Love Sexuality And Matriarchy About Gender:

Love, Sexuality, and Matriarchy Erich Fromm, 2024-02-27 A fascinating collection of essays on the complicated relations between men and women from the New York Times bestselling author of *The Art of Loving* The New York Times Book Review The renowned social psychologist delves deep into the fraught relationship between genders drawing upon the influential insights of Bachofen Freud Marx and Briffault Not primarily interested in the existence of anatomical and biological differences between the sexes Fromm instead analyzes how these differences have been made use of throughout human history Drawing from Bachofen's *Mother Right* Fromm expounds on how matriarchal and patriarchal social structures determine relations between the sexes in essential ways and how they are shaped by the dominant orientation of the social character at any given time He posits that the most important question concerning gender relations is which characterological orientation determines human relationships love or hate love of life or fascination with force Thus it will not be gender conflict that will determine humanity's future but whether we opt for love of life or love of death As these essays show Fromm was a wide ranging thinker whose writings sometimes manifested brilliant insights or practical wisdom Kirkus Reviews

Love, Sexuality, and Matriarchy Erich Fromm, 1997 One of the world's most widely read psychoanalysts Erich Fromm was a groundbreaking thinker on gender and sex issues which have come to have a profound impact on psychology in recent years He believed that a state of war has existed between the sexes for some six thousand years a guerrilla war which followed the triumph of men over women and reorganized society on the basis of male domination turning women into the property of men As long as we fail to acknowledge this state of war dating back to the dawn of history Fromm said we will never understand the psychology of men and women In *Love Sexuality and Matriarchy About Gender* his most significant contributions about the problematic relations between men and women some never before available in English are brought together for the first time They reveal Fromm as a pioneer of many of today's most challenging ideas about gender BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Erich Fromm's Critical Theory* Kieran Durkin, Joan Braune, 2020-04-16 Interest in Fromm is increasing as a prominent Marxist sociologist psychoanalytic theorist and public intellectual the unique normative humanist thrust of his writings provides a crucial critical reference point for those seeking to understand and transcend the societal pathologies of our age The essays in this volume retrieve revive and expand upon Fromm's central insights and contributions They offer a critical theory of culture the self psychology and society that goes beyond what is typical of the narrower concerns of the fragmented and isolated disciplines of today demonstrating the pan disciplinary potential of Fromm's work But this book does not simply reassert Fromm's ideas and rehash his theories but rather reconstructs them to bring them into meaningful dialogue with contemporary ideas and cultural political and economic developments Providing new approaches to Fromm's ideas and work brings them up to date with contemporary problems and debates in theory and society and helps us understand the challenges of our times

Utopia and Education. Studies in Philosophy, Theory of Education and Pedagogy of Asylum Rafał Włodarczyk, 2022-01-01

Utopia and Education is an original contribution of the philosophy and theory of education which also enters the fields of disciplines other than pedagogy and uses their approaches and achievements. The work is part of utopian studies and complements its discourse with a less marked path of philosophy and theory of education. Moreover, in the context of pedagogy and education, it takes up a number of issues whose significance goes beyond the conventional framework of a single discipline: utopia, ideology, social criticism, fundamentalism, democracy, populism, translation, transdisciplinarity, and knowledge transfer, socialisation, school as one of the social institutions, etc. The work not only reconstructs knowledge about specific phenomena relevant to education and pedagogy but also proposes an original solution to educational problems in the form of the concept of asylum pedagogy. The approach to these phenomena is well reflected in the division of the book into two parts. The book, apart from references to researchers associated with utopian studies, addresses ideas of such figures of the humanities and social sciences as Emmanuel Levinas and Erich Fromm; their concepts were earlier used by the Author in two monographs. Besides, there are references to Bronisław Baczko, George Steiner, Jacques Derrida, Michael Walzer, Hannah Arendt, Janusz Korczak, and Ilan Gurevich. Throughout the work, the Author attempts to combine the perspectives of critical pedagogy and dialogue, finds inspiration in the achievements of the Warsaw School of the History of Ideas, and draws on Jewish thought and tradition.

The Dunayevskaya-Marcuse-Fromm Correspondence, 1954-1978 Kevin Anderson, Russell Rockwell, 2012-01-01. This volume contains the correspondence during the years 1954 to 1978 between Marxist Humanist and feminist philosopher Raya Dunayevskaya (1910-87) and the Hegelian Marxist philosopher and social theorist Herbert Marcuse (1898-1979) and the psychologist and social critic Erich Fromm (1900-80). The exchanges show the deeply Marxist and humanist concerns of these theorists while also highlighting their significant differences on key issues in philosophy, politics, and psychology during the turbulent decades of the 1950s, 1960s, and 1970s.

