Berger, 2021-11-24 A Community of Witches explores the beliefs and practices of Neo Paganism and Witchcraft generally known to scholars and practitioners as Wicca While the words magic witchcraft and paganism evoke images of the distant past and remote cultures this book shows that Wicca has emerged as part of a new religious movement that reflects the era in which it developed Imported to the United States in the later 1960s from the United Kingdom the religion absorbed into its basic fabric the social concerns of the time feminism environmentalism self development alternative spirituality and mistrust of authority Helen A Berger s ten year participant observation study of Neo Pagans and Witches on the eastern seaboard of the United States and her collaboration on a national survey of Neo Pagans form the basis for exploring the practices structures and transformation of this nascent religion Responding to scholars who suggest that Neo Paganism is merely a pseudo religion or a cultural movement because it lacks central authority and clear boundaries Berger contends that Neo Paganism has many of the characteristics that one would expect of a religion born in late modernity the appropriation of rituals from other cultures a view of the universe as a cosmic whole an emphasis on creating and re creating the self an intertwining of the personal and the political and a certain playfulness Aided by the Internet self published journals and festivals and other gatherings today s Neo Pagans communicate with one another about social issues as well as ritual practices and magical rites This community of interest along with the aging of the original participants and the growing number of children born to Neo Pagan families is resulting in Neo Paganism developing some of the marks of a mature and established religion *Coming to the Edge of the Circle* Nikki Bado, 2005-08-04 Imagine yourself sitting on the cool damp earth surrounded by deep night sky and fields full of fireflies anticipating the ritual of initiation that you are about to undergo Suddenly you hear the sounds of far off singing and chanting drums booming rattles snaking voices raised in harmony The casting of the Circle is complete You are led to the edge of the Circle where Death your challenge is waiting for you With the passwords of perfect love and perfect trust you enter Death s realm The Guardians of the four quarters purify you and you are finally reborn into the Circle as a newly made Witch *Coming to the Edge of the Circle* offers an ethnographic study of the initiation ritual practiced by one coven of Witches located in Ohio As a High Priestess within the coven as well as a scholar of religion Nikki Bado is in a unique position to contribute to our understanding of this ceremony and the tradition to which it belongs Bado s analysis of this coven s initiation ceremony offers an important challenge to the commonly accepted model of rites of passage Rather than a single linear event initiation is deeply embedded within a total process of becoming a Witch in practice and in community with others *Coming to the Edge of the Circle* expands our concept of initiation while giving us insight into one coven s practice of
