The Body Soviet Tricia Starks, 2009-01-06 In 1918 the People's Commissariat of Public Health began a quest to protect the health of all Soviet citizens but health became more than a political platform or a tactical decision The Soviets defined

and categorized the world by interpreting political orthodoxy and citizenship in terms of hygiene. The assumed political, social, and cultural benefits of a regulated healthy lifestyle informed the construction of Soviet institutions and identity. Cleanliness developed into a political statement that extended from domestic maintenance to leisure choices and revealed gender, ethnic, and class prejudices. Dirt denoted the past and poor politics; health and cleanliness signified mental acuity, political orthodoxy, and modernity. Health, though essential to the revolutionary vision and crucial to Soviet plans for utopia, has been neglected by traditional histories caught up in Cold War debates. *The Body Soviet* recovers this significant aspect of Soviet thought by providing a cross-disciplinary comparative history of Soviet health programs that draws upon rich sources of health care propaganda, including posters, plays, museum displays, films, and mock trials. The analysis of propaganda makes *The Body Soviet* more than an institutional history; it is also an insightful critique of the ideologies of the body fabricated by health organizations. A masterpiece that will thoroughly fascinate and delight readers, Starks's understanding of propaganda and hygiene in the early Soviet state is second to none. She tells the stories of Soviet efforts in this field with tremendous insight and ingenuity, providing a rich picture of Soviet life as it was actually lived. Elizabeth Wood, author of *From Baba to Comrade: Gender and Politics in Revolutionary Russia*, *Rise and Fall Soviet Union*, Tatyana Nestorova, 1993-04-01. *The Rise And Fall Of Communism*, Richard H. Hudelson, 2019-06-21. Writing this book has been a rewarding but challenging experience. Along the way, I have had the helpful comments and criticisms of a number of friends and colleagues: Pat Maus, Susanna Frenkel, Kit Christensen, and Carl Ross read the entire manuscript; Steve Chilton, Milan Kovacovic, and Marina Rummyantseva read parts of it. They and the reviewers for Westview Press have weeded out many errors and forced me to think through a number of difficult points. The errors and confusions that remain do so in spite of their best efforts. I thank them all. I would also like to thank Spencer Carr of Westview Press for his support of this project and for his editorial suggestions, which resulted in major improvements. Finally, thanks to Jean Vileta for her editorial assistance in preparing the manuscript for publication.