Amazons in America Keira V. Williams, 2019-03-06. With this remarkable study, historian Keira V. Williams shows how fictional matriarchies produced for specific audiences in successive eras and across multiple media constitute prescriptive, solution-oriented thought experiments directed at contemporary social issues. In the process, *Amazons in America* uncovers a rich tradition of matriarchal popular culture in the United States. Beginning with late nineteenth-century anthropological studies which theorized a universal prehistoric matriarchy, Williams explores how representations of women-centered societies reveal changing ideas of gender and power over the course of the twentieth century and into the present day. She examines a deep archive of cultural artifacts, both familiar and obscure, including L. Frank Baum's *The Wizard of Oz* series, Progressive-era fiction like Charlotte Perkins Gilman's utopian novel *Herland*, the original 1940s *Wonder Woman* comics, midcentury films featuring nuclear families, and feminist science-fiction novels from the 1970s that invented prehistoric and futuristic matriarchal societies. While such texts have at times served as sites of feminist theory, Williams unpacks their cyclical nature and, in doing so, pinpoints some of the

premises that have historically hindered gender equality in the United States Williams also delves into popular works from the twenty first century such as Tyler Perry's Madea franchise and DC Comics Warner Bros globally successful film Wonder Woman which attest to the ongoing presence of matriarchal ideas and their capacity for combating patriarchy and white nationalism with visions of rebellion and liberation Amazons in America provides an indispensable critique of how anxieties and fantasies about women in power are culturally expressed ultimately informing a broader discussion about how to nurture a stable equitable society

From Eve to Dawn: A History of Women in the World Volume I Marilyn

French, 2008-04-01 The first volume of the New York Times bestselling author's monumental and unprecedented history Consistently thought provoking The New York Review of Books The internationally celebrated author of *The Women's Room* Marilyn French spent over fifteen years with a team of researchers and prominent historians examining women's lives and activities in civilizations and societies spanning the ages Beginning in prehistory Origins moves on to examine women's lives in ancient Egypt China India Peru Mexico Greece and Rome In her reconstruction of wars laws and other activities affecting both women and men French also traces the worldviews underpinning them She also depicts how women's relationship to Judaism Christianity and Islam changed for good and bad over the centuries She backs up even her more controversial theories with an impressive accumulation of academically accepted historical anthropological and sociological sources Written in concise understated language this is a significant addition to literature on women's studies and history Publishers Weekly

The Radical Humanism of Erich Fromm K. Durkin, 2014-09-04 This book shortlisted for the British Sociological Association's Philip Abrams Memorial Prize 2015 argues that Fromm is a vital and largely overlooked contribution to twentieth century intellectual history and one who offers a refreshingly reconfigured form of humanism that is capable of reintegrating explicitly humanist analytical categories and schemas back into social theoretical and scientific considerations

Erich Fromm and the Quest for Solidarity Lawrence Wilde, 2016-04-30 Erich Fromm and the Quest for Solidarity argues that Fromm's humanistic ethics provides a framework for the analysis of alienation in affluent societies and his exploration of the social forces capable of challenging that alienation It examines his work on authoritarianism the experience of work the struggle against patriarchy the dangers of consumerism and the manipulation of needs the urgent need to revive democracy and the challenge of the emerging one world Never losing sight of the ancient dream of human solidarity Fromm's explicitly ethical approach exerts a compelling relevance to a range of issues in contemporary social and political theory

Erich Fromm and Critical Criminology Kevin Anderson, Richard Quinney, 2000 Linking the writings of the great humanist psychologist Erich Fromm to criminology this collection shows how viewing crime patterns and the criminal justice system from Fromm's humanist perspective opens a path to more effective and more humane ways of understanding and dealing with crime and criminals Contributors to *Erich Fromm and Critical Criminology* draw on Fromm's writings on alienation sadomasochism and patriarchal matriarchal values to assess the kinds of crimes being committed and the kinds of people

committing them They explore the spiritual and intellectual sources of Fromm's thought including Jewish theology Freudian psychoanalysis Marxism and Buddhism and demonstrate how his socialist humanism points toward a society free of crime and violence This volume also includes translations of two of Fromm's early articles on criminal justice never before available in English in which he develops a psychoanalytic Marxist critique of the role of criminal justice in a class society At a time when American society seems bent to an unprecedented degree on imprisonment executions and other violent responses to the problem of crime Fromm's humanist critique offers a unique vantage point from which to renew and develop a critical criminology

