

Love Has No Meaning To The Heartless

**The world is full of cruel people that will lead you on,
Fake love for the fun of it under the golden sun,
Taking advantage of your mind, soul and heart,
Only to entertain themselves before they tear you apart,**

**Expecting love from a heartless person is like,
Expecting a legless man to ride a mountain bike,
Like describing the vibrant colours of a rainbow to the blind,
Or explaining complex theories to a man who has lost his mind,**

**It is like playing the piano for a person who cannot hear,
Or buying earrings for a woman who has lost each ear,
It is like trying to convey the beauty of a touch on the skin,
To a person who is numb because of neuronal problems within,**

**It is like describing lovely scents to a woman that cannot smell,
Impossible and meaningless acts that will put you through hell,
Like explaining to a man without a tongue of the wonders of taste,
Just as giving love to the heartless, all of it just goes to waste.**

Sudbury, 2016-04-28 Is there another way of understanding the spiritual path A way which binds to human universal values which breaks free from the concept of orthodoxy which goes beyond denominational walls and regulatory legalist stakes to appeal to the constitutive essence of the human being that considers the concept of religion as a tool and not as a target and that focuses on a real life transformation of the ones deciding to project their lives on a transcendental plane The author believes so and takes us in the wake of the thought of Panikkar on a path to discover a new perspective linked to orthopraxis to live our faith Scientific Government and Self-government Rolf A. and Existence Yousef Sh'hadeh, 2021-10-06 This study reveals important aspects in the contents of the poetic achievement of Hatif Janabi the son of the Arab environment with its ancient culture and at the same time a companion of Polish culture which is distinguished among European societies by its unique Slavic character Janabi's poetry expresses a great sensitivity to the hardships of life in a world of painful alienation revealing anxieties of expatriation and the writer's philosophy of existence This is what makes his poetry an expression of human concerns and a revelation close to the soul not to mention its great intellectual value that makes it a true representative of two ancient cultures Eastern and European The topics of Janabi's poetry are varied as they touch on many aspects of a person's life his being setbacks hopes and disappointments They highlight multiple manifestations of human savagery and draw attention to the humanization of animals and objects in search of traits that humans had lost Just as the contents of the poetic texts attract the attention of the reader and the critic their semantic and rhetorical predicates also arouse interest Interpretations of the texts and their titles reveal the aesthetics of poetic contexts and their symbolic and intellectual value Poetry becomes the partner of the desert and emptiness simultaneously both are the source of the creator's fear Despite the clear contradiction between dark poetry and lit space Janabi unites these two opposites into one whole which can be comprehended only by poets It is only they who are able to envision a complete life among wild sands filled with secrets In this lies the symbolism of the desert unveiling its surreal nature filled with the abundance of various images and contradictions impossible to notice by means of an inattentive glance The poet can do nothing but worriedly push away all fears of getting lost in this completely dark world **Delphi Collected**

The Erotic Phenomenon Jean-Luc Marion, 2024-07-12 While humanists have pondered the subject of love to the point of obsessiveness philosophers have steadfastly ignored it One might wonder whether the discipline of philosophy even recognizes love The word philosophy means love of wisdom but the absence of love from philosophical discourse is curiously glaring So where did the love go In *The Erotic Phenomenon* Jean-Luc Marion asks this fundamental question of philosophy while reviving inquiry into the concept of love itself Marion begins his profound and personal book with a critique of Descartes' equation of the ego's ability to doubt with the certainty that one exists I think therefore I am arguing that this is worse than vain We encounter being he says when we first experience love I am loved therefore I am and this love is the reason I care whether I exist or not This philosophical base allows Marion to probe several manifestations of love and its variations including carnal excitement self-hate lying and perversion fidelity the generation of children and the love of God Throughout Marion stresses that all erotic phenomena including sentimentality pornography and even boasts about one's sexual conquests stem not from the ego as popularly understood but instead from love A thoroughly enlightening and captivating philosophical investigation of a strangely neglected subject *The Erotic Phenomenon* is certain to initiate feverish new dialogue about the philosophical meanings of that most desirable and
