 Ralph Waldo Emerson Walt Whitman and Henry David Thoreau as Americas spiritual birthright It rescues them from literary
 history and reveals them in their true light as democracys prophets of the soul Emerson Whitman and Thoreau were religious
 seers who developed a new form of spirituality and Gospel of the Open Road explains in scholarly yet passionate fashion the
 deep wisdom that is their enduring legacy It presents them as a viable spiritual path for those who do not belong and do not
 want to belong to any organized religion But this book does more It draws fascinating parallels between the new spirituality
 taught by Emerson Whitman Thoreau and ancient spiritual wisdom as found in shamanism Goddess worship Tantra Taoism
 Confucianism Vajrayana and Zen Buddhism and Hinduism This book is an evocative synthesis of humanitys most venerable
 spiritual wisdom and the most modern of philosophical social psychological political scientific and Humanistic concepts It
 traces the New Age spiritual revolution to its source in Emerson Whitman and Thoreau and explains how to apply their
 spiritual teachings to our everyday life here on Earth **Chick Lit and Postfeminism** Stephanie Harzewski, 2011-02-09
 Originally a euphemism for Princeton University's Female Literary Tradition course in the 1980s chick lit mutated from a
 movement in American women's avant garde fiction in the 1990s to become by the turn of the century a humorous subset of
 women's literature journalism and advice manuals Stephanie Harzewski examines such best sellers as Bridget Jones's Diary
 The Devil Wears Prada and Sex and the City as urban appropriations of and departures from the narrative traditions of the
 novel of manners the popular romance and the bildungsroman Further Harzewski uses chick lit as a lens through which to
 view gender relations in U S and British society in the 1990s Chick Lit and Postfeminism is the first sustained historicization
 of this major pop cultural phenomenon and Harzewski successfully demonstrates how chick lit and the critical study of it
 yield social observations on upheavals in Anglo American marriage and education patterns heterosexual rituals feminism and
 postmodern values **Politics in Taiwan** Shelley Rigger, 2002-05-03 This book shows that Taiwan unlike other countries
 avoided serious economic disruption and social conflict and arrived at its goal of multi party competition with little blood

shed Nonetheless this survey reveals that for those who imagine democracy to be the panacea for every social economic and political ill Taiwan's continuing struggles against corruption isolation and division offer a cautionary lesson This book is an ideal one stop resource for undergraduate and postgraduate students of political science particularly those interested in the international politics of China and the Asia Pacific

The German Stranger William H. F. Altman, 2012-06-07 Leo Strauss's connection with Martin Heidegger and Carl Schmitt suggests a troubling proximity to National Socialism but a serious critique of Strauss must begin with F H Jacobi While writing his dissertation on this apparently Christian opponent of the Enlightenment Strauss discovered the tactical principles that would characterize his lifework writing between the lines a faith based critique of rationalism the deliberate secularization of religious language for irreligious purposes and an all or nothing antagonism to middling solutions Especially the latter is distinctive of his Zionist writings in the 1920s where Strauss engaged in an ongoing polemic against Cultural Zionism attacking it first from an orthodox and then from an atheist's perspective In his last Zionist article 1929 Strauss mentions the Machiavellian Zionism of a Nordau that would not fear to use the traditional hope for a Messiah as dynamite By the time of his change of orientation National Socialism was being led by a nihilistic Messiah while Strauss had already radicalized Schmitt's political theology and Heidegger's deconstruction of the ontological Tradition Central to Strauss's advance beyond the smartest Nazis is his Second Cave in which he claimed modern thought is imprisoned only by escaping Revelation can we recover natural ignorance By using pseudo Platonic imagery to illustrate what anti Semites called Jewification Strauss attempted to annihilate the common ground celebrated by Hermann Cohen between Judaism and Platonism Unlike those who attacked Plato for devaluing nature at the expense of the transcendent Idea the migr Strauss effectively employed a new Plato who was no more a Platonist than Nietzsche or Heidegger had been Central to Strauss's Platonic political philosophy is the mysterious protagonist of Plato's Laws whom Strauss accurately recognized as the kind of Socrates whose fear of death would have caused him to flee the hemlock Any reader who recognizes the unbridgeable gap between the real Socrates and Plato's Athenian Stranger will understand why the German Stranger is the principal theoretician of an atheistic re enactment of religion of which genus National Socialism is an ultra modern species
