Love At All Ages:

Teknologi KKK. Erik Åhlén, Sven-Olof Schedvin, 1978 **Love at All Ages** Angela Thirkell, 2001 Love in the Third Age Don Chapman, 2015-11-06 Love in the Third Age is set in the beautiful present day Willunga Basin of South Australia at a time in Bruce River's life when his youthful vitality has drained from his body and all he is left with is the memory. An overweight divorced out of love aged care worker Bruce is about to turn sixty and coming face to face with the burning question to do or to decline. Bruce's life is presented as a roller coaster ride of battles with a bad back, impotence and diminishing career prospects while at the same time telling the comic stories of his online love life and his nearest and bitterest. Some of his friends are in their third age and going through similar confronting experiences. His clients and mother are in their fourth age and having a tough time. His much younger ex-girlfriend hasn't even thought about getting older and is bent on revenge against him and won't take any prisoners. Other characters are equally challenged by aging but flying brilliantly above the mess. At times Bruce is torn apart as he must witness the struggles of those aging before his very eyes. He is gripped by the writing on his own wall, battered and bruised by a cunning woman scorned yet determined to find a way through the rest of his life that will bring purpose, dignity, lasting love and some kind of inner peace. If you're approaching, experiencing or even worn down by aging, Love in the Third Age may just turn all that around and give you many moving and funny moments to laugh at both on your own and with others.

Essig,2019-02-05 The notion of happily ever after has been ingrained in many of us since childhood meet someone date have the big white wedding and enjoy your well deserved future But why do we buy into this idea Is love really all we need Author Laurie Essig invites us to flip this concept of romance on its head and see it for what it really is an ideology that we desperately cling to as a way to cope with the fact that we believe we cannot control or affect the societal economic and political structures around us From climate change to nuclear war white nationalism to the worship of wealth and conspicuous consumption as the future becomes seemingly less secure Americans turn away from the public sphere and find shelter in the private Essig argues that when we do this we allow romance to blind us to the real work that needs to be done building global movements that inspire a change in government policies to address economic and social inequality
