**Teri Finneman,Erika Pribanic-Smith**

## **Rites Of Passage A Memoir Of The Sixti:**

*Rites of Passage* Walt Crowley, 1995 Historian political consultant and former writer for the underground publication *Helix* Walt Crowley blends history and personal reminiscence in this account of a tumultuous era in Seattle's history The last third of the book is devoted to a chronology of major international national local and **Reading Seattle** Peter Donahue, John Trombold, 2014-05-01 Seattle with its spectacular natural beauty and rough frontier history has inspired writers from its earliest days This anthology spans seven decades and includes fiction memoirs histories and journalism that define the city or use it as a setting imparting the flavor of the city through a literary prism *Reading Seattle* features classics by Horace R Cayton Richard Hugo Betty MacDonald Mary McCarthy Murray Morgan and John Okada as well as more recent works by Sherman Alexie Lynda Barry David Guterson J A Jance Jonathan Raban and others It includes cutting edge work by emerging talents and reintroduces works by important Seattle writers who may have been overlooked in recent years The writers featured in this volume explore a variety of neighborhoods and districts within the city delineating urban spaces and painting memorable portraits of characters both historical and fictional **The American Counterculture** Damon R. Bach, 2020-12-03 Restricted to the shorthand of sex drugs and rock n roll the counterculture would seem to be a brief vibrant stretch of the 1960s But the American counterculture as this book clearly demonstrates was far more than a historical blip and its impact continues to resonate In this comprehensive history Damon R Bach traces the counterculture from its antecedents in the 1950s through its emergence and massive expansion in the 1960s to its demise in the 1970s and persistent echoes in the decades since The counterculture as Bach tells it evolved in discrete stages and his book describes its development from coast to heartland to coast as it evolved into a national phenomenon involving a diverse array of participants and undergoing fundamental changes between 1965 and 1974 Hippiedom appears here in relationship to the era's movements civil rights women's and gay liberation Red and Black Power the New Left and environmentalism In its connection to other forces of the time Bach contends that the counterculture's central objective was to create a new superior society based on alternative values and institutions Drawing for the first time on documents produced by self-described freaks from 1964 through 1973 underground newspapers memoirs personal correspondence flyers and pamphlets his book creates an unusually nuanced colorful and complete picture of a time often portrayed in clichéd or nostalgic terms This is the counterculture of love ins and flower children of the Grateful Dead and Jefferson Airplane but also of antiwar demonstrations communes co-ops head shops cultural feminism Earth Day and antinuclear activism What Damon R Bach conjures is the counterculture in all of its permutations and ramifications as he illuminates its complexity continually evolving values and constantly changing components and adherents which defined and redefined it throughout its near decade long existence In the long run Bach convincingly argues that the counterculture spearheaded cultural transformation leaving a changed America in its wake **The Activist 1960s** Robert C. Cottrell, 2023-05-01 Throughout the Long Sixties which spanned much

of the seemingly quiescent 1950s and continued into the 1970s progressive activists sought to change American policy both foreign and domestic Beginning with a civil rights crusade that later expanded to a campaign against the Vietnam War the movement eventually splintered into a series of focuses racial ethnic demographic political cultural gender based and environmental This work details activists efforts to ensure basic rights through fostering civic engagement Chapters demonstrate how the various campaigns within the movement were all successful to some extent but none brought about the results that many desired Nonetheless they contributed to a more open egalitarian participatory and emancipated nation that is still being shaped today

*The Love Israel Family* Charles Pierce LeWarne, 2015-07-21 Winner of the Malstrom Award of the League of Snohomish County Historical Organizations In 1968 a time of turbulence and countercultural movements a one time television salesman named Paul Erdmann changed his name to Love Israel and started a controversial religious commune in Seattle s middle class Queen Anne Hill neighborhood He quickly gathered a following and they too adopted the Israel surname along with biblical or virtuous first names such as Honesty Courage and Strength The burgeoning Love Israel Family lived a communal lifestyle centered on meditation and the philosophy that all persons were one and life was eternal They flourished for more than a decade owning houses and operating businesses on the Hill although rumors of drug use control of members and unconventional sexual arrangements dogged them By 1984 perceptions among many followers that some Family members especially Love Israel himself had become more equal than others led to a bitter breakup in which two thirds of the members defected The remaining faithful about a hundred strong resettled on a ranch the Family retained near the town of Arlington Washington north of Seattle There they recouped and adapted with apparent social and economic success for two more decades In *The Love Israel Family* Charles LeWarne tells the compelling story of this group of idealistic seekers whose quest for a communal life grounded in love service and obedience to a charismatic leader foundered when that leader s power distanced him from his followers LeWarne followed the Family for years attending its celebrations and interviewing the faithful and the disaffected alike He tells the Family s story with both sympathy and balance describing daily life in the urban and later the rural communes and explaining the Family s deeply felt spiritual beliefs The Love Israel Family is an important chapter in the history of communal experiments in the United States

