Riel To Reform A History Of Protest In Western Canada:

Riel to Reform George Melnyk, 1992 Traditionally the West has seen itself as a disadvantaged and oppressed region protest against its hinterland status has been part of the Canadian fabric since Louis Riel Written by distinguished Canadian historians political scientists and journalists the 20 essays in *Riel to Reform A History of Protest in Western Canada* examines the legacy of third party politics agrarian revolt and alienation that has come to characterize Western ideology **The Literary History of Alberta Volume Two** George Melnyk, 1998 In this the companion to the landmark volume *The Literary History of Alberta Volume One From Writing on Stone to World War Two* George Melnyk examines Alberta literature in the second half of the twentieth century At last Melnyk argues Alberta writers have found their voice and their accomplishments have been remarkable The contradictory landscape the stereotypes of the Indian the Mountie and the Cowboy and the language of the Other speaking from the margins these elements all left their impressions on the consciousness of early Alberta But writers in the last few decades have turned this inheritance to their advantage to create compelling stories about this place and its people Today Melnyk discovers Alberta writers can appreciate not only this achievement but also its essential source the symbolic communication of *Writing on Stone* *The Literary History of Alberta Volume Two* extends the study of Alberta's cultural history to the present day It is a vital text for anyone interested in Alberta's vibrant literary culture

Nation Maker Richard J. Gwyn, 2012-08-21 1 NATIONAL BESTSELLER John A Macdonald Canada's first and most important prime minister is the man who made Confederation happen who built this country over the next quarter century and who shaped what it is today From Confederation Day in 1867 where this volume picks up Macdonald finessed a reluctant union of four provinces in central and eastern Canada into a strong nation despite indifference from Britain and annexationist sentiment in the United States But it wasn't easy Gwyn paints a superb portrait of Canada and its leaders through these formative years and also delves deep to show us Macdonald the man as he marries for the second time deals with the birth of a disabled child and the assassination of his close friend Darcy McGee and wrestles with whether Riel should hang Indelibly Gwyn shows us Macdonald's love of this country and his ability to joust with forces who would have been just as happy to see the end of Canada before it had really begun creating a must read for all Canadians *The Literary History of Alberta Volume One* George Melnyk, 1998-04 Alberta's contradictory landscape has fired the imaginative energies of writers for centuries The sweep of the plains the thrust of the Rockies and the long roll of the woodlands have left vivid impressions on all of Alberta's writers both those who passed through Alberta in search of other horizons and those who made it their home *The Literary History of Alberta* surveys writing in and about Alberta from prehistory to the middle of the twentieth century It includes profiles of dozens of writers from the earnestly intended to the truly gifted and their texts from the commercial to the arcane It reminds us of long forgotten names and faces figures who quietly or not so quietly wrote the books that underpin Alberta's thriving literary culture today Melnyk also discusses the institutions that have shaped Alberta's literary

culture The Literary History of Alberta is an essential text for any reader interested in the cultural history of western Canada and a landmark achievement in Alberta's continuing literary history **Metis Pioneers** Doris Jeanne

MacKinnon, 2018-03-15 In *Metis Pioneers* Doris Jeanne MacKinnon compares the survival strategies of two Metis women born during the fur trade: one from the French-speaking free trade tradition and one from the English-speaking Hudson's Bay Company tradition who settled in southern Alberta as the Canadian West transitioned to a sedentary agricultural and industrial economy. MacKinnon provides rare insight into their lives, demonstrating the contributions Metis women made to the building of the Prairie West. This is a compelling tale of two women's acts of quiet resistance in the final days of the British Empire *Millennialism and Violence* Michael Barkun, 2012-12-06

As the world approaches the year 2000, many societies are experiencing an unprecedented growth in millenarian movements that anticipate an imminent and total transformation of the world. Many of these movements have been associated with violence, either as a means for producing change or as a response to confrontations with state authority. This book draws together research on this topic from political science, psychology, sociology, and history in an attempt to understand the relationship between millenarian movements and episodes of violence **Intimate Integration** Allyson Stevenson, 2020-12-07

Privileging Indigenous voices and experiences *Intimate Integration* documents the rise and fall of North American transracial adoption projects, including the Adopt Indian and Metis Project and the Indian Adoption Project. Allyson D. Stevenson argues that the integration of adopted Indian and Metis children mirrored the new direction in post-war Indian policy and welfare services. She illustrates how the removal of Indigenous children from their families and communities took on increasing political and social urgency, contributing to what we now call the Sixties Scoop. Making profound contributions to the history of settler colonialism in Canada, *Intimate Integration* sheds light on the complex reasons behind persistent social inequalities in child welfare *Myth of the Sacred*

Donald E. Abelson, Patrick James, Michael Luszti, 2002 A critical look at the interaction of constitutional litigation and politics in Canada following the entrenchment of the Canadian Charter of Rights and Freedoms in 1982 Art of Sharing Mary

Janigan, 2020-07-23 In 1957, after a century of scathing debates and threats of provincial separation, Ottawa finally tackled the dangerous fiscal inequalities among its richer and poorer provinces. Equalization grants allowed the poorer provinces to provide relatively equal services for relatively equal levels of taxation. *The Art of Sharing* tells the dramatic history of Canada's efforts to save itself. The introduction of federal equalization grants was controversial, and wealthier provinces such as Alberta, wanting to keep more of their taxpayers' money for their own governments, continue to attack them today. Mary Janigan argues that the elusive ideal of fiscal equity, in spite of dissent from richer provinces, has helped preserve Canada as a united nation. Janigan goes back to Confederation to trace the escalating tensions among the provinces across decades as voters demanded more services to survive in a changing world. She also uncovers the continuing contacts between Canada and Australia as both dominions struggled to placate disgruntled member states and provinces that blamed the very act of

federation for their woes By the mid twentieth century trapped between the demands of social activists and Quebec s insistence on its right to run its own social programs Ottawa adopted non conditional grants in compromise The history of equalization in Canada has never been fully explored Introducing the idealistic Canadians who fought for equity along with their radically different proposals to achieve it The Art of Sharing makes the case that a willingness to share financial resources is the real tie that has bound the federation together into the twenty first century

Canadian Plains Research Center,2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories **Immigration and Settlement, 1870-1939** Gregory P.
