The Risks of Terrorism W. Kip Viscusi, 2014-01-15

Policy Issues in Insurance Catastrophic Risks and Insurance OECD, 2005-07-06 These conference proceedings present academic analysis country reports and financial insurance company assessments on how to handle losses caused by large scale catastrophes including terrorism and atmospheric perils

A Critical Theory of Counterterrorism Sondre Lindahl, 2018-06-27 This book offers a theory and model of counterterrorism based on emancipation and non violence Critical Terrorism Studies CTS scholars have produced wide ranging and rich critiques of terrorism related research as well as state counterterrorism policies and practices This work aims to fill in a gap in the current literature by constructing an original and specifically CTS model of counterterrorism The model outlines the basic assumptions priorities principles strategies and tactics measures and evaluation of counterterrorism It challenges prevalent models of counterterrorism through a radical rethinking of the ontology epistemology and the agenda of counterterrorism The model aims to prevent future acts of terrorism by 1 re conceptualising how we study and understand terrorism and 2 suggesting that our efforts to counter and prevent terrorism must commensurate with the goals we want to achieve Essentially this involves a commitment to emancipation and a rejection of violence as a tool The second part of the book is a case study of Norwegian counterterrorism which shows how the theory and model developed in the book can be used This is the first substantial analysis of Norwegian counterterrorism in almost ten years and produces encouraging findings which support the potential for non violent solutions to terrorism This book will be of particular interest to students of terrorism and counterterrorism critical security studies and international relations in general

Risk and Society David Denney, 2005-10-03 What does it mean to live in risk society How does the idea of risk change how we live with each other Risk currently dominates individual and collective consciousness Globally insecurity is related to terrorism pollution global epidemics and famine yet smoking sunlight and travel have also become major preoccupations This book provides a powerful and lucid account of risk in society today Denney critically examines the social construction of risk by considering a range of social theories addressing the literature and providing an authoritative guide to the key issues raised An analysis of the nature of risk to aspects of everyday life of the meanings which have been assigned to notions of risk is also considered Finally global themes such as terrorism global regulation governance and developments in international relations are examined This book will be required reading for students of risk within the fields of Sociology International Relations and Media Culture and Communications

Risks, Identity and Conflict Steven Ratuva, Hamdy A. Hassan, Radomir Compel, 2021-07-01 This volume explores the complex interrelation between risk identity and conflict and focuses specifically on ethnicity culture religion and gender as modes of identity that are often associated with conflict in the contemporary world It draws on theoretical perspectives as well as pays special attention to analysis of diverse case studies from Africa

Middle East Europe East and Southeast Asia and Latin America Using various analytical tools and methodologies it provides unique narratives of local and regional social risk factors and security complexities The relationship between risk and security is multidimensional and perpetually changing and lends itself to multiple interpretations This publication provides a new ground for theoretical and policy debates to unlock innovative understanding of risk through analyses of identity as a significant factor in conflict in the world today At the same time it explores ways to address such conflicts in a more people centered empowering and sustainable way **Corporate Risk and National Security Redefined** Karen Lund

Petersen,2012-02-06 Contemporary security policy is no longer a matter of protecting borders or fighting an identified foreign enemy With counterterrorism high on the security agenda private citizens and companies have all come to be seen as central to the aim of providing security Situated within the debate on terrorism risk and security Corporate Risk and National Security Redefined offers a detailed analysis of the role of private companies in American and Danish counter terrorism policies The book shows that a responsabilization strategy is central to both the American and Danish security policy a strategy which tends to portray security as a duty rather than the right that it traditionally has been considered as The study however finds that such strategies have been received very differently in the business communities of the two countries The book brings the corporate understandings of the relation between corporate risk and national security to the fore and let the reader in on a constant conceptual battle and negotiation on the meaning of national security and corporate risk Corporate Risk and National Security Redefined will be of interest to students and scholars of international relations critical security business and terrorism Research, Practices, and Innovations in Global Risk and Contingency Management Strang, Kenneth David,Korstanje, Maximiliano E.,Vajjhala, Narasimha,2018-01-12 Risk management is a vital concern in any organization In order to succeed in the competitive modern business environment the decision making process must be effectively governed and managed Research Practices and Innovations in Global Risk and Contingency Management is a critical scholarly resource that provides an all encompassing holistic discussion of risk management and perception while giving readers innovations on empirical risk contingency management research and case studies Featuring coverage on a broad range of topics such as contingency planning project management and risk mitigation this book is geared towards academicians practitioners and researchers seeking current research on risk and contingency management issues

