Rise Corrupt And Coming Fall Of The House Of Saud:

The Rise, Corruption and Coming Fall of the House of Saud Saïd K. Aburish, 2005-08-15 The explosive story of the dynasty whose greed and corruption have brought Saudi Arabia to the very brink of bankruptcy a dynasty now on the verge of collapse

The Rise, Corruption, and Coming Fall of the House of Saud Saïd K. Aburish, 1996 Force and Fanaticism Simon Ross Valentine, 2015-01-09 Wahhabism is an Islamic reform movement found mainly in Saudi Arabia Closely linked to the Saudi monarchy it enforces a strict code of morality and conduct monitored by mutawa religious police and governs every facet of Saudi life according to its own strict interpretation of Shariah including gender segregation Wahhabism also prohibits the practice of any other faith even other forms of Islam in Saudi Arabia which is also the only country that forbids women from driving But what exactly is Wahhabism This question had long occupied Valentine so he lived in the Kingdom for three years familiarizing himself with its distinct interpretation of Islam His book defines Wahhabism and Wahhabi beliefs and considers the life and teaching of Muham mad ibn Abd al Wahhab and the later expansion of his sect Also discussed are the rejection of later developments in Islam such as bid ah harmful innovations among them celebrating the prophet s birthday and visiting the tombs of saints the destruction of holy sites due to the fear of idolatry Wahhabi law which imposes the death sentence for crimes as archaic as witch craft and sorcery and the connection of Wahhabism with militant Islam globally Drawing on interviews with Saudis from all walks of life including members of the feared mutawa this book appraises of one of the most significant movements in contemporary Islam Hatred's Kingdom Dore Gold, 2012-04-01 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country Conflict and War in the Middle East Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi s examination of the Middle East wars in the period 1967 91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War *Qatar* Allen J. Fromherz, 2017-06-01 What role does Qatar play in the Middle East and how does it differ from the other Gulf states How has the ruling Al Thani family shaped Qatar from a traditional tribal society and British protectorate to a modern state How has Qatar become an economic superpower with one of the highest per capita incomes in the world What are the social political and economic consequences of Qatar s extremely rapid development In this

groundbreaking history of modern Qatar Allen J Fromherz analyzes the country's crucial role in the Middle East and its growing regional influence within a broader historical context Drawing on original sources in Arabic English and French as well as his own fieldwork in the Middle East the author deftly traces the influence of the Ottoman and British Empires and Qatar's Gulf neighbors prior to Qatar's meteoric rise in the post independence era Fromherz gives particular weight to the nation's economic and social history from its modest origins in the pearling and fishing industries to the considerable economic clout it exerts today a clout that comes from having the region's second highest natural gas reserves He also looks at what the future holds for Qatar's economy as the country tries to diversify beyond oil and gas The book further examines the paradox of Qatar where monarchy traditional tribal culture and conservative Islamic values appear to coexist with ultramodern development and a large population of foreign workers who outnumber Qatari citizens This book is as unique as the country it documents a multifaceted picture of the political cultural religious social and economic makeup of modern Qatar and its significance within the Gulf Cooperation Council and the wider region

Historical Dictionary of Saudi Arabia J.E. Peterson, 2020-03-06 The Kingdom of Saudi Arabia now has been under the spotlight of Western curiosity for more than 80 years More than 15% of the world's total oil reserves lie underneath Saudi Arabia and in the early 1990s the kingdom became the world's largest crude oil producer Not surprisingly a world highly dependent on oil regards the desert kingdom as an area of intense strategic concern as reflected in the coalition of forces assembled on Saudi soil to oust Iraq from Kuwait in 1991 Also it played a major role in the invasion of Saddam Husayn's Iraq in 2003 and shares concern with the West over Iran's nuclear intentions throughout the 21st century This third edition of Historical Dictionary of Saudi Arabia contains a chronology an introduction and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Saudi Arabia

