Rising Like The Tucson:

Sunbelt Rising Michelle Nickerson, Darren Dochuk, 2011-04-14 This volume examines patterns of growth government organization and cultural representation that created a new region across the nation's southern rim following World War II. Essays explain how ideology and political economy restructured space within the Sunbelt making the landscape and lives of its inhabitants more uniformly metropolitan.

Rise Up Jacqueline Hampton-Beverly, 2021-10-08 What she longs for in her heart would come through great trials and pain that would be shielded by a greater love than she ever hoped for. The streets would teach her and the addiction could not hold her because the greatest power in the universe had and have her in His hands. Through it all she had to rise up.

Hitchcock and the Methods of Suspense William Hare, 2015-01-09 Alfred Hitchcock had a gift for turning the familiar into the unfamiliar, the mundane into the unexpected. A director known for planning the entire movie before the first day of filming began by using the storyboard approach, Hitchcock was renowned for his relaxed directing style resulting in an excellent rapport with his actors. Decades later, Hitchcock's films stand as sterling examples of innovative technique infused with meaning that only repeated viewing can reveal. This work examines themes, techniques, and the filmmaking process in 15 of Hitchcock's best-known films: *The 39 Steps*, *Rebecca*, *Shadow of a Doubt*, *Spellbound*, *Notorious*, *Rope*, *Strangers on a Train*, *Rear Window*, *The Man Who Knew Too Much*, *Vertigo*, *North by Northwest*, *Psycho*, *The Birds*, *Frenzy*, and *Family Plot*. It explores the auteur's treatments of psychoanalysis, voyeurism, and collective fears during the Cold War. Also presented are key stories behind several Hitchcock classics such as the director's stormy relationships with Raymond Chandler and David O. Selznick that resulted in synergetic success for some of his most successful films. The book includes numerous photographs and an extensive bibliography.

The People Are Going to Rise Like the Waters Upon Your Shore Jared Yates Sexton, 2018-08-07 Sexton grapples with the Trump campaign from the perspective of the crowds reveling in the candidate's presence and message. It is a useful vantage point given the increasingly blatant bigotry in the months since the election. *The Washington Post*: *The People Are Going to Rise Like the Waters Upon Your Shore* is a firsthand account of the events that shaped the 2016 presidential election and the cultural forces that powered Donald Trump into the White House. Includes an all-new afterword that details the first year of the Trump presidency. With a novelist's flair for the dramatic scene and evocative detail, Sexton expertly marries the quotidian tedium of the campaign trail—so many hotel room beers and the outlandish circumstances of this particular election season—with his astute observations about our polarized national condition. *Salon*: This is the post-campaign book I was waiting for. Essential reading for understanding this country now and going forward.

Alexander Chee, author of *The Queen of the Night*.

Performance, Culture, and Identity Elizabeth C. Fine, Jean Haskell, 1992-10-20 This volume is based on the premise that artistic performance is epistemological a way of knowing self culture and other The nine essays in this book based on a broad range of ethnic racial and gender groups share a common interest in exploring how performance reveals shapes and sometimes transforms personal and cultural identity Editors Fine and Speer begin by examining the interdisciplinary roots of performance studies and the role of performance studies in the field of communication They also discuss the power of performance to shape personal and cultural identity The first two chapters explore the ritual nature of performance in two different cultural contexts an African American church service and an Appalachian storytelling event of the legendary Ray Hicks In both arenas the performers act as shamans transporting the audience from their everyday secular lives to the higher ground of the mythic spheres of heroic and fantastic events The next three chapters discuss the notion of place and performance in various landscapes the English countryside the Blue Ridge Mountains and the farmland of the Midwest Through analysis of the speech and songs of a modern Sussex yeoman the ghost tales of Appalachian storytellers and the narratives of Midwest farmers coping with hard times the authors reveal a variety of ways in which narrative performances function to preserve people's relationship with the land The last four chapters share a focus on women as storytellers One chapter offers a feminist critique of personal narrative research and challenges normative assumptions

about the storytelling behavior of women Another chapter interprets a narration of a Galician woman's typical day to reveal how the performance expresses deeply held attitudes and beliefs of her cultural community Words are not the only medium that women use to tell their stories The next chapter examines the story cloths of Hmong women refugees from Laos as intercultural and dialogical performances The last chapter explores self discovery and identity in the storytelling of a woman in the last years of her life This volume is particularly representative of the ways in which communication scholars approach performance studies but will also interest researchers and students of folklore anthropology sociology theatre and related disciplines
