When Your Mate is No Longer Significant! Richard L. Sartore,2001-04-30 Although the major highlight of this writing is on men and women in modern marital commitments I also offer recommendations applying to couples looking to improve their lives when a new significant person appears In certain instances despite conscientious efforts beneficial coupling does not inevitably follow However my foremost concern is with strengthening weakened ties by identifying problems and taking steps offering healing potential When things go wrong between two individuals the relationship is jeopardized This happens frequently with young people and those in marriages and romantic affairs The signs that a relationship is in trouble are not always obvious It is therefore crucial to recognize red flags that manifest warnings At times the signs look clear but we fail to notice This writing cites behaviors that threaten a potentially sound relationship Moreover the book addresses what can be done and lists possible resources that help to heal a splintered pair I would eagerly like to declare that all relationships can be salvaged but this is simply not the case The book focuses on traditional relationships but there are alternatives Alternatives include single individuals in a non marital state homosexual males and females extended families communes group marriages and so forth Strong relationships exist and fall under the closeness of a loving relationship Certainly

marriage options are not new History clearly demonstrates cultural varieties The title WHEN YOUR SIGNIFICANT OTHER IS NO LONGER SIGNIFICANT is not intended to illustrate a therapeutic process involved with ameliorating relationships Rather it discusses danger signals possibly warranting professional help When you first commit to the love of your life your mate is the significant other No one is as sensitive understanding humorous and loving The match was undoubtedly made in heaven That's the way we would like things to go for life But what happens Where did the loving relationship problems begin Did you even know a serious problem existed No one has a magic bullet or guarantee But there are common sense love approaches

Honoring God with Body and Mind Steven D. Hoogerwerf, 2019-11-13 Have you ever wondered how it would look to live out a Christian sexual ethic amid the varied and confusing sexual messages that are part of modern culture Does the Christian tradition provide us with a way to think about and act on our natural God given sexual desires Honoring God with Body and Mind invites readers to consider these questions and some ways of answering them by guiding them into a conversational style of moral reflection Unlike many books about Christians and sex this one doesn t simply tell you what to do or not to do Instead you will be led to think about how the meaning of sex can provide sexual boundaries but also how the relational dimension of sex and the virtue of sexual integrity can provide a context for sexual decision making Informed by many years of conversations with college students the author also invites you to think about practical questions such as these Can men and women be friends without the