Frontiers of Space Risk Richard J. Wilman,Christopher J. Newman,2018-06-13 CHOICE Recommended Title March 2019 This book brings together diverse new perspectives on current and emerging themes in space risk covering both the threats to Earth based activities arising from space events natural and man made and those inherent in space activity itself Drawing on the latest research the opening chapters explore the dangers from asteroids and comets the impact of space weather on critical technological infrastructure on the ground and in space and the more uncertain threats posed by rare hazards further afield in the Milky Way Contributors from a wide range of disciplines explore the nature of these risks and

the appropriate engineering financial legal and policy solutions to mitigate them The coverage also includes an overview of the space insurance market engineering and policy perspectives on space debris and the sustainability of the space environment The discussion then examines the emerging threats from terrorist activity in space a recognition that space is a domain of war and the challenges to international cooperation in space governance from the nascent asteroid mining industry Features Discusses developments and risks relevant to the public and private sectors as access to the space environment expands Offers an interdisciplinary approach blending science technology and policy Presents a high level international focus with contributions from academics policy makers and commercial space consultants *The Handbook of International Crisis and Risk Communication Research* Andreas Schwarz,Matthew W. Seeger,Sora Kim,2025-04-22 Global Insights on Navigating Today s Complex Crises Now in its second edition The Handbook of International Crisis and Risk Communication Research offers a timely and comprehensive exploration of the methods challenges and innovations in managing present day global crises and risks Bringing together expert insights from across the fields of communication public relations and social sciences this interdisciplinary volume examines crisis and risk communication through an international lens Each chapter presents unique cultural theoretical and methodological perspectives for managing risk mitigating crises and fostering resilience Amid growing transnational issues such as public health emergencies climate induced disasters and political upheavals the Handbook emphasizes the role of communication in crisis awareness recovery and renewal Contributions by leading scholars and practitioners investigate vital issues such as the impact of misinformation digital technologies and media dynamics in shaping public perception and policy response This revised and expanded edition also reflects recent global threats including climate change the COVID 19 pandemic the war in Ukraine and other cross border crises Equipping readers with the knowledge and frameworks necessary to navigate an increasingly complex and interconnected world The Handbook of International Crisis and Risk Communication Research is perfect for advanced graduate courses and PhD programs in crisis and risk communication as well as crisis managers public relations consultants communication officers and scholars in risk management and communication Risk State Sebastian Maslow,Ra Mason,Paul O'Shea,2016-03-03 The increase of new complex security challenges and the heightening significance of a diverse array of actors has simultaneously posed a challenge to traditional perspectives on international relations and foreign policy and created an opportunity for new concepts to be applied Conventional explanations of Japan s foreign policy have provided us with theoretically predetermined understandings and fallacious predictions Reformulating risk in its application to the study of international relations and foreign policy this volume promises new insights into the analysis of contemporary foreign policy in East Asia and Japan s post Cold War international relations in particular *Terrorizing Ourselves* Benjamin H. Friedman,Jim Harper,Christopher A. Preble,2010 The authors and outlooks collected in this volume represent the clearest most realistic most penetrating thought about America s response to terrorist threats The wider the audience is for views like

these the closer the country will come to an effective sustainable policy for protecting its people and defending its values
JAMES FALLOWS National Correspondent Atlantic Monthly

Risk Discourse and Responsibility Annelie Ädel, Jan-Ola

Östman, 2023-07-15 The widespread view that risk is highly relevant in late modern societies has also meant that the very study of risk has become central in many areas of social studies The key aim of this book is to establish Risk Discourse as a field of research of its own in language studies Risk Discourse is introduced as a field that not only targets elements of risk safety and security but crucially requires aspects of responsibility for in depth analysis Providing a rich illustration of ways in which risk and responsibility can serve as analytical tools the volume brings together scholars from different disciplines within the study of language An Introduction and an Epilogue highlight the intricate relationship between risk and responsibility Part 1 deals with expert and lay perspectives on risk Part 2 with emerging genres for risk discourse Part 3 with risk and technology and Part 4 with ways of managing risk The topics covered such as COVID 19 nuclear energy machine translation terrorism are socially pertinent and timely
