Right Wrong A Philosophical Dialogue Between Father And Son:

Right & Wrong Paul Weiss, Jonathan Weiss, 1967 *Right & Wrong* Paul Weiss, Jonathan Weiss, 1974 **Toward a Perfected State** Paul Weiss, 1986-06-30
Toward a Perfected State is a testament to the philosophical genius of Paul Weiss. The discussions combine a variety of levels from the most basic categorical distinctions to major figures such as Plato, Aristotle, Hegel, Marx, Rawls, and Northrop to classic documents such as the United States Constitution and the Federalist Papers to practical social and political problems. Paul Weiss is Heffer Professor of Philosophy at the Catholic University of America. He founded the Metaphysical Society of America and The Review of Metaphysics. In a long and distinguished career, Dr. Weiss has published well over 20 books; among them is his multivolumed philosophical journal *Philosophy in Process*, now published by SUNY Press.

Anatomy of What We Value Most William Gerber, 2022-05-16
The book analyzes, synthesizes, and evaluates the insights of the world's outstanding thinkers, prophets, and literary masters on the good, the morally right, and the lovely. Part one: the question whether the world operates on the basis of such universal laws as the logos, the tao, and the principle of polarity. Part two: what there is and isn't in the world, including such categories as existence, reality, being, and nonbeing. Part three: and pre-eminently credible and enriching beliefs about truth, wisdom, and what it all means. Part four: Emphasis is placed on the divergent views of such intellectual giants as Confucius and Lao-tse in ancient China, the classical Hindu philosophers from ancient times to Gandhi, and Tagore, patriarchs and prophets quoted in Scripture, Socrates, Plato, and Aristotle, Saints Augustine and Thomas Aquinas in the Middle Ages, Descartes, Spinoza, Locke, Hume, and Kant, and nineteenth and twentieth century luminaries such as Bentham, Mill, Peirce, James, Dewey, Sartre, and Wittgenstein. The differences and resemblances of their cogitations are portrayed as a conversation of the ages on questions of persistent concern.

Philosophy in Process Paul Weiss, 1987-01-01 *Creative Ventures* Paul Weiss, 1992
Paul Weiss systematically maps creativity in its many manifestations: creative ventures in the arts, in mathematics, and the sciences; in moral development; in social movements; and in government. A truly creative work arises from a combination of factors. Weiss argues that among these factors are two kinds of ultimates, one of which he calls the *Dunamis*, an absolute ground of being of sufficient complexity to warrant an appendix of its own. The other ultimate is divided into five conditions: voluminous, rational, stratifying, affiliating, and coordinating, each of which is primarily operative upon one of the five kinds of creative ventures. Weiss traces the ways these ultimates are combined with the creator's individual being and with the obdurate material at hand as the creator strives toward a creative ideal. The result is the rare, truly creative venture sustaining human existence.

Invisible Loyalties Ivan Boszormenyi-Nagy, 2014-07-22
First published in 1984, this book was written in order to share the authors' experience as family therapists, not only with professionals but with families. We live in an age of anxiety, fear of violence, and questioning of fundamental values. Confidence in traditional values is being challenged. Waves of prejudice seem to endanger our trust in one another and our loyalty to society. The strength of family relations or their effect on individuals is extremely

difficult to measure The authors of this book believe that observable changes in the family do not necessarily alter the member to member impact of family relationships Invisible loyalty commitments to one s family follow paradoxical laws The martyr who doesn t let other family members work off their guilt is a far more powerfully controlling force than the loud demanding bully The manifestly rebellious or delinquent child may actually be the most loyal member of a family

Marijuana decriminalization United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate Juvenile Delinquency,1975 **Philosophy in Process: April 28, 1978-July 28, 1980** Paul Weiss,1963 **The New York Times Book Review** ,1968 **Creativity and Common Sense** Thomas Krettek, SJ,1987-07-01 Paul Weiss is one of the two or three most original and creative philosophers and metaphysicians in America today Creativity and Common Sense reveals why It contains fourteen recent articles on the thought of Paul Weiss by authors who are most familiar with his writings including an essay by Charles Hartshorne that provides a unique perspective on Weiss by one who has known him for his entire career Weiss is shown to be one of the very few contemporary philosophers who examines every area of concern to philosophy and does so on the basis of ontological insights regarding the ultimate elements of reality He begins his philosophical consideration with the evidences offered by the world of common sense and seeks to provide an adequate and comprehensive account of what he finds there The contributors to this collection present and examine many of Weiss strategic insights They help clarify key elements in his thought and thereby contribute to an appreciation and understanding of his work They also make evident the importance of Weiss insights for resolving vexing questions in such diverse areas as the philosophy of science philosophical methodology ethics aesthetics the philosophy of the human person and the philosophy of language This collection makes a significant contribution to the development of Weissian scholarship and to the growing appreciation of the significance of his thought for the discussions of contemporary philosophy **Philosophy in Philosophical Counseling** Ora Gruengard,2023-07-25 Philosophy in Philosophical Counseling Unasked Questions Open Answers offers a base for criticizing approaches to philosophical counseling that fail to be philosophical or relevant to the counselees concerns It analyses the impact of tacit unexamined philosophical assumptions and examines their influence on the search for solutions while explaining how such assumptions may obstruct that search Ora Gruengard argues that conversations in which the participants disagree with each other are the adequate context for calling tacit assumptions into question and exploring alternatives Her research shows how philosophical assumptions change in informal conversations and illuminates their important role in education religious guidance and psychological treatments Nevertheless philosophical issues are best dealt with in explicit philosophical dialogues in which counselees are respected as philosophical partners who are encouraged to think critically and make their own judgments This book addresses counselors dilemmas by presenting examples of hypothetical counseling conversations and true sessions with real people Gruengard also discusses what kind of philosophical knowledge and expertise is necessary for doing the job adequately *The American Scholar* William Allison

Shimer,1976 *Common Faith, Uncommon People* Meir Ben-Horin,1970 *Of Friendship* Marshall Carl Bradley,Philip Blosser,1989 **The Junior College Library Collection** Frank J. Bertalan,1968 *Miscellaneous Materials on Marihuana*,1965 *The British National Bibliography* Arthur James Wells,1970 **Paperbound Books in Print** ,1992 The Political Dialogue of Nature and Grace Caitlin Smith Gilson,2017-03-23

The discourse between nature and grace finds its linguistic and existential podium in the political condition of human beings As Caitlin Smith Gilson shows it is in this arena that the perennial territorial struggle of faith and reason God and man man and state take place and it is here that the understanding of the personal as political as well as the political as personal finds its meaning And it is here too that the divine finds or is refused a home Any discussion of post secular society has its origins in this political dialogue between nature and grace the resolution of which might determine not only a future post secular society but one in which awe is re united to affection solidarity and fraternity Smith Gilson questions whether the idea of pure nature antecedently disregards the fact that grace enters existence and that this accomplishes a conversion in the metaphysical existential region of man s action and being This conversion alters how man acts as an affective moral intellectual social political and spiritual being State of nature theories transformed yet retained in the broader metaphysical and existential implications of the Hegelian Weltgeist are shown to be indebted to the ideological restrictedness of pure nature natura pura as providing the foremost adversary to any meaningful type of divine presence within the polis as well as inhibiting the phenomenological facticity of man as an open nature
