leadership

communication teams and change give students a foundational understanding of the basic issues that affect human behavior In addition to new cases and examples from the public and nonprofit sectors the Fourth Edition features new material on leadership and organizational change cultural diversity and generational diversity and positive organizational behavior

People, Power and Politics Rod Wise,2000-01 People Power Politics is the book for the Year 11 Political Studies component of SOSE Clearly written in language accessible to Year 11 students it asks key questions such as What is democracy and how effectively does it operate in practice What are the characteristics of successful political leaders What are the values that underpin different political systems What is playing the political game How is this related to perceptions of success What forms of political actions are available to young people This book allows students to explore attitudes and beliefs enabling them to form their own ideas about political issues It is supported by up to date resources which explore important current issues This helps to make People Power Politics a relevant and motivating text for students undertaking this exciting area of study and helps to prepare them for success in their VCE

Principles of International Politics Bruce Bueno de Mesquita,2000 In contrast to most current approaches to international politics this work views domestic politics and international relations as inseparable and the role of individual political leaders as key A core assumption is that political leaders and foreign policy decision makers are motivated to keep their jobs and that they select policies and allocate scarce resources so as to help them fulfill their personal political objectives

Gandhian Alternative (vol. 3 : Socio-Political Thoughts) Anil Dutt Misra And Sushma Yadav,2005 Civil Resistance and Power Politics Sir Adam Roberts,Timothy Garton Ash,2011-09-29 This widely praised book identified peaceful struggle as a key phenomenon in international politics a year before the revolutions in Tunisia and Egypt confirmed its central argument Civil resistance non violent action against such challenges as dictatorial rule racial discrimination and foreign military occupation is a significant but inadequately understood feature of world politics Especially through the peaceful revolutions of 1989 and the developments in the Arab world since December 2010 it has helped to shape the world we live in Civil Resistance and Power Politics covers most of the leading cases including the actions master minded by Gandhi the US civil rights struggle in the 1960s the Islamic revolution in Iran in 1979 the people power revolt in the Philippines in the 1980s the campaigns against apartheid in South Africa the various movements contributing to the collapse of the Soviet Bloc in 1989 91 and in this century the colour revolutions in Georgia and Ukraine The chapters written by leading experts are richly descriptive and analytically rigorous This book addresses the complex interrelationship between civil resistance and other dimensions of power It explores the question of whether civil resistance should be seen as potentially replacing violence completely or as a phenomenon that operates in conjunction with and modification of power politics It looks at cases where campaigns were repressed including China in 1989 and Burma in 2007 It notes that in several instances including Northern Ireland Kosovo and Georgia civil resistance movements were followed by the outbreak of armed conflict It also includes a chapter with new material from Russian

archives showing how the Soviet leadership responded to civil resistance and a comprehensive bibliographical essay Illustrated throughout with a remarkable selection of photographs this uniquely wide ranging and path breaking study is written in an accessible style and is intended for the general reader as well as for students of Modern History Politics Sociology and International Relations

People Power and Political Change April Carter, 2013-03-01 This book examines the upsurge in mass popular protest against undemocratic regimes Relating early revolutions to recent global trends and protests it examines the significance of people power to democracy Taking a comparative approach this text analyses unarmed uprisings in Iran 1977 79 Latin America and Asia in the 1980s Africa from 1989 1992 1989 in Eastern Europe and ex Soviet states after 2000 right up to the 2011 Arab Spring The author assesses the influence on people power of global politics and trends such as the growth of international governmental organizations and international law citizen networks operating across borders and emerging media like Twitter and Wikileaks Although stressing the positive potential of people power this text also examines crucial problems of repression examples of failure and potential political problems disintegration of empires and the role of power rivalries Drawing from contemporary debates about democratization and literatures on power violence and nonviolence from both academic sources and media perspectives this text builds an incisive analytical argument about the changing nature of power itself People Power and Political Change is a must read for students and scholars of democratic theory international politics and current affairs

Pachakutik Marc Becker, 2010-12-16 This authoritative book provides a deeply informed overview of one of the most dynamic social movements in Latin America Focusing on contemporary Indigenous movements in Ecuador leading scholar Marc Becker traces the growing influence of the Confederation of Indigenous Nationalities of Ecuador CONAIE which in 1990 led a powerful uprising that dramatically placed a struggle for Indigenous rights at the center of public consciousness Activists began to refer to this uprising as a pachakutik a Kichwa word that means change rebirth and transformation both in the sense of a return in time and the coming of a new era Five years later proponents launched a new political movement called Pachakutik to compete for elected office In 2006 Ecuadorians elected Rafael Correa who many saw as emblematic of the new Latin American left to the presidency of the country Even though CONAIE Pachakutik and Correa shared similar concerns for social justice they soon came into conflict with each other Becker examines the competing strategies and philosophies that emerge when social movements and political parties embrace comparable visions but follow different paths to realize their objectives In exploring the multiple and conflictive strategies that Indigenous movements have followed over the past twenty years he definitively documents the recent history and charts the trajectory of one of the Americas most powerful and best organized social movements

Indivisible Territory and the Politics of Legitimacy Stacie E. Goddard, 2010 This book challenges the conventional wisdom that territorial conflicts in Jerusalem and Northern Ireland were inevitable Stacie Goddard's research shows that it was radical political rhetoric and not ancient hatreds that rendered these territories indivisible preventing

negotiation and compromise and leading to violence and war **Radical Democracy** C. Douglas Lummis, 2016-10-01 C Douglas Lummis writes as if he were talking with intelligent friends rather than articulating political theory He reminds us that democracy literally means a political state in which the people demos have the power kratia The people referred to are not people of a certain class or gender or color They are in fact the poorest and largest body of citizens Democracy is and always has been the most radical proposal and constitutes a critique of every sort of centralized power Lummis distinguishes true democracy from the inequitable incarnations referred to in contemporary liberal usage He weaves commentary on classic texts with personal anecdotes and reflections on current events Writing from Japan and drawing on his own experience in the Philippines at the height of People s Power Lummis brings a cross cultural perspective to issues such as economic development and popular mobilization He warns against the fallacy of associating free markets or the current world economic order with democracy and argues for transborder democratic action Rejecting the ways in which technology imposes its own needs Lummis asks what work would look like in a truly democratic society He urges us to remember that democracy should mean a fundamental stance toward the world and toward one s fellow human beings So understood it offers an effective cure for what he terms the social disease called political cynicism Feisty and provocative Radical Democracy is sure to inspire debate People power Robert G. Ingram, Christopher Barker, 2022-07-19 People power explores the history of the theory and practice of popular power Western thinking about politics has two fundamental features 1 popular power in practice is problematic and 2 nothing confers political legitimacy except popular sovereignty This book explains how we got to our current default position in which rule of for and by the people is simultaneously a practical problem and a received truth of politics The book asks readers to think about how appreciating that history shapes the way we think about the people s power in the present Drawn from the disciplines of history and political theory the contributors to this volume engage in a mutually informing conversation about popular power They conclude that the problems that first gave rise to popular sovereignty remain simultaneously compelling unresolved and worthy of further attention