*Soul Woundedness* Paul Houston Blankenship-Lai, 2024-11-05 A profound exploration into the spiritual beliefs and practices of Seattle s unhoused youth *Soul Woundedness* is an intimate piercing book about everyday life for young adults living on the streets of Seattle Based on over five years of research and as a participant observer Paul Houston Blankenship Lai presents the personal experiences of street kids highlighting how their spiritual beliefs and practices offer them comfort a sense of community and a feeling of belonging amidst their struggles They also demonstrate how spirituality on the streets can alienate people from themselves and the world The stories Blankenship Lai tells here are about how social wounds go soul deep and how seemingly antireligious spiritual practices fashioned in an almost unlivable local world help people create a life still worth living By paying deep

sustained attention to what spirituality is like on the streets and what difference it makes Blankenship Lai uncovers an important overlooked dimension in the experience and study of homelessness They invite us to enter these stories and to question how our own spiritual and otherwise practices can help create a more loving love Aimed at a diverse audience Soul Woundedness is a book not merely to educate but to transform It is particularly relevant for those interested in spirituality's role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change making a compelling case for a world where everyone has a place to call home **Carl Maxey** Jim Kershner,2011-12-01 Carl Maxey was in his own words a guy who started from scratch black scratch He was sent at age five to the scandal ridden Spokane Children's Home and then kicked out at age eleven with the only other colored orphan Yet Maxey managed to make a national name for himself first as an NCAA championship boxer at Gonzaga University and then as eastern Washington's first prominent black lawyer and a renowned civil rights attorney who always fought for the underdog During the tumultuous civil rights and Vietnam War eras Carl Maxey fought to break down color barriers in his hometown of Spokane and throughout the nation As a defense lawyer he made national headlines working on lurid murder cases and war protest trials including the notorious Seattle Seven trial He even took his commitment to justice and antiwar causes to the political arena running for the U S Senate against powerhouse senator Henry M Jackson In Carl Maxey A Fighting Life Jim Kershner explores the sources of Maxey's passions as well as the price he ultimately paid for his struggles The result is a moving portrait of a man called a Type A Gandhi by the New York Times whose own personal misfortune spurred his lifelong tireless crusade against injustice Smoking Typewriters John McMillian,2014-08-13 What caused the New Left rebellion of the 1960s In Smoking Typewriters historian John McMillian argues that the underground press contributed to the New Left's growth and cultural organization in crucial overlooked ways **Native Seattle** Coll Thrush,2009-11-23 Winner of the 2008 Washington State Book Award for History Biography In traditional scholarship Native Americans have been conspicuously absent from urban history Indians appear at the time of contact are involved in fighting or treaties and then seem to vanish usually onto reservations In Native Seattle Coll Thrush explodes the commonly accepted notion that Indians and cities and thus Indian and urban histories are mutually exclusive that Indians and cities cannot coexist and that one must necessarily be eclipsed by the other Native people and places played a vital part in the founding of Seattle and in what the city is today just as urban changes transformed what it meant to be Native On the urban indigenous frontier of the 1850s 1860s and 1870s Indians were central to town life Native Americans literally made Seattle possible through their labor and their participation even as they were made scapegoats for urban disorder As late as 1880 Seattle was still very much a Native place Between the 1880s and the 1930s however Seattle's urban and Indian histories were transformed as the town turned into a metropolis Massive changes in the urban environment dramatically affected indigenous people's abilities to survive in traditional places The movement of Native people and their material culture to Seattle from all across the region inspired new identities both

for the migrants and for the city itself As boosters historians and pioneers tried to explain Seattle s historical trajectory they told stories about Indians as hostile enemies as exotic Others and as noble symbols of a vanished wilderness But by the beginning of World War II a new multiracial urban Native community had begun to take shape in Seattle even as it was overshadowed by the city s appropriation of Indian images to understand and sell itself After World War II more changes in the city combined with the agency of Native people led to a new visibility and authority for Indians in Seattle The descendants of Seattle s indigenous peoples capitalized on broader historical revisionism to claim new authority over urban places and narratives At the beginning of the twenty first century Native people have returned to the center of civic life not as contrived symbols of a whitewashed past but on their own terms In Seattle the strands of urban and Indian history have always been intertwined Including an atlas of indigenous Seattle created with linguist Nile Thompson Native Seattle is a new kind of urban Indian history a book with implications that reach far beyond the region Replaced by ISBN 9780295741345

