Right Stuff 1st Edition:

The Right Stuff Tom Wolfe, 2008-03-04 Tom Wolfe at his very best The New York Times Book Review The Right Stuff is the basis for the 1983 Oscar Award winning film of the same name and the 8 part Disney TV mini series From America's nerviest journalist Newsweek a breath taking epic a magnificent adventure story and an investigation into the true heroism and courage of the first Americans to conquer space Millions of words have poured forth about man's trip to the moon but until now few people have had a sense of the most engrossing side of the adventure namely what went on in the minds of the astronauts themselves in space on the moon and even during certain odysseys on earth It is this the inner life of the astronauts that Tom Wolfe describes with his almost uncanny empathetic powers that made The Right Stuff a classic *The Publishers' Circular and Booksellers' Record*, 1929 **Tough-Minded Management** 1st ed. Joe D. Batten, 2017-07-31 In this book originally published in 1963 author J D Batten at the time himself the Chairman of the Board of a management consulting and human resources firm in Iowa imparts sound advice and tips to aid managers and management in their important task of improving their effectiveness at all levels The excellence of the book lies in the basic information it has to give to the relatively new manager Personnel Psychology Must reading for anyone who thinks all management books are just a rehash of planning organizing staffing controlling etc Especially recommended NRHA Magazine A totally fresh description of how to turn MBO into a living system practical and highly motivational Buffalo Law Journal Many useful suggestions to offer the executive West Coast Review of Books **Did You Know That...?** Marko Perko, 2016-07-05 Did You Know That Revised and Expanded Edition Surprising But True Facts About History Science Inventions Geography Origins Art Music and More is an uncommon compendium of knowledge that will astound demystify edify and debunk It is a book of ambitious design that is both eminently informative and vastly entertaining Assiduously researched it will be the arbiter of disagreements and will stand cherished misconceptions right on their heads It will also expose factoids unmask present day orthodoxy identify misinformation clarify the confusing and present new information Did You Know That is all you need to know for knowledge is power **The Little Book of OpenBSD Crypto Tools, 1st ed.**, *Huxford's Old Book Value Guide* Bob Huxford, Sharon Huxford, 1992 This totally new fourth edition is intended to be a companion volume Over 25 000 listings are included with current values More than just a price guide you'll also find scores of buyers listed by the type of subject matter they are looking for so it's a selling guide as well **AB Bookman's Weekly**, 1997 **STEM-Professional Women's Exclusion in the Canadian Space Industry** Stefanie Ruel, 2019-01-21 STEM Professional Women's Exclusion in the Canadian Space Industry Anchor Points and Intersectionality at the Margins of Space showcases the how of exclusion of STEM professional women from management and executive positions **The Braxton County Monster Updated & Revised Edition The Cover-up of the "Flatwoods Monster" Revealed Expanded** Frank Feschino, Jr, 2013-08 Frank C Feschino Jr the authority of the Braxton County Monster incident has returned with an Updated and Expanded version of his 2012 book His

State, 1981 *Deep Space Warfare* John C. Wright, 2019-11-14 Since the Cold War outer space has become of strategic importance for nations looking to seize the ultimate high ground World powers establishing a presence there must consider among other things how they will conduct warfare in orbit Leaders must dispense with Buck Rogers notions about operations in space and realize that policies there will have serious ramifications for geopolitics How should nations view space How should they fight there What would space warfare look like and how should strategists approach it Offering critical observations regarding this unique theater of international relations a military professional explores the strategic implications as human affairs move beyond Earth's atmosphere

Spaces for the Future Joseph C. Pitt, Ashley Shew, 2017-08-09 Focused on mapping out contemporary and future domains in philosophy of technology this volume serves as an excellent forward looking resource in the field and in cognate areas of study The 32 chapters all of them appearing in print here for the first time were written by both established scholars and fresh voices They cover topics ranging from data discrimination and engineering design to art and technology space junk and beyond Spaces for the Future A Companion to Philosophy of Technology is structured in six parts 1 Ethical Space and Experience 2 Political Space and Agency 3 Virtual Space and Property 4 Personal Space and Design 5 Inner Space and Environment and 6 Outer Space and Imagination The organization maps out current and emerging spaces of activity in the field and anticipates the big issues that we soon will face

