Tamizdat Yasha Yakov Klots, 2023-05-15 Tamizdat offers a new perspective on the history of the Cold War by exploring the story of the contraband manuscripts sent from the USSR to the West A word that means publishing over there tamizdat manuscripts were rejected censored or never submitted for publication in the Soviet Union and were smuggled through various channels and printed outside the country with or without their authors knowledge Yasha Klots demonstrates how tamizdat contributed to the formation of the twentieth century Russian literary canon the majority of contemporary Russian classics first appeared abroad long before they saw publication in Russia Examining narratives of Stalinism and the Gulag Klots focuses on contraband manuscripts in the 1960s and 70s from Khrushchev's Thaw to Stagnation under Brezhnev Klots revisits the traditional notion of late Soviet culture as a binary opposition between the underground and official state publishing He shows that even as tamizdat represented an alternative field of cultural production in opposition to the Soviet regime and the dogma of Socialist Realism it was not devoid of its own hierarchy ideological agenda and even censorship Tamizdat is a cultural history of Russian literature outside the Iron Curtain The Russian literary diaspora was the indispensable ecosystem for these works Yet in the post Stalin years they also served as a powerful weapon on the cultural fronts of the Cold War laying bare the geographical stylistic and ideological rifts between two disparate yet inextricably intertwined fields of Russian literature one at home the other abroad Open Access edition funded by the National Endowment for the Humanities **Alan Clarke** Dave Rolinson, 2013-07-19 The British television director Alan Clarke is primarily associated with the visceral social realism of such works as his banned borstal play *Scum* and his study of football hooliganism *The Firm* This book uncovers the full range of his work from the mythic fantasy of *Penda's Fen* to the radical short film on terrorism *Elephant* Dave Rolinson uses original research to examine the development of Clarke's career from the theatre and the studio system of provocative television play strands of the 1960s and 1970s to the increasingly personal work of the 1980s which established him as one of Britain's greatest directors Alan Clarke examines techniques of television direction and proposes new methodologies as it questions the critical neglect of directors in what is traditionally seen as a writer's medium It raises crucial issues in television studies including aesthetics authorship censorship the convergence of film and television drama documentary form narrative and realism *Aleksandr Solzhenitsyn and the*
