*Tantra & Erotic Trance* John Ryan Haule, 2012 In Volume One of this study Outer Work we described managing our orgasmic response so as to cultivate erotic trance the altered state of consciousness that is the foundation of all Tantric activity and we used it to climb the diamond ladder of mystical ascent to a rung characterized by the management of overwhelming emotions Now in Volume Two Inner Work we turn our attention away from outer goals having to do with our physiology and our relation to society at large and its prescriptions to the much more subtle interior changes occurring in our consciousness Continuing our climb up the rungs of the diamond ladder we are introduced to the landscape of mysticism a topography whose several regions are each characterized by the mastery of a different psychological capacity Yoga gives us an interior ladder in the form of the subtle body that is comprised of the chakras each of which opens onto a distinctly different emotional realm In this work our feeling function becomes highly differentiated Tibetan mandala meditation disciplines our imaginative capacity as we bring the heavenly palace of copulating gods and goddesses into being By cultivating emptiness we pare away our attachments to the memories that have been holding us back and the aspirations that narrow our future so that we can dwell in the present moment without the props of doctrine and method Passing beyond our personal self we are introduced to the divine oneness of the cosmos pulsing between accomplished union and the vision of that with which we are united We return from such ecstasy to live our temporal lives on two planes simultaneously as spiritual wayfarers

*Laughing Boy* Oliver La Farge,2025-01-01T09:01:00Z Laughing Boy is the name of a young Navajo man living in the American Southwest during the era when the Americans are pushing westward in earnest He s looking to find his way in the world and earn the respect of his tribe when he meets a mysterious and fiery young woman Slim Girl at a tribal meet Slim Girl was raised in an American Indian school a type of boarding school designed by missionaries to civilize the native population Her experiences there left her deeply resentful and this bitterness carries on in her approach to the world where Laughing Boy is optimistic respectful of tradition and comfortable with himself Slim Girl is calculating tough and secretive The two quickly fall in love but Laughing Boy s family warns against the union it seems that Slim Girl has a reputation that precedes her Despite the warning the two begin a life together in a way that blends the traditional with the new American before a dark secret in Slim Girl s past threatens their happiness The story is on its face a love story but La Farge uses the

framework of a romance to explore much deeper questions of tradition native versus Western lifestyles and how the inexorable expansion of Americans into the West changed things for the civilizations living there La Farge was not just a novelist he was also an anthropologist who spent much of his career studying Native Americans the Navajo in particular His deep knowledge of their culture practices and language allows him to create a convincing air of authenticity in the narrative which went on to earn the Pulitzer Prize for Fiction in 1930 This book is part of the Standard Ebooks project which produces free public domain ebooks