Saudi Arabia and Iran Simon Mabon, 2015-10-21 In the wake of the 1979 Iranian revolution relations between states in the Middle East were reconfigured and reassessed overnight Amongst the most affected was the relationship between Iran and Saudi Arabia The existence of a new regime in Tehran led to increasingly vitriolic confrontations between these two states often manifesting themselves in the conflicts across the region such as those in Lebanon and Iraq and more recently in Bahrain and Syria In order to shed light upon this rivalry Simon Mabon examines the different identity groups within Saudi Arabia and Iran made up of various religions ethnicities and tribal groupings proposing that internal insecurity has an enormous impact on the wider ideological and geopolitical competition between the two With analysis of this heated and often uneasy relationship and its impact on the wider Middle East this book is vital for those researching international relations and diplomacy in the region

Saudi Arabia Anders Jerichow, 2020-11-25 Based on interviews with sources ranging from dissidents to diplomats the book takes the reader behind the wall of piety and medievalism that guards Saudi sensitivities Discussing the ruling family's self

awarded birthright to wealth and power Anders Jerichow questions whether it is possible to ignore the rules of the world and still enjoy the protection of the international community

Following Oil Thomas A. Petrie, 2013-12-17 In a forty year career as an oil and gas investment analyst and as an investment banker and strategic adviser on petroleum sector mergers acquisitions and financings Thomas A Petrie has witnessed dramatic changes in the business In *Following Oil* he shares useful lessons he has learned about domestic and global trends in population and economic growth a maturing resource base variable national energy policies and dynamic changes in geopolitical forces and how these variables affect energy markets More important he applies those lessons to charting a course of energy development for the nation as the twenty first century unfolds By the 1970s when Petrie began analyzing publicly traded securities in the energy sector the petroleum investment market was depressed The rise of the Organization of Petroleum Exporting Countries OPEC pushed energy to the center of the national security calculus of the United States and its allies Price volatility would continue to whipsaw global markets for decades while for consumers cheap gasoline prices soon became a fond memory Eventually as Petrie puts it finding oil on Wall Street became cheaper than drilling for it Petrie uses this dramatic period in oil business history to relate what he has learned from following oil as a securities analyst and investment banker But the title also refers to energy sources that could become available following eventual shrinkage of conventional oil supplies Addressing the current need for greener more sustainable energy sources Petrie points to recent large domestic gas discoveries and the use of new technologies such as horizontal drilling to unlock unconventional hydrocarbons With these new sources the United States can increase production and ensure itself enough oil and gas to sustain economic growth during the next several decades Petrie urges the pursuit of cleaner fossil fuel development in order to buy the time to develop the technical advances needed to bridge the nation to a greener energy future when wind solar and other technologies advance sufficiently to play a larger role

All in the Family Michael Herb, 2016-03-22 Michael Herb proposes a new paradigm for understanding politics in Saudi Arabia and the Gulf He critiques the theory of the rentier state and argues that we must put political institutions and specifically monarchism at the center of any explanation of Gulf politics *All in the Family* provides a compelling and fresh analysis of the importance of monarchism in the region and points out the crucial role of the ruling families in creating monarchical regimes It addresses the issue of democratization in the Middle Eastern monarchies arguing that the prospects for the gradual emergence of constitutional monarchy are better than is often thought

Government and Politics of the Contemporary Middle East Tareq Y. Ismael, 2015-10-05 This exciting new edition of the successful textbook for students of Middle Eastern politics provides a highly relevant and comprehensive introduction to the complexities of a region in constant flux Combining a thematic framework for examining patterns of politics with individual chapters dedicated to specific countries the book places the very latest developments and long standing issues within an historical context introducing key concepts from comparative politics to further explore the interaction between Middle Eastern history and the region's contemporary

political development Presenting information in an accessible and inclusive format the book offers Coverage of the historical influence of colonialism and major world powers on the shaping of the modern Middle East A detailed examination of the legacy of Islam Analysis of the political and social aspects of Middle Eastern life alienation between state and society poverty and social inequality ideological crises and renewal Case studies on countries in the Northern Belt Turkey and Iran the Fertile Crescent Iraq Syria and Lebanon Israel Palestine and those West and East of the Red Sea Egypt and the members of the Gulf Cooperation Council moving through an historical examination to close analysis of the most recent developments and their political and social impacts Extensive pedagogical features including original maps and further reading sections provide essential support for the reader A key introductory text for students of Middle Eastern politics and history at advanced undergraduate and postgraduate levels this new edition has been extensively updated to also become a timely and significant reference for policy makers and any motivated reader

