Propertius: A Hellenistic Poet on Love and Death Theodore D. Papanghelis, 1987-05-28 The bond between love and death has long been recognised as a defining characteristic of the elegies of Propertius but scholars have rarely clarified how or to what degree Propertius differed from other love poets in associating these themes In this book Dr Papanghelis traces the radical way in which Propertius dealt with amorous and morbid fantasies in his poems He argues that the modes of erotic expression used in the elegies are fundamentally unconventional to the point that the definitions of love and death are

interdependent This book offers a detailed reading of some of the most stimulating and problematic of Propertius elegies offering fresh insight on the question of the poet's sensuous temperament and the significance of the love death relationship in his works *Love Finds a Home* Janette Oke, 2004-02 Book 8 of the bestselling Love Comes Softly series Leaving her little prairie town Belinda Davis never dreamed that the excitement of living in Boston would leave her restless and empty inside Wealth literature travel and romance touched her life with choices and decisions that brought dissatisfaction rather than joy She discovered that only when God had first place in her life was her peace restored Belinda once again faces decisions about her life that are no less difficult than before A very unexpected responsibility makes the choice even harder **No**
