Franklin,John F. Hein,2021-02-22 Authors Franklin and Hein have witnessed firsthand difficulties experienced in some black communities They use their knowledge to analyze and discuss the interactions between American policing a subculture of the black community and the BLM movement The authors wrote this book not because of attacks on police officers but because of overzealous actions by officers to shoot black men It describes how blue on black shootings along with police tactics sometimes cause intense citizen responses through public statements outbursts and demonstrations It begins with an examination of the differences between the black and white communities how the same incident can be viewed from two different perspectives and how a discussion can be perceived unbiased by one but biased and unjust by another Because of civil rights efforts American policing is going through a transformation A change in policing tactics must be met with a re evaluation of some cultural norms by the black community They also discuss the lack of support by blacks shown to other blacks when there is an impression of being not black enough The authors believe in political correctness but also believe that political correctness is harming the black community because well recognized negative issues in some communities are not being addressed to avoid criticism of black culture In the final chapter the authors discuss the failure of black leadership to make any earnest effort to rescue a wanting black subculture from itself Finally the authors believe that American policing understands its 21st century obligations and is taking steps to meet them *Homosexuality and the Law* Donald Knutson, J.D.,2014-07-10 A fascinating exploration of how the law as viewed and decided by the courts often embodies fear and prejudice against homosexuality and thereby becomes the instrument for discrimination This valuable book covers a wide range of subjects illustrating the extent to which the lives of gay persons are touched by these laws and providing a highly critical examination of the response by the American judicial system to our claims for equal protection under the law Leading law professors and practicing lawyers address the important legal issues and court decisions relevant to male and female homosexuality criminal punishment for gay sex acts employment discrimination child custody gay organizational rights and more **Vault Guide to the Top Government and Nonprofit Legal Employers** ,2003 For the first time Vault is profiling government and non profit employers with its trademark in depth style Profiles include history and recent news the hiring process for legal professionals pay and perks hours culture training and more *Handbook of Research in the Social*