Secret Affairs Mark Curtis, 2018-01-04 This updated edition of *Secret Affairs* covers the momentous events of the past year in the Middle East and at home in the UK It reveals the unreported attempts by Britain to cultivate relations with the Muslim Brotherhood in Egypt after the fall of Mubarak the military intervention on the side of Libyan rebel forces which include pro al Qaeda elements and the ongoing reliance on the region's ultimate fundamentalist state Saudi Arabia to safeguard its interest in the Middle East It illuminates path of Salman Abedi the bomber who attacked Manchester in May 2017 and his terror network how he fought in Libya in 2011 as part of a group of fighters which the UK allowed to leave the country to go and battle against Gadaffi to topple him In this ground breaking book Mark Curtis reveals the covert history of British collusion with radical Islamic and terrorist groups *Secret Affairs* shows how governments since the 1940s have connived with militant forces to control oil resources and overthrow governments The story of how Britain has helped nurture the rise of global terrorism has never been told

Saudi-Israeli Normalization Yossi Mann, 2025-10-17 Offering the first in depth exploration of Saudi Arabia's political social and diplomatic role in the Six Day War this study sheds light on the kingdom's overlooked but pivotal contributions to one of the most consequential conflicts in modern Middle Eastern history Drawing on both newly available material and a fresh analytical approach it also highlights how the war influenced Saudi Arabia's evolving identity and regional positioning Far from being a peripheral actor Saudi Arabia played a crucial role in shaping Arab responses to Israel during and after the 1967 war from economic warfare via the oil embargo to internal shifts in leadership ideology and governance Drawing on archival material and extensive analysis this book situates Saudi Arabia's wartime decisions within the broader framework of its internal transformations and evolving regional ambitions Through a close examination of King Faisal's leadership domestic tensions oil diplomacy and the kingdom's strategic recalibration this study reveals how the Six Day War became a pivotal moment in Saudi Arabia's emergence as a regional power It shows how the conflict reshaped Saudi Israeli dynamics and laid the foundation for the kingdom's complex and at times contradictory approach to Israel in the decades that followed

Essential reading for scholars and students of Middle East politics Gulf studies and international relations this book also appeals to anyone seeking to understand the historical roots of today's Saudi Israeli engagement It offers fresh insights into the intersection of domestic upheaval and regional diplomacy **The Arab Nationalist Advisor** Joseph A.

Kéchichian,2022-11-01 Shaykh Yusuf Yassin 18921962 marked the contemporary history of the Kingdom of Saudi Arabia in his capacity as a favorite advisor who was the founder monarchs confidential secretary relentless envoy and chief foreign policy consultant Born in Latakiyyah Syria Yassin earned the confidence of King Abdul Aziz bin Abdul Rahman Al Saud and moved to Riyadh even before the Third Saudi Kingdom was inaugurated in 1932 After obtaining citizenship he participated in critical decisions reached by the ruler as regional and international actors honed in on the wealth of the Arabian Peninsula Over the course of several decades Yusuf Yassin met with and negotiated on behalf of three monarchs Abdul Aziz and his two successors Saud and Faysal with Arab and global leaders He was present at the creation of the country and suggested that al Saudiyyah be added to its very name Al Mamlakah al Arabiyyah al Saudiyyah which reflected his personality and political outlook as an Arab nationalist who cherished the founder Joseph Kechichian has written the first political biography of the statesman based on original documents the Yassin Papers as well as Western diplomatic correspondence Kechichian provides insights into the Nationalist Al Saud Advisor who left his mark on Saudi Arabia The volume provides essential background on a man who rose from humble origins in Syria to espouse Arabian values and walks the reader through nearly five decades of Arab history including the repercussions of the infamous 1916 SykesPicot Agreement the creation of the League of Arab States and various Arab crises These events experienced and engaged with by Shaykh Yusuf Yassin at the highest political and diplomatic levels set the stage that empowered Saudi Arabia along with other Arab States with the wherewithal to succeed for their respective peoples A Brief History of Saudi Arabia James Wynbrandt,2010 From Saudi Arabia's pre Islamic history to the events of today this book offers a balanced informative perspective on the country's long history Complete with black and white illustrations maps charts a chronology and basic facts this comprehensive overview of the history of Saudi Arabia places the political economic and cultural events of today into a broad historical context