Don't Thank Me For My Service S. Brian Willson, 2018-11-15 Viet Nam veteran S Brian Willson was so shocked by the diabolical nature of the US war against Viet Nam irreversible knowledge as he describes it and his own appalling ignorance from his cultural conditioning that it sparked a lifetime of anti war activism This toxic jolt awakened him to the extent to which he and generations of American citizens had thoughtlessly succumbed to the relentless barrage of lies and propaganda that infest US American culture from the military and political parties to religious institutions academic and educational institutions sports fraternal and professional associations the scientific community the economic system and all our entertainment that seek to rationalize its otherwise inexplicable and morally repulsive behavior globally and at home US American history reveals a unifying theme prosperity for a few through expansion at any cost to preserve the exceptional American Way of Life AWOL This has been structurally guided and facilitated by our nation s founding documents including the US Constitution From the beginning the US was envisaged as a White male supremacist state serving to protect and advance the interests of private and commercial property The US waged war in Viet Nam was not an aberration but one of hundreds in a long pattern of brutal exploitation A quick review of the empirical record reveals close to 600 overt military interventions by the US into dozens of countries since 1798 almost 400 since the end of World War II alone and thousands of covert interventions since 1947 This history overwhelms any rhetoric about the United States as a beacon of freedom and democracy committed to promoting domestic and global equal justice under law These interventions have assured de facto subsidies for US American interests regulated global markets on our terms and provided us with access to cheap or free labor and to raw materials Millions of people around the globe have been murdered with virtual impunity as a result of our interventions in a pattern that illustrates what Noam Chomsky calls the Fifth Freedom the freedom to rob and exploit This freedom is ultimately protected with use of force when a country or movement seeks to protect or advance the domestic needs and desires of its members or citizens for political freedom or economic wellbeing This book provides an invaluable

tool for today's activists however they may be similarly shocked into wakefulness      **Wherever I Go, I Will Always be a Loyal American** Yoon K. Pak, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company

**All-American Rebels** Robert C. Cottrell, 2020-08-08 From women's suffrage to Civil Rights for African Americans to the environment and the gay and lesbian liberation movement the American Left has achieved notable successes in the 20th and 21st centuries Sometimes celebrated and sometimes reviled the Left has taken on many forms and reinvented itself many times over the past century In *All American Rebels* historian Robert C Cottrell traces the rise and fall ebb and flow of left wing American movements Following an overview of early 20th century movements Cottrell focuses on the 1960s to today offering readers a concise introduction and helping them to understand the political and ideological roots of the Left today Cottrell includes chapters on the most recent versions of the American left discussing community organizing gay liberation the women's movement the Campaign for Economic Democracy the nuclear freeze movement opposition to U S intervention in Central America the anti WTO campaign Code Pink Occupy Wall Street Black Lives Matter Antifa and more The demand for and support of democracy and the quest for empowerment in various guises unifies these different lefts to one another and to the general unfolding of American history Cottrell argues that democratic engagement has proven inconsistent and at times outright contradictory The Left has been most successful when it fully embraces a democratic vision      *Reason and Analysis in Ancient Greek Philosophy* Georgios Anagnostopoulos, Fred D. Miller Jr., 2013-06-14 This distinctive collection of original articles features contributions from many of the leading scholars of ancient Greek philosophy They explore the concept of reason and the method of analysis and the central role they play in the philosophies of Socrates Plato and Aristotle They engage with salient themes in metaphysics epistemology ethics and political theory as well as tracing links between each thinker's ideas on selected topics The volume contains analyses of Plato's Socrates focusing on his views of moral psychology the obligation to obey the law the foundations of politics justice and retribution and Socratic virtue On Plato's *Republic* the discussions cover the relationship between politics and philosophy the primacy of reason over the soul's non rational capacities the analogy of the city and the soul and our responsibility for choosing how we live our own lives The anthology also probes Plato's analysis of logos reason or language which underlies his philosophy including the theory of forms A quartet of reflections explores Aristotelian themes including the connections between knowledge and belief the nature of essence and function and his theories of virtue and grace The volume concludes with an insightful intellectual memoir by David Keyt which charts the rise of analytic classical scholarship in the past century and along the way provides entertaining anecdotes involving major figures in modern academic philosophy Blending academic authority with creative flair and demonstrating the continuing interest of ancient Greek philosophy this book will be a valuable addition to the libraries of all those studying and researching the origins of Western philosophy      *Securing the Spectacular City* Timothy A. Gibson, 2004-01-01 Timothy A Gibson tells a compelling story about a decade long effort to build a world class downtown

