Metaphysics An Adventure In Selfdiscovery:

Metaphysics Peter Dennis,2004

Hypnosis, Channeling and Raising Consciousness Peter Dennis,2019-04-15

Peter Dennis is a hypnotist and has done many past life regressions with his clients A few years ago some of Peter s clients while visiting past lives started reporting lives on other planets This prompted Peter to pursue this further and in so doing a number of clients began to channel After five women began Channeling Peter wrote this book detailing some of the concerns inhibitions and fears that these women dealt with as they pursued this adventure After discovering that hypnosis could be a very effective route to Channeling Peter s hypnosis practice is now mainly focused on helping people to become Channelers Peter is not a Channeler but is referred to as a Channeling Facilitator as he helps people to make a Channeling connection strengthen that connection and if the client wishes take that talent to the public More about this can be seen on Peter s website at peterhdennis com Channeling takes many forms When we get ideas or inspirations chances are that we are Channeling Intuitive flashes can be Channeling Authors songwriters composers inspired speakers all have moments of Channeling This book is not about these more subtle forms of Channeling but rather it s about what might be called Conscious Channeling or Overt Channeling and sometimes Trance Channeling What then is Channeling As you may know our scientists have been telling us that everything at the sub atomic level is composed of a vibrating energy and that everything and everyone has his her its own unique rate of vibration So for Channeling to work the Channeler has to raise his or her vibration and the sender has to lower its vibration so that a match can be made and a connection established Once that connection is established the sender sends a message telepathically and the receiver or Channeler uses his or her brain voice box vocal cords and perhaps some other things to receive and vocalize that information Like a lot of things in our lives these days we don t have to fully understand how something works to benefit from using it and Channeling is much the same We don t have to understand the Physics of Channeling in order to figure out if the content of the channeled messages works for us or not This book is also an introduction to Spirituality and it offers many messages and explains many metaphysical concepts It is the Author s hope that you will find that these messages expand your thinking raise a number of new questions and bring you more peace

Spirituality, Understanding It and Pursuing It Peter Dennis,2015-01-15 Do you know

exactly what Spirituality is Do you know how spiritual you are and how your spirituality may be trending Are you aware of anything that might be blocking your spiritual growth Any ideas on how you can develop your spirituality Is there any point in becoming more spiritual This book on spirituality answers these questions and it takes on many of life s other big questions such as Who are we What is our purpose What is the nature and purpose of the Creator Some books on these subjects give us definitions and guidance for playing the game of life better This book is a manual for graduating out of the game

The Channeling Connection Peter Dennis,2023-09-11 There are three parts to this book Part one explains what channeling is and describes in detail how Peter leads clients through the process of becoming channelers The second part contains 20

profiles of channeled beings These 20 beings were channeled by channelers who Peter has worked with through the past several years Part three outlines what Peter considers to be the top ten messages that these beings are sending to all of humanity at this time The beings featured in this book are Andromedans Angels Anshars Archangels Arcturians Ascended Masters Dragons Gaia Hathors Higher Selves Jesus Pleiadians Sirians Soldier Source Spirit Guides The Council of Elders The Divine Realm The Galactic Federation and The Guardians of Light The Adventure of the Human Intellect Kurt A. Raaflaub,2016-04-27 The Adventure of the Human Intellect presents the latest scholarship on the beginnings of intellectual history on a broad scope encompassing ten eminent ancient or early civilizations from both the Old and New Worlds Borrows themes from The Intellectual Adventure of Ancient Man 1946 updating an old topic with a new approach and up to date theoretical underpinning evidence and scholarship Provides a broad scope of studies including discussion of highly developed ancient or early civilizations in China India West Asia the Mediterranean and the Americas Examines the world view of ten ancient or early societies reconstructed from their own texts concerning the place of human beings in society and state in nature and cosmos in space and time in life and death and in relation to those in power and the world of the divine Considers a diversity of sources representing a wide array of particular responses to differing environments circumstances and intellectual challenges Reflects a more inclusive and nuanced historiographical attitude with respect to non elites gender and local variations Brings together leading specialists in the field and is edited by an internationally renowned scholar

Radical Ecopsychology Andy Fisher,2012-02-01 Personal in its style yet radical in its vision Radical Ecopsychology offers an original introduction to ecopsychology an emerging field that ties the human mind to the natural world In order for ecopsychology to be a force for social change Andy Fisher insists it must become a more comprehensive and critical undertaking Drawing masterfully from humanistic psychology hermeneutics phenomenology radical ecology nature writing and critical theory he develops a compelling account of how the human psyche still belongs to nature This daring and innovative book proposes a psychology that will serve all life providing a solid base not only for ecopsychological practice but also for a critical theory of modern society *The Channeling Connection, Book Two* Peter Dennis,2025-06-05 This Book Two is presented in three parts Part One offers an updated explanation of channeling and describes in detail how Peter guides clients through the process of becoming channelers The second part features 20 new profiles of channeled beings or collectives channeled by channelers Peter has worked with over the past several years Part Three outlines 40 distinct messages that these beings or groups are sending to all of humanity during these times The beings featured in this book include Alert Einstein The Anunnaki Goddess Athena The Blue Avians Buddha The Central Sun Commander Ashtar The Druids The Elementals Kuan Yin St Germain The Lyrans The Mantis Mary Magdalene Merlin Mother Mary The Pyramids The Sasquatch Trees and Water Reality and Mystical Experience F. Samuel Brainard,2010-11-01 Responding to our modern disillusionment with any claims to absolute truth regarding morality or reality this book offers a conceptual approach for

discussing absolutes without denying either the relevance of divergent religious and philosophical teachings or the evidence supporting postmodern and poststructuralist critiques Case studies of mysticism within Advaita Vedanta Hinduism Mahayana Buddhism and Nicene Christianity demonstrate the value of this approach and offer many fresh insights into the metaphysical presuppositions of these religions as well as into the nature and value of mystical experience Like Douglas Hofstadter's *Gödel Escher Bach* this book finds ultimate reality to be rationally graspable only as an eternal fugue of pattern and paradox Yet it does not so much counter other philosophical views as provide a conceptual tool for understanding and classifying incommensurable views Radical Ecopsychology, Second Edition Andy Fisher, 2013-01-01 Expanded new edition of a classic examination of the psychological roots of our ecological crisis *Unitary Caring Science* Jean Watson, 2018-07-16 Unitary Caring Science The Philosophy and Praxis of Nursing takes a profound look at conscious intentional reverential caring healing as sacred practice praxis and as a necessary turn for survival Jean Watson posits Unitary Caring Science for the evolved Caritas conscious practitioner and scholar A detailed historical discussion of the evolution from Caring Science toward Unitary Caring Science reflects the maturing of the discipline locating the nursing phenomena of wholeness within the unitary field paradigm An exploration of praxis as informed moral practice results in an expanded development of the ten Caritas processes resulting in a comprehensive value guide to critical Caritas literacy and ontological Caritas praxis Watson writes for the Caritas Conscious Nurse™ or the Caritas Conscious Scholar Practitioner Educator on the journey toward the deeper caring healing dimensions of life Unitary Caring Science offers a personal professional path of authenticity bringing universals of Love Energy Spirit Infinity of Purpose and Meaning back into nurses lives and their life's work Unitary Caring Science serves as a continuing evolving message to the next generation of nurse scholars and healing health practitioners committed to a praxis informed by mature disciplinary consciousness Individual customers will also receive a secure link to select copyrighted teaching videos and meditations on www.watsoncaringscience.org
