for America where his son Richard Price Morgan travelled extensively made a descent of the Ohio and Mississippi Rivers by raft and helped build some of the early American railroads The adventures of both men are related here via letters George sent home to his family from France and through the autobiography written by his son in America Heidi Across America Heidi Beierle,2024-04-30 A memoir of homecoming Heidi Across America is a gritty story of how opening our hearts to others enables us to open our hearts to ourselves and love what we find there Finalist Chanticleer International Book Awards In the summer of 2010 Heidi Beierle had just finished her first year of graduate studies in community and regional planning and decided to pedal her bicycle solo from her home on the west coast across rural America to the Preserving the Historic Road conference in Washington D C What started as a research trip turned into an intimately physical and psychological encounter with self and nationhood Heidi was 35 at the time and didn't love much about herself except her ability to endure grueling physical undertakings She viewed her journey as an opportunity to fix her failures and insufficiencies There were also some research questions she wanted to explore Why do people live in small towns and what do they like about it Did a bicyclist like herself bring economic benefit to the small towns she visited What could communities do to support or invite cyclists to stay in their towns What could cyclists do to support the communities Along the way she was surprised by the kindness of strangers and the emotional pinch of traveling through Wyoming where she grew up Her journey led her through the Plains and into the Ozarks where the heat climbed to agonizing temperatures and every pedal stroke in the heat felt one closer to death By the time she completed the trip Heidi discovered a newfound compassion for herself and a growing love for her country Strangers opened their hearts to her and in turn she opened her heart to herself And her questions began to change and mirror things many Americans are asking themselves today How can I be okay in my own skin What does it mean to be enough How do I satisfy my desire to travel without harming the planet What does it mean to love America For many young people it is a rite of passage to light out on an adventure to see the world and expose themselves to new experiences but we don't often talk about how Americans seeing America can open us to the diversity awe and wonder available right here in our nation Heidi Across America offers a journey to self love empathy consideration for others and respect for the spirit of place as pathways to find connection and home **Wide Hips, Narrow Shoulders** Monte Lowrance,2001-05-30 This is a story about a 45 year old man who simplifies his life by getting rid of his material possessions and then sets off around America on a bicycle to discover new ideas about his country and himself The journey takes him through all 48 contiguous states and Washington D C **Across America on the Yellow Brick Road** Virginia Mudd,2015-03-10 Imagine reading a Cycling Companion Wanted ad in a bicycling newsletter for a cross America bike trip answering it and setting off two months later with a woman you just met for a 3 500 mile 60 day journey from California to Washington DC Taken from Virginia's journal this tells the story of two twenty nine year old adventurers who fulfill a common dream She recalls exhilarating roads and landscapes tedious miles peaceful times scary experiences personal struggles wonderful encounters with people and the

**Homeless Across America** Kevin E. Lake,2008-04-29 Homeless Across America is the story of a man who went from being a successful stock broker and family man to being a homeless vagabond traveling around the country and living out of the back of his truck Lake s journey took him to the homes of some of our greatest Presidents such as George Washington Abraham Lincoln and Harry Truman He walked the fields of several decisive battles that occurred on our nation s soil such as the Battle of New Orleans and the fight at the Alamo He traveled much of the very coarse that the Lewis and Clark expedition had traveled more than two hundred years ago while mapping out our nation Lake s travels and the experiences they provided for him played a bigger part in his personal life as well They helped him overcome many of the negative feelings he had about his own personal circumstances by causing him to realize that practically anyone who had ever lived as opposed to simply exist had gone through some sort of turmoil in their past but had made it through to go on to see brighter days
