

Love after Love

Derek Walcott

Reprinted by permission of Faber from *Collected Poems* (1986)

The time will come
when, with elation,
you will greet yourself arriving
at your own door, in your own mirror,
and each will smile at the other's welcome,

and say, sit here. Eat.

You will love again the stranger who was your self.
Give wine. Give bread. Give back your heart
to itself, to the stranger who has loved you

all your life, whom you ignored
for another, who knows you by heart.
Take down the love letters from the bookshelf,

the photographs, the desperate notes,
peel your own image from the mirror.
Sit. Feast on your life.

European Literary History Maarten De Pourcq, Sophie Levie, 2018-02-28 This clear and engaging book offers readers an introduction to European Literary History from antiquity through to the present day Each chapter discusses a short extract from a literary text whilst including a close reading and a longer essay examining other key texts of the period and their place within European Literature Offering a view of Europe as an evolving cultural space and examining the mobility and travel of literature both within and out of Europe this guide offers an introduction to the dynamics of major literary networks international literary networks publication cultures and debates and the cultural history of Europe as a region as well as a concept Robert Browning and the Gothic Imagination Justin Gilbert, 2025-12-02 The poetry of Robert Browning 1812-89 makes unmistakable use of the tropes of the eighteenth century Gothic novel but only in the last few years has there been any interest in the poet's wider relationship with the genre Building on recent critical literature Robert Browning and the Gothic Imagination is the first study systematically to demonstrate Gothic's importance in Browning's intellectual formation and development It shows how a Gothic perspective enables him to explore complex and obscure emotions in his characters while giving some of his most important poems the narrative propulsion of popular fiction In doing so it restores Browning to a place at the heart of nineteenth century Gothic literature The book will be of interest to academics and postgraduate students in the fields of Victorian literature and Gothic studies **Metaphysical Shadows** Sean H. McDowell, 2022-03-01 Metaphysical Shadows The Persistence of Donne Herbert Vaughan and Marvell in Contemporary Poetry examines the ways in which the poetry of John Donne George Herbert Henry Vaughan and Andrew Marvell continues to speak to working poets today Modern Anglophone poets from T S Eliot and Archibald MacLeish in the 1920s and 1930s to

Seamus Heaney Maureen Boyle Alfred Corn Anne Cluysenaar Kimberly Johnson and Jericho Brown in the twenty first century have found in the work of John Donne George Herbert Henry Vaughan and Andrew Marvell a strikingly modern intellectualism an emotional intensity and a verbal richness that have inspired their own poems Traces of this inspiration appear in echoes allusions direct responses and similarities in approach and method as poets create new work in their own distinct voices Such contemporary engagements furnish us with cues for how literary studies might approach the literature of the past without sacrificing it in the name of critique They also demonstrate the continuing relevance of seventeenth century English metaphysical poetry in the twenty first century The poems of Donne Herbert Vaughan and Marvell still have the power to cast shadows

Michelangelo on Parnassus Gandolfo Cascio, 2022-02-28 Michelangelo wrote the Poems to directly confront themes to which as an artist he could not give the type of expression that he wished To do so he chose harsh language which was distant from the transparent idiom of the Cinquecento Critics have generally been cautious often hostile toward his second trade By contrast writers appreciating their quality have greeted his poems in a completely different manner This book presents an original investigation of the relationship of a variety of authors Varchi Aretino Foscolo Wordsworth Stendhal Mann Montale Morante and others with Buonarroti's verse Through close analysis of the texts it shows why Michelangelo should hold a more noble position on Parnassus than that which historiography has hitherto granted him This book is a translation of Michelangelo in Parnaso La ricezione delle Rime tra gli scrittori Venice Marsilio Editori 2019

Making Strange Herbert Grabes,2008-01-01 This compact indispensable overview answers a vexed question Why do so many works of modern and postmodern literature and art seem designed to appear strange and how can they still cause pleasure in the beholder To help overcome the initial barrier caused by this strangeness the general reader is given an initial non technical description of the aesthetic of the strange as it is experienced in the reading or viewing process There follows a broad survey of modern and postmodern trends illustrating their staggering variety and making plain the manifold methods and strategies adopted by writers and artists to make it strange The book closes with a systematic summary of the theoretical underpinnings of the aesthetic of the strange focussing on the ways in which it differs from both the earlier aesthetic of the beautiful and the aesthetic of the sublime It is made amply clear that the strangeness characteristic of modern and postmodern art has ushered in an entirely new third kind of aesthetic one that has undergone further transformation over the past two decades Beyond its usefulness as a practical introduction to the aesthetic of the strange the present study also takes up the most recent cutting edge aspects of scholarly debate while initiates are offered an original approach to the theoretical implications of this seminal phenomenon The Routledge Handbook of International Beat Literature A. Robert

Lee,2018-05-16 Beat literature Have not the great canonical names long grown familiar Ginsberg Kerouac Burroughs Likewise the frontline texts still controversial in some quarters assume their place in modern American literary history On the Road serves as Homeric journey epic Howl amounts to Beat anthem confessional outcry against materialism and war Naked Lunch with its dark satiric laughter envisions a dystopian world of power and word virus But if these are all essentially America centered Beat has also had quite other literary exhalations and which invite far more than mere reception study These are voices from across the Americas of Canada and Mexico the Anglophone world of England Scotland or Australia the Europe of France or Italy and from the Mediterranean of Greece and the Maghreb and from Scandinavia and Russia together with the Asia of Japan and China This anthology of essays maps relevant other kinds of Beat voice names texts The scope is hemispheric Atlantic and Pacific West and East It gives recognition to the Beat inscribed in languages other than English and reflective of different cultural histories Likewise the majority of contributors come from origins or affiliations beyond the US whether in a different English or languages spanning Spanish Danish Turkish Greek or Chinese The aim is to recognize an enlarged Beat literary map its creative internationalism *Seamus Heaney* Richard Rankin Russell,2016-09-13 The first detailed introduction to the entirety of Seamus Heaneys workThis study will enable readers to gain clearer understanding of the life and major works of Seamus Heaney It considers literary influences on Heaney ranging from English poets such as

Wordsworth Hughes and Auden to Irish poets such as Kavanagh and Yeats to world poets such as Virgil and Dante It shows how Heaney was closely attuned to poetry's impact on daily life and current events even as he articulated a convincing apologia for poetry's own life and integrity Discussing Heaney's deep immersion in Irish Catholicism this book demonstrates how faith influenced his belief system poetry and politics Finally it also considers how deeply Heaney's artistic endeavours were intertwined with politics in Northern Ireland especially through his embrace of constitutional nationalism but rejection of physical force republicanism Key Features Includes sections on biography historical cultural and political contexts poetry and other genres as well as a concluding section on primary works and secondary criticism Pays special attention to the marriage of form and content in the poetry and how they work together to express subtle shades of meaning Offers close readings of Heaney's canonical poems throughout his career including the early seminal poems such as Digging the bog poems and his many elegies such as Casualty Station Island and Clearances Draws on drafts of the poems and prose at the Heaney archives at Emory University and the National Library of Ireland
