Catullus and the Poetics of Roman Manhood David Wray,2001-09-06 This book applies comparative cultural and literary models to a reading of Catullus poems as social performances of a poetics of manhood a competitively often outrageously self allusive bid for recognition and admiration Earlier readings of Catullus based on Romantic and Modernist notions of lyric poetry have tended to focus on the relationship with Lesbia and to ignore the majority of the shorter poems which are instead directed at other men Professor Wray approaches these poems in the light of more recent models for understanding male social interaction in the premodern Mediterranean placing them in their specifically Roman historical context while bringing out their strikingly postmodern qualities The result is an alternative way of reading the fiercely aggressive and delicately refined agonism performed in Catullus shorter poems All Latin and Greek quoted is supplied with an English translation

This volume is the first comprehensive commentary on the fourth book of Martial's epigrams. The introduction discusses its date of publication, major themes, Domitian literature, death, the arrangement and form of the epigrams, and some issues concerning the transmission of the text. Of special note is the author's study of the structure of the book. The commentary preceded by the Latin critical text and an English translation aims to provide readers with as much pertinent information as possible to enable them to fully comprehend the epigrams. Attention is paid to style and literary tradition as well as to reality. Both each individual epigram and the book as a whole are studied as finely accomplished works of art. **Ancient Roman**

Literary Gardens K. Sara Myers, 2024 Beginning with Cicero and Varro and ending with Statius and Pliny the Younger, this chapter offers a chronological investigation of the ways in which real and literary gardens developed from the first century BCE to the first century CE as a means of elite masculine self-representation and the reactions of elite Roman men to the increased social and cultural power of villa and horti estates and their grounds. Gardens served as powerful symbols of wealth and as creative displays of the cultural aspirations of their owners in ways that challenged traditional definitions of gardens and of Roman manliness. Since these large-scale gardens are primarily associated with leisure (*otium*), authors are concerned with describing and justifying their activities in these sites as befitting Roman masculine ideals. We can trace a change in attitude towards leisure and the private display of wealth and consequently gardens largely attributed to changes in the socio-political circumstances of the Roman elite in the works of Statius and his contemporary Pliny the Younger, who use laudatory descriptions of extensive villas and grounds as a means of expressing social and literary power. Romanising Oriental Gods

Jaime Alvar Ezquerro, 2008 The traditional grand narrative correlating the decline of Graeco-Roman religion with the rise of Christianity has been under pressure for three decades. This book argues that the alternative accounts now emerging significantly underestimate the role of three major cults of Cybele and Attis, Isis and Serapis, and Mithras. Although their differences are plain, these cults present sufficient common features to justify their being taken typologically as a group. All were selective adaptations of much older cults of the Fertile Crescent. It was their relative sophistication, their combination of the imaginative power of unfamiliar myth with distinctive ritual performance and ethical seriousness that enabled them both to focus and to articulate a sense of the autonomy of religion from the socio-political order, a sense they shared with Early Christianity. The notion of mystery was central to their ability to navigate the Weberian shift from ritualist to ethical salvation.

Eros at Dusk Katherine Wasdin, 2018-05-25 This book analyzes the relationship between wedding poetry and love poetry in the classical world. By treating both Greek and Latin texts, it offers an innovative and wide-ranging discussion of the poetic representation of social occasions. The discourses associated with weddings and love affairs both foreground ideas of persuasion and praise, even though they differ dramatically in their participants and their outcomes. Furthermore, these texts make it clear that the brief idealized and eroticized moment of the wedding stands in contrast to the long-lasting and

harmonious agreement of the marriage At times these genres share traditional forms of erotic persuasion but at other points one genre purposefully alludes to the other to make a bride seem like a paramour or a paramour like a bride Explicit divergences remind the audience of the different trajectories of the wedding which will hopefully transition into a stable marriage and the love affair which is unlikely to endure with mutual affection Important themes include the threshold the evening star plant and animal metaphors heroic comparisons reciprocity and the blessings of the gods and sexual violence and persuasion The consistency and durability of this intergeneric relationship demonstrates deep seated conceptions of legitimate and illegitimate sexual relationships By examining these two types of poetry in tandem Eros at Dusk adds fresh insight into the social concerns and generic composition of these occasional poems

The Cambridge Companion to Roman Satire Kirk Freudenburg, 2005-05-12 Satire as a distinct genre of writing was first developed by the Romans in the second century BCE Regarded by them as uniquely their own satire held a special place in the Roman imagination as the one genre that could address the problems of city life from the perspective of a real Roman In this Cambridge Companion an international team of scholars provides a stimulating introduction to Roman satire s core practitioners and practices placing them within the contexts of Greco Roman literary and political history Besides addressing basic questions of authors content and form the volume looks to the question of what satire does within the world of Greco Roman social exchanges and goes on to treat the genre s further development reception and translation in Elizabethan England and beyond Included are studies of the prosimetric Menippean satires that would become the models of Rabelais Erasmus More and narrative satire s crowning jewel Swift
