National Question In Yugoslavia:

The National Question in Yugoslavia Ivo Banac, 2015-08-11 Even before it collapsed into civil war ethnic cleansing and dissolution Yugoslavia was an archetypical example of a troubled multinational mosaic a state without a single national base or even a majority Its stability and very existence were challenged repeatedly by the tension between the pressures for overarching political cohesion and the defense of separate national identities and aspirations In a brilliant analysis of this complex and sensitive national question Ivo Banac provides a comprehensive introduction to Yugoslav political history His book is a genetic study of the ideas circumstances and events that shaped the pattern of relations among the nationalities of Yugoslavia It traces and analyzes the history and characteristics of South Slavic national ideologies connects these trends with Yugoslavia s flawed unification in 1918 and ends with the fatal adoption of the centralist system in 1921 Banac focuses on the first two and a half years in the history of the Kingdom of the Serbs Croats and Slovenes because in his view this was the period that set the pattern for subsequent development of the national question The issues that divided the South Slavs and that still divide them today took on definite form during that time he maintains Banac provides extensive treatment of all of Yugoslavia s nationalities his sections on the Montenegrins Albanians Macedonians and Bosnian Muslims are unique in the literature In this unbiased account all of the principals and groups assume a tragic fascination When published in 1984 *The National Question in Yugoslavia* was the first complete introduction to the cultural history of the South Slavic peoples and to the politics of Yugoslavia and it remains a major contribution to the scholarship on modern European nationalism and the stability of multinational states

Nationalism and Yugoslavia Pieter Troch,2015-08-18 Created after World War I Yugoslavia was a combination of ethnically religiously and linguistically diverse but connected South Slav peoples Slovenes Croats and Serbs but also Bosnian Muslims Macedonians and Montenegrins in addition to non Slav minorities The Great Powers and the country's intellectual and political elites believed that a coherent identity could be formed in which the different South Slav groups in the state could identify with a single Balkan Yugoslav identity Pieter Troch draws on previously unpublished sources from the domain of education to show how the state's nationalities policy initially allowed for a flexible and inclusive Yugoslav nationhood and how that system was slowly replaced with a more domineering and rigid top down nationalism during the dictatorship of King Alexander I who banned political parties and coded a strongly politicised Yugoslav national identity As Yugoslav society became increasingly split between the pro Yugoslav central regime and anti Yugoslav opposition the seeds were sown for the failure of the Yugoslav idea Nationalism and Yugoslavia provides a valuable new insight into the complexities of pre war Yugoslavia

Yugoslavia Dejan Jović,2009 The disintegration of Yugoslavia was the result of many factors not of a single one but the primary one the author argues was commitment of the Yugoslav political elite to the Marxist ideology of withering away of the state Ideology had a central place in Yugoslav politics The trend of decentralization of Yugoslavia was not primarily motivated by reasons of ethnic politics but by Marxist beliefs that the state should be decentralized and weakened until it was finally replaced by a self managing society especially the case during the extended period of the last 15 years before the actual breakdown of the Yugoslav socialist federation Yugoslavia A State that Withered Away examines the emergence implementation crisis and the breakdown of the fourth Kardelj's constitutive concept of Yugoslavia 1974 1990 and relations between anti statist ideology of self management and the actual collapse of state institutions

Yugoslavia's Ruin Cvijeto Job,2002 This remarkable book combines analysis and memoir to offer the unique perspective of an informed insider who lived through Yugoslavia's demise Cvijeto Job's powerful and provocative story of Yugoslavia's birth rise and brutal destruction is intertwined with his family history as he probes deeply into the causes and legacies of Yugoslavia's ruin The result is a sober assessment of the successes and unflinching critique of the failures of Tito's Yugoslavia and how policies that were intended to ameliorate the country's ethnic tensions were corrupted or abandoned ending in its undoing Job argues passionately for the intervention of the international community in Yugoslavia and offers concrete suggestions for preventing future ethnic atrocities Anyone reading his book will come to think more deeply about the ways in which the web of history and collective political culture weave the fates of nations and individuals in times of crisis

New Perspectives on Yugoslavia Dejan Djokić,James Ker-Lindsay,2010-10-04 Nearly twenty years after it ceased to exist as a multinational

federation Yugoslavia still has the power to provoke controversy and debate Bringing together contributions from twelve of the leading scholars of modern and contemporary South East Europe this volume explores the history of Yugoslavia from creation to dissolution Drawing on the very latest historical research this book explains how the country came about how it evolved and why eventually it failed From the start of the twentieth century through the First World War the interwar years and the Second World War to the road to socialism under President Tito and the wars of Yugoslav succession in the 1990s this volume provides up to date analysis of the causes and consequences of a range of events that shaped the development of this remarkable state across its various iterations The book concludes by examining post conflict relations in the era of European integration Traversing ninety years of history this volume presents a fascinating story of how a country that once served as the model for multiethnic states around the world has now become a byword for ethno national fragmentation and conflict Contributors include Dejan Djoki James Ker Lindsay Connie Robinson Mark Cornwall John Paul Newman Tomislav Duli Stevan K Pavlowitch Dejan Jovi Neboja Vladislavljivi Florian Bieber Jasna Dragovi Soso and Eric Gordy

Beyond Yugoslavia Sabrina Petra Ramet, 2019-02-22 The fruit of a landmark international collaboration this book focuses on the final years of socialist Yugoslavia and on the beginning of the country's breakup With chapters devoted to each of erstwhile Yugoslavia's six republics the book also offers a unique blend of thematic essays on political cultural economic environmental religious and foreign policy issues Bringing together renowned scholars from the United States Great Britain Serbia and Croatia the book shows how disintegrative tendencies penetrated and affected all spheres of life in Yugoslavia The resultant war has therefore been fought not only on military and diplomatic fronts but also at the level of economics through literature and film and in the spheres of religion and gender relations

The Balkans in the Cold War: Balkan Federations, Cominform, Yugoslav-Soviet Conflict Pavlović, Vojislav G., 2011-01-01

A Legal Geography of Yugoslavia's Disintegration Ana S. Trbovich, 2008-02-05 The author explains the violent break up of the former Yugoslavia in the early 1990s in the context of two legal principles sovereignty and the self determination of peoples She also offers an analysis of Kosovo's future status international recognition of secession implications for other conflicts and much more

Nations and Citizens in Yugoslavia and the Post-Yugoslav States Igor Štiks, 2015-07-30 Between 1914 and the present day the political makeup of the Balkans has relentlessly changed following unpredictable shifts of international and internal borders Between and across these borders various political communities were formed co existed and disintegrated By analysing one hundred years of modern citizenship in Yugoslavia and post Yugoslav states Igor Štiks shows that the concept and practice of citizenship is necessary to understand how political communities are made unmade and remade He argues that modern citizenship is a tool that can be used for different and opposing goals from integration and reunification to fragmentation and ethnic engineering The study of citizenship in the laboratory of the Balkans offers not only an original angle to narrate an alternative political history but also an insight into the fine mechanics and repeating glitches of modern politics applicable to
