Evans, 2005-06 *Ripper Notes Suspects Witnesses* is a collection of essays about the famous unidentified serial killer Jack the Ripper and related topics focusing on a number of people who have been accused of the crimes Andrew J Spallek starts things off with a comprehensive look at the reasons why Montague John Druitt was named as the top suspect by a high ranking police official at the time as well as new information that has been discovered since then Stewart P Evans author of several of the most respected books on the case and a former police officer takes an in depth professional look at George Hutchinson who is sometimes considered a suspect because of the puzzling aspects of the witness statement he gave of a man seen with Mary Jane Kelly the last of the Ripper's known victims shortly before her death Leanne Perry follows with details on Kelly's former lover Joseph Barnett also believed by some to have been her killer and the job he lost as a fish porter at Old Billingsgate Market Wolf Vanderlinden tackles another high profile suspect Dr Francis Tumblety while trying to get to the truth about some of the stories of his life that have always been considered to be damning evidence against him but appear to be quite different from how they have been previously portrayed Jeffrey Bloomfield comes next with the life and crimes of Dr Thomas Neill Cream the man whose executioner claimed was trying to admit to being Jack the Ripper while being hanged for the poisoning deaths of prostitutes in London's East End Don Souden critically examines all the major witness to see how reliable they were in offering clues to the murderer's identity Des McKenna compares the two different versions of Tom Slemen's claims that Claude Reignier Conder should be considered to be Jack the Ripper Tom Wescott then brings the main section to a close with a bang by revealing a largely forgotten contemporary suspect who has not been mentioned in print since the 19th century There are also short pieces on various claims that the killer was locked up in an asylum and not prosecuted because of being insane a look at the current state of Ripperology and reviews of recent books *Ripper Notes* is a nonfiction anthology series covering all aspects of the Jack the Ripper case

Ripper Notes Wolf Vanderlinden, John Hacker, 2004-06-15 *Ripper Notes America Looks at Jack the Ripper* is a collection of essays about the notorious Whitechapel serial killer and related topics It leads off with a newly discovered and never before republished 1892 interview with Assistant Commissioner Robert Anderson of Scotland Yard Anderson was a very important figure in the investigations and made statements later in life that the killer had been identified and put into an asylum This article is accompanied by a short analysis showing why that is unlikely Wolf Vanderlinden then gives an in depth look at the suspects in the 1891 death of prostitute Carrie Brown in New York City a case long connected by many to the earlier string of Ripper killings in the East End of London This is followed by coverage of the 2004 U S Ripper Conference including essays by John Hacker Jack the Ripper and Technology Ripperology in the Twenty First Century and Stan Russo The Strange Case of Dr Hewitt which questions why some suspects are treated more seriously than they probably should be adapted from their presentations there A number of shorter pieces by various authors follows

Michael Gordon, 2000-12-15 Over a century ago a depraved killer skillfully moved through the dark and filthy slums of London's East End Despite the increasingly watchful eyes of investigators the serial murderer known as Jack the Ripper from a signature on a piece of correspondence that has been attributed to him was never certainly identified R Michael Gordon provides a comprehensive look at the crimes and the case evidence and then discusses the life of the man he believes was the actual killer detailing the reasons why this person may have been driven to kill Beginning with an overview of the terror created in the East End of 1888 the book describes the five major periods of the Ripper's deadly career early life and schooling a step by step view of the murders including the Thames Torso Murders that authorities attempted to cover up the Ripper's American connection a return to London where his final victims were subjected to poison and the capture and

execution of the probable but never proven Ripper To most people who worked closely on the Ripper and poisoning cases justice was finally served *Ripper Suspect* D J Leighton,2016-09-23 One of the most popular of all Ripper suspects Montague Druitt appears on the surface an unlikely killer Born into a comfortable bourgeois family he was educated at New College Oxford qualified for the Bar and played cricket for a number of strong club sides But there was another side to the agreeable Mr Druitt He moved in the artistic and aristocratic circles that overlapped with London s secretive homosexual culture was summarily dismissed from his post at a boys school and a few weeks later was found drowned in the Thames just months after the Jack the Ripper murders Six years later Chief Constable Sir Melville Macnaughten named Druitt as the murderer and gave the unhappy barrister a kind of immortality D J Leighton has dug deep into the background to Druitt s unhappy life and uncovered a web of intriguing connections linking the eldest son of the heir to the throne the Cambridge Apostles Sir Arthur Conan Doyle Virginia Woolf and the cricketing legend Prince Kumar Ranjitsinhji The book is a fascinating period piece that deftly weaves together the criminal sporting aristocratic and homosexual worlds of late nineteenth century London in search of the truth behind Macnaughten s surprising allegations This book is an excellent piece of of period crime history with a Jack the Ripper setting It is a colourful Victorian underworld story mixing high society with scandal the golden age of amateur cricket and murder It is the authoritative debunking of the case for Druitt as Jack the Ripper This book weaves together the criminal sporting aristocratic and homosexual worlds of late nineteenth century London in search of the truth behind Sir Melville Macnaughten s surprising allegations *The Jack the Ripper Suspects* Stan Russo,2004-08-05 The legendary Jack the Ripper murdered as many as ten women between the years of 1887 and 1891 in the East End of London The debate over his true identity has never been resolved This unbiased history of the various suspects including two women will give any reader a grounding on which to make an informed decision on the identity Suspects include influential artist Walter Sickert children s author Lewis Carroll Randolph Henry Spencer Churchill father of Winston Churchill and others ranging from doctors and politicians to wandering lunatics The encyclopedic entries provide such features as major events and other biographical data in a suspect s life a complete case chronology for particular suspects and an analysis of the theories The entries describe the research and reasons that have contributed to the suspect s positive or negative candidacy as a viable suspect Within these pages may lie the true Jack the Ripper the author places all the available facts before the reader *Jack the Ripper Suspects: The Definitive Guide and Encyclopedia* Paul Williams,RJ Parker,2018-03-28 In the autumn of 1888 a serial killer known as Jack the Ripper stalked the East End of London He was never identified but hundreds of people were accused Some were known to the authorities at the time and others were named by later researchers The truth about them and the reasons why they came under suspicion is often lost in a plethora of opinions and misinformation For the first time this book presents the evidence against 333 suspects They include the publican who painted his dog the first woman sentenced to the electric chair the writer of the Red Flag the man with a thousand convictions Britain s oldest
