Maria de Zayas Tells Baroque Tales of Love and the Cruelty of Men Margaret Greer, 2011-11-30

Maria de Zayas y Sotomayor 1590-1650 published two collections of novellas *Novelas amorosas y exemplares* 1637 and *Desengaños amorosos* 1647 which were immensely popular in her day. During the nineteenth and early twentieth centuries Victorian and bourgeois sensibilities exiled her scandalous works to the outer fringes of serious literature. Over the last two decades however she has gained an enthusiastic and ever expanding readership drawing intense critical attention and achieving canonical status as a major figure of the Spanish Golden Age. In this first comprehensive study of Zayas's prose Margaret R. Greer explores the relationship between narration and desire analyzing both the desire for readers displayed by Zayas in her Prologue and the sexual desire that drives the telling within the novellas themselves. Greer examines Zayas's narrative strategies through the twin lenses of feminist and psychoanalytic theory. She devotes close attention to the weight of Renaissance literary traditions and the role of Zayas's own cultural context in shaping her work. She discusses Zayas's biography and the reception of her publications her advocacy of women's rights her conflictive loyalty to an aristocratic patriarchal order her crafting of feminine tales of desire and her erasure of the frontiers between the natural and supernatural indeed between love and death itself. In so doing Greer offers an expansive analysis of this recently rediscovered Golden Age writer.