On Orbit and Beyond Douglas A. Vakoch, 2012-12-20 As we stand poised on the verge of a new era of spaceflight we must rethink every element including the human dimension This book explores some of the contributions of psychology to yesterday's great space race today's orbiter and International Space Station missions and tomorrow's journeys beyond Earth's orbit Early missions into space were typically brief and crews were small often drawn from a single nation As international cooperation in space exploration has increased over the decades the challenges of communicating across cultural boundaries and dealing with interpersonal conflicts have become all the more important requiring different coping skills and sensibilities than the right stuff expected of early astronauts As astronauts travel to asteroids or establish a permanent colony on the Moon with the eventual goal of reaching Mars the duration of expeditions will increase markedly as

will the psychosocial stresses Away from their home planet for extended times future spacefarers will need to be increasingly self sufficient while simultaneously dealing with the complexities of heterogeneous multicultural crews On Orbit and Beyond Psychological Perspectives on Human Spaceflight the second considerably expanded edition of Psychology of Space Exploration Contemporary Research in Historical Perspective provides an analysis of these and other challenges facing future space explorers while at the same time presenting new empirical research on topics ranging from simulation studies of commercial spaceflights to the psychological benefits of viewing Earth from space This second edition includes an all new section exploring the challenges astronauts will encounter as they travel to asteroids Mars Saturn and the stars requiring an unprecedented level of autonomy Updated essays discuss the increasingly important role of China in human spaceflight In addition to examining contemporary psychological research several of the essays also explicitly address the history of the psychology of space exploration Leading contributors to the field place the latest theories and empirical findings in historical context by exploring changes in space missions over the past half century as well as reviewing developments in the psychological sciences during the same period The essays are innovative in their approaches and conclusions providing novel insights for behavioral researchers and historians alike Great Warrior Leaders/thinkers ,1989 Crooning John Gregory Dunne,2013-12-12 Funny outrageous cynical and spellbinding People magazine In this first ever digital edition of John Gregory Dunne s acclaimed collection Crooning readers find evidence from the get go confirming the writer s reputation as one of the most clear seeing incisive observers of the American cultural and political scene In sixteen sharp distinctively voiced essays Dunne profiles a blacklisted Hollywood screenwriter who three decades later passed himself off as a young Chicano novelist considers the Kennedy men and conservative William F Buckley takes us inside California s labyrinthine water politics and criminal justice system details the workings of the Los Angeles county morgue and is on the ground observing in Jerusalem just weeks before the intifada enveloped the West Bank and Gaza Strip in 1987 Here too are superbly entertaining accounts of the Hollywood star system and studio machine Dunne drawing on two decades of experience as an L A based journalist and fiction writer with regular forays into screenwriting He is candid and insightful about the business of writing and life of the dedicated writer as well In Laying Pipe Dunne chronicles the five year experience of writing his epic novel The Red White and Blue And in Critical he focuses on book reviews and reviewers from his perspective as an author who along with manifold strong notices also received the occasional critical knock He names names and takes the opportunity to fire back at one of his critics Early in Crooning Dunne tells us that when he tires of the writing grind he fantasizes about being a Johnny Mercer like crooner then reveals a moment later that he is tone deaf The title then is playful and in more than one way Instead of writing sweet narrative melodies Dunne built his career through work that exposes challenges thrums with opinion and bristles with spiky knowing humor Download Crooning and dive into a book of provocative reportage great stories and witty vigorous prose *Information Technology Entrepreneurship and Innovation*

Zhao, Fang, 2008-05-31 It has become a widely recognized fact that entrepreneurs and information technology have become the backbone of the world economy. The increasing penetration of IT in society and in most of industries, businesses as well as the joining forces of entrepreneurship and innovation in the economy reinforce the need for a leading and authoritative research handbook to disseminate leading edge findings about entrepreneurship and innovation in the context of IT from an international perspective. Information Technology Entrepreneurship and Innovation presents current studies on the nature, process and practice of entrepreneurship and innovation in the development, implementation and application of information technology worldwide as well as providing academics, entrepreneurs, managers and practitioners with up to date comprehensive and rigorous research based articles on the formation and implementation of effective strategies and business plans.

Right Stuff 1st Edition: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. Right Stuff 1st Edition : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Right Stuff 1st Edition : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
