Holyoake and C. Watts Charles Watts, Austin Holyoake, 1870 **Children's Songs**, 1993 In each generation black children delightfully rediscover the vibrant rhythmic and sometimes hilarious songs of their heritage Rooted in the fabled empires of Africa and the dark shadows of slavery that heritage includes a history of stubborn defiance against oppressors a deep love for family and an abiding faith in a better world All these elements show up in black children s songs traditional call and response patterns from Africa games based on escape from slave catchers characters from folklore and the Bible work chants courting ballads and gentle lullabies Adding sparkle to this rich mixture are flashes of the humor and courage that enabled a proud people to survive bondage and emerge as strong and free individuals *Numbered Sheet Music with Worship Songs for 8-Note Tongue Drum: Gospel Songbook* Helen Winter, You have never played music before or you cannot read sheet music but you want to play famous and inspiring hymns and spirituals Don t worry You will begin to play right away We made our pictured sheet music as simple as possible You ll play by number coded circles No musical staff or notes The easy to play songs and melodies were adapted especially for beginners The melodies have been transposed to one octave and simplified Also the number coded notations have been added and complex notes and symbols have been reduced Such simplification makes it possible for people to play melodies especially those who can t read music or who have never played music before The steel tongue drum and the handpan are percussion musical instruments designed to help you focus on your feelings sensations and body You don t need classical music training or knowledge of music theory to play them The primary purpose is relaxation meditation and traveling through your inner world No previous training or skills are

necessary to enjoy these fascinating instruments For tongue drums that have numbered musical notation numbers 1 to 7 represent the keys of the diatonic major scale For example a C Major scale would be 1 C do 2 D re 3 E mi 4 F fa 5 G sol 6 A la 7 B ti si 8 i C do Your drum can be numbered from 1 to 8 where 8 is note C of the next octave We use the number 1 with a dot above the digit for this note because the most popular models of tongue drums use this enumeration All songs in this book have been written with numbers because most modern tongue drums have numbers engraved or painted on their keys This book is aimed at those new to music and musical instruments whether child or adult It allows for simple and easy learning that requires no previous knowledge of reading music Because most tongue drums include and are tuned to involve the notes of the main octave all songs from this book are possible to play in one octave You may need to skip some songs if you have less than one octave of keys on your drum Each tongue drum is very different and it is impossible to accommodate songs for all kinds of tongue drums in one book There are the following hymns and spirituals in this book Amazing Grace Babylon s Falling Be Still My Soul Christ Was Born on Christmas Day Deck the Halls with Boughs of Holly Elijah Rock Every Time I Feel the Spirit God Is So Good Great Big Stars Great Day He s Got the Whole World in His Hands Holy Holy Holy I ve Got Peace Like a River Jesus Loves Me Jingle Bells Jolly Old Saint Nicholas Joy to the World The Lord is Come Just As I Am Kumbaya My Lord Michael Row the Boat Ashore O Sanctissima Praise Him All You Little Children Shall We Gather at the River Silent Night Holy Night Sinner Man Soldier of the Cross Song of Praise The First Noel Twinkle Twinkle Little Star We Are Climbing Jacob s Ladder We Are Marching Siyahamba We Wish You a Merry Christmas When the Saints Go Marching In Who Built the Ark

Traditional African Songs and African-American Spirituals for Color Bell Set Helen Winter, This book was written with beginners in mind All songs were written with circles in the musical staff and there are no stems or flags only notes on the line to keep it simple If you are a beginner playing by note can be difficult It is easier to follow color coded circles with note letters Just by following the color circles you will sound like an experienced musician Music bells create an amazing sound and there is no need to worry about being in tune or finger position The unique advantage of bell sets is the fact that each note is created by an individual bell so the notes that are not used in a particular song can be removed and the student has a greater chance for success A handbell orchestra acts as one instrument with each musician responsible for their particular notes sounding their assigned bells whenever those notes appear in the music Give each participant one or two bells and ask them to join in a simple melody Independently whether the player has musical knowledge or not the band will sound harmoniously with just a little bit of training The color of the bells or resonator blocks must be the same as the color of the bells below Our color chromatic scale corresponds to the chakra system C low red D orange E yellow F green G light blue A blue B violet and C high white Each chakra is said to vibrate at a different frequency and is associated with a particular color and particular music note There are two parts of our songbook We present the traditional African songs in the first part and the African American spirituals in the second Part 1 Folk Songs Banuwa Bebe Moke Che Che Koolay Do Do

Number-coded Sheet Music Helen Winter, Are you a beginner who wants to play Christmas songs hymns folksongs and
 spirituals but have never played music or cannot read sheet music Don t worry With our simple picture based sheet music
 you can start playing immediately The songs and melodies have been adapted especially for beginners using number coded
 circles instead of musical staff or notes The sheet music is suitable for 10 17 note kalimbas and the most modern kalimbas
 already have engraved numbers and letters representing the name of the notes The notes become higher as you move away
 from the center and alternate from right to left The songs cover two or three octaves and we use dots to indicate different
 octaves The standard 17 note kalimba contains 3 octaves 1 a full 2nd small octave 2 a 3rd small octave and 3 3 notes from
 the 4th small octave The 2nd small octave goes from C4 to C5 and is depicted in our sheet music as simple numbers The
 notes from the 3rd small octave have numbers with one dot above each number The three notes C6 D6 and E6 in the 4th
 octave are indicated by numbers with two dots above them The numbers and dots will help you to begin to play immediately
 Follow the numbers and enjoy the music Note Some melodies have been changed and simplified for a diatonic range
 Christmas songs are a unique music genre traditionally associated with the celebration of Christmas They can be divided into
 several categories including carols hymns and secular songs Carols are songs that are typically religious in nature and tell
 the story of the birth of Jesus Christ Hymns are sacred songs that are sung in churches during Christmas services are often
 more contemplative in nature Secular Christmas songs are those that are not specifically religious in nature but are still
 associated with the holiday season Regardless of the specific type Christmas songs are an important part of the holiday
 season for many people and are often enjoyed by families and friends as they come together to celebrate the occasion This
 book includes 43 Christmas and gospel songs Away in a Manger Christ Was Born on Christmas Day Deck the Halls Go Tell It