Inequality: Economic and Social Issues Mats Lundahl,Daniel Rauhut,Neelambar Hatti,2024-07-18 Inequalities of opportunity affect a person's life expectancy and access to basic services and human rights through discrimination abuse and lack of access to justice High levels of inequality of opportunity discourage skill accumulation choke economic and social mobility and consequently depress economic growth Inequality also entrenches uncertainty vulnerability and insecurity undermines trust in institutions and government increases social discord and tensions and triggers violence and conflicts This book presents wide ranging perspectives on economic inequality as measured by differences in incomes and wealth The contributors to the book explore how the economy is shaped in such a way as to generate differences in economic and social welfare between individuals regions and nations But the book is not limited to economic perspectives inequality is a many

faceted phenomenon that manifests itself in a number of ways Thus the book begins with a section which highlights some of the standard features of inequality class gender and age The second section explores the manifestation of inequality in terms of differences in income and wealth The third section looks at some of the causes of inequality exploring the effects of discrimination and plunder by those in power The final section serves to drive home the point that geographic and institutional factors have an important place as well when it comes to shedding light on what equality is how it manifests itself and what its consequences are This book will be essential reading for anyone interested in the causes and consequences of economic inequality including those in economics sociology politics and geography Fantastic Reality

Jack Conrad,2012-06-02 Religion as defined by Marxism is fantastic reality Fantastic not in the trite sense that the claims religion makes about existence are verifiably untrue unreal or baseless but in the sense that nature and society are reflected in exaggerated form as leaping shadows as symbols or inversions So religion should not be dismissed as mere false consciousness Religion reflects something of the real but as Jack Conrad s book shows there is even more to it than that Religious ideas are not only determined by reality they can themselves become materially effective The ideas people have in their heads especially when mediated through institutions such as churches mosques and temples no matter how wrapped up in the godly and seemingly unrelated to the corporeal world impact on their surroundings **Global Security**

Watch—Saudi Arabia Matthew Gray,2014-10-07 Examines the causes and consequences of Saudi Arabia s current security policy and the domestic regional and international challenges the country s defense program presents to the general welfare of the Middle East As possessor of a quarter of the world s oil reserves and host to two of the holiest cities in Islam Saudi Arabia is an integral part of the cultural economic and political well being of the Middle East From Persian Gulf security to Middle Eastern politics to the international energy industry events in this desert kingdom strongly impact the stability of the region This comprehensive resource analyzes contemporary Saudi Arabia its modern history the role of Islam and the nature of Saudi foreign relations and reveals how these and other factors dictate and shape the country s current security policies and priorities Middle East expert and author Mathew Gray has organized the work into six sections the first provides an historical overview of the region from the mid 1700s to the 1980s the second explores the Saudi political and security system the third discusses Saudi U S relations the fourth looks at Saudi relations with the Gulf region and the wider Middle East and the fifth considers Saudi Arabia s role in Sunni extremism and terrorism The final chapter looks at emerging security threats for Saudi Arabia The book includes an overview of future challenges and risks including climate change water shortages and problems of Saudi identity and social dispersion *Iran, Iraq and the Arab Gulf States* J. Kechichian,2016-04-30 A decade after the War for Kuwait and two decades after the Iran Iraq War the wider Gulf region remains mired in internal regional and international conflicts *Iran Iraq and the Arab Gulf States* presents analytical perspectives including solution oriented assessments to identify major causes for actual and potential conflicts throughout the Gulf The twenty six papers assembled

in this volume identify trends for the next decade Studies on Iranian Iraqi Saudi and Arab Gulf States political agendas on the domestic regional and international fronts are included along with assessments on pending legal issues including border disputes relations among the Gulf states themselves as well as their complex and evolving ties with several Western powers The study closes with four trends chapters looking at the 2000 2010 period