in the heart of Seattle Escorting readers in to the backrooms of Seattle's political establishment Gibson investigates why city leaders are so willing to commit public money to downtown redevelopment projects Examining whether its downtown has really become as promised everyone's neighborhood thereby benefiting all socio economic classes Securing the Spectacular City uses the Seattle story in order to explore and ultimately to understand the larger social and ethical consequences of spectacular downtown revitalization plans *Many Minds, One Heart* Wesley C. Hogan,2013-01-22 How did the Student Nonviolent Coordinating Committee break open the caste system in the American South between 1960 and 1965 In this innovative study Wesley Hogan explores what SNCC accomplished and more important how it fostered significant social change in such a short time She offers new insights into the internal dynamics of SNCC as well as the workings of the larger civil rights and Black Power movement of which it was a part As Hogan chronicles the members of SNCC created some of the civil rights movement's boldest experiments in freedom including the sit ins of 1960 the rejuvenated Freedom Rides of 1961 and grassroots democracy projects in Georgia and Mississippi She highlights several key players including Charles Sherrod Bob Moses and Fannie Lou Hamer as innovators of grassroots activism and democratic practice Breaking new ground Hogan shows how SNCC laid the foundation for the emergence of the New Left and created new definitions of political leadership during the civil rights and Vietnam eras She traces the ways other social movements such as Black Power women's liberation and the antiwar movement adapted practices developed within SNCC to apply to their particular causes *Many Minds One Heart* ultimately reframes the movement and asks us to look anew at where America stands on justice and equality today

*Killing Thyme* Leslie Budewitz,2016-10-04 In Seattle's Pike Place Market Spice Shop owner Pepper Reece is savoring her business success but soon finds her plans disrupted by a killer in the latest from the national bestselling author of *Guilty as Cinnamon* Pepper Reece's to do list is longer than the shopping list for a five course dinner as she conjures up spice blends bursting with seasonal flavor soothes nervous brides fretting over the gift registry and crosses her fingers for a rave review from a sharp tongued food critic Add to the mix a welcome visit from her mother Lena and she's got the perfect recipe for a busy summer garnished with a dash of fun While browsing in the artists stalls Pepper and Lena drool over stunning pottery made by a Market newcomer But when Lena recognizes the potter Bonnie Clay as an old friend who disappeared years ago the afternoon turns sour To Pepper's surprise Bonnie seems intimately connected to her family's past After Bonnie is murdered only days later Pepper is determined to uncover the truth But as Pepper roots out long buried secrets will she be digging her own grave **Guerrilla USA** Daniel Burton-Rose,2010 In this astonishing microhistory Daniel Burton Rose Captures the pathos of the new Left's bizarre sequel the gang who bombed Seattle Mike Davis author of *In Praise of Barbarians* Essays against Empire and *City of Quartz* Excavatin the Future of Los Angeles **Historic Photos of Seattle**,2006-12-01 By the late nineteenth century the city of Seattle was a vibrant cultural center of the West Fueled by the lumber industry the Klondike Gold Rush of 1896 and the shipbuilding and aeronautics industries the city's economic history

embraces cycles of boom and bust Through changing fortunes Seattle has continued to grow and prosper by overcoming adversity and maintaining the strong independent culture of its citizens Historic Photos of Seattle captures this journey through still photography selected from the finest archives From the Great Fire to the World s Fair the Space Needle to Pike Place Market Historic Photos of Seattle follows life government education and events throughout the city s history This volume captures unique and rare scenes through the lens of hundreds of historic photographs Published in striking black and white these images communicate historic events and everyday life of two centuries of people building a unique and prosperous city Social Justice, Activism and Diversity in U.S. Media History Teri Finneman,Erika

Pribanic-Smith,2023-05-12 This book offers a diverse approach to journalism history told from a multimedia perspective re examining mainstream stories and highlighting contributions that are often overlooked Bringing together a team of prominent journalism historians the volume centers race and ethnicity gender and sexuality class religion disability mental health and generations to tell forgotten stories of journalism s historical influence The book is designed to appeal to Generation Z college students offering budding mass communicators a valuable tool that addresses gaps in historical pedagogy and fosters representation in the classroom Each chapter contains access to video and podcast extras chapter summaries guides to further reading and suggested activities to bring these narratives alive and keep readers engaged Interactive and accessible Social Justice Activism and Diversity in U S Media History is an indispensable resource for Generation Z scholars in mass communication and American history journalists and general readers **The Paradox of Urban Space** S. Sutton,S. Kemp,2011-01-31 As racially based inequalities and spatial segregation deepen further strained by emergent problems associated with climate change ever widening differences between wealth and poverty and the economic crisis this book issues a timely call for just sustainable development