The War of Ideas Walid Phares, 2025-04-16 From Afghanistan and Iraq to Europe and the United States we are engaged in one of the most heated wars of all time In this incisive new book the man that has been called the only one to understand the mind of the jihadist shows that the most important battle is actually taking place in the hearts and minds of the world's population This is the war of ideas where ideology is the most powerful weapon of all Phares explores the beliefs of two opposing camps one standing for democracy and human rights and the other rejecting the idea of an international community and calling for jihad against the West He reveals the strategies of both sides explaining that new technologies and the growing media savvy of the jihadists have raised the stakes in the conflict And most urgently he warns that the West is in danger of losing the war for whereas debate and theorizing rarely translate into action here ideas and deeds are inextricably linked for the forces of jihad

The Future of Religion Michael R. Ott, 2007 This book contains the work of international scholars who address the contemporary globalizing antagonism between religion and secularity in the theoretical and practical pursuit for this antagonism's reconciliation in a more just humane and peaceful future society and world

Ebook: Theories of Personality Jess Feist, Gregory Feist, Tomi-Ann Roberts, 2014-10-16 The 8th edition of *Theories of Personality* follows in the tradition of the previous versions by centering on the premise that personality theories are a reflection of the unique cultural background family experiences personalities and professional training of their originators The book begins by acquainting students with the meaning of personality and providing them with a solid foundation for understanding the nature of theory as well as its crucial contributions to science The chapters that follow present twenty three major theories coverage of each theory also encompasses a biographical sketch of each theorist related research and applications to real life Changes in the 8th edition included a new chapter 8 on evolutionary personality theory focusing on the work of David Buss The Related Research sections in each chapter have also been updated

The Dialectics of the Religious and the Secular, 2014-05-28 *The Dialectics of the Religious and the Secular* Studies on the Future of Religion contains the work of fifteen international scholars who have wrestled with the question of the relevancy meaning and future of religion within the context of the increasing antagonisms between the religious and secular realms of modern civil society and its globalization Through their chosen topics in analyzing these issues in the 20th and 21st centuries each author also indicates the possibility of mitigating if not preventing the continuation of this antagonism by historically moving toward a

more reconciled and humane future global society Contributors are Branko An i Aleksandra Baranova Roland T Boer Francis Brassard Dustin Byrd Donald Devon III Neven Duvnjak Jan W R Fennema Denis R Janz Dinka Marinovi Jerolimov Gottfried K enzlen Mislav Kuko Michael R Ott Rudolf J Siebert and Ivica Sokol Alchemists of Human Nature Petteri Pietikainen,2015-10-06 A study of Modernist utopias of the mind This book examines the psychodynamic writings of Otto Gross C G Jung Wilhelm Reich and Erich Fromm It argues utopianism became increasingly important to the fundamental ambitions of all four thinkers and places the utopian impulse with the historical context of the early twentieth century

Conversing on Gender G. G. Bolich,2007-08 *Conversing on Gender* is as its subtitle indicates a primer for entering the broad conversation on gender that can be found both inside and outside of academic circles The book considers the relation of gender to sex and sexuality reviews prominent theories of gender and covers basic gender issues Marxism's Ethical Thinkers L. Wilde,2016-01-20 In Marxism s uneasy relationship with ethics a small number of prominent theorists considered it imperative to highlight the moral principles implicit in Marx s social theory and to develop these ethics in the light of changing conditions They developed a humanistic Marxism in stark contrast to the crude end justifies the means approach of Stalinism This collection brings together analyses by leading scholars on those thinkers who made significant contributions to ethical thinking within the Marxist tradition Kautsky Bloch Fromm Marcuse Lefebvre Macpherson and Heller

Resilience and Courage Nechama Tec,2003-01-01 1 copy signed copy *Capitalism's Future* ,2016-05-30 Capitalisms Future Alienation Emancipation and Critique frames 21st century economic and social possibilities in a dialogue between two forms of critical social theory Marx s critique of political economy that analyzes capitalism and the critique of political psychology that analyzes authoritarianism Contributions from social theorists in sociology philosophy and cultural studies are brought together to dissect and critique capitalist crises left liberalism left Thatcherism resistance to risk pooling idealist philosophy undemocratic social character status wages and authoritarian spectacles Throughout Marx s centrality to critical social theory is confirmed both alone and in in powerful combination with Adorno Durkheim Dubois Lacan Veblen Weber and others This book outlines conjoined critiques of commodity fetishism and authority fetishism as the emancipatory agenda of 21st century critical theory Contributors are Kevin S Amidon Graham Cassano Tony A Feldmann Daniel Krier Christian Lotz Patrick Murray David Norman Smith Tony Smith William J Swart and Mark P Worrell **Complexities** Susan McKinnon,Sydel Silverman,2005-06 This book mobilizes experts from several fields of anthropology cultural archaeological linguistic and biological to offer a compelling challenge to the resurgence of reductive theories of human biological and social life It presents evidence to contest such theories and to provide a multifaceted account of the complexity and variability of the human condition Back cover
