The Victorian Novel On File argues that the nineteenth century information explosion shapes the novel form In a world teeming with data the novel is a storage medium cluttered with detail and accumulating more than it can use The fictional things that have been read as insignificant should be seen instead as vessels of information embedding the text with potential This study weaves together a formal account of the novel with media and information studies as well as new materialist approaches to objects Information took material form in the nineteenth century in Victorian literature data can be located in bric a brac folded up papers semi precious stones and rubbish heaps Yet this information may never be transmitted as knowledge Instead the novel offers indefinite storage gesturing toward the future while holding action and accountability in abeyance Fallen by the wayside of plot are documents left on file containers left unopened stock left on the shelf and secrets left untold enacting this study argues the Victorian novel s aesthetics of deferral In readings of works by Charles Dickens George Eliot Mary Elizabeth Braddon Wilkie Collins and Rudyard Kipling this study illustrates the formal effects of cultural questions about value and meaning longevity and history abundance and overwhelm and keeping and discarding It closes by showing how these same questions animate the twenty first century s information culture as well **Tell It to Me Singing** Tita Ramirez,2024-07-09 An utterly unforgettable Kevin Wilson New York Times bestselling author of *Nothing to See Here* debut novel about a Cuban American family sent into a tailspin when the ailing matriarch confesses the first of several shocking secrets to her daughter M nica Campo is pregnant with her first child when moments before being wheeled into emergency heart surgery her mother confesses a long held secret M nica s father is not the man who raised her But when her mother wakes up and begins having delusional episodes M nica doesn t know what to believe whether the confession was real or just a channeling of the telenovela her mother watches nightly In her despair M nica wants to speak with only one person her ex boyfriend of five years Manny She can t help but worry though what this says about her relationship with her fianc and father of her unborn child M nica s search for the truth leads her to a new understanding of the past the early 80s when her parents arrived from Cuba on the famous Mariel boatlift and the tumultuous 70s a decade after Castro s takeover

Love and its Critics Michael Bryson, Arpi Movsesian, 2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places as told through poetry from the *Song of Songs* to John Milton's *Paradise Lost* It is also an account of the critical reception afforded to such literature and the ways in which criticism has attempted to stifle this challenge Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called *fin amor* love as an end in itself mutual and freely chosen even in the face of social religious or political retribution Neither *eros* nor *agape* neither exclusively of the body nor solely of the spirit this love is a middle path Alongside this tradition has grown a critical movement that employs a hermeneutics of suspicion in Paul Ricoeur's phrase to claim that passionate love poetry is not what it seems and should be properly understood as worship of God subordination to Empire or an entanglement with the structures of language itself in short the very things it resists The book engages with some of the seminal literature of the Western canon including the Bible the poetry of Ovid and works by English authors such as William Shakespeare and John Donne and with criticism that stretches from the earliest readings of the *Song of Songs* to contemporary academic literature Lively and enjoyable in its style it attempts to restore a sense of pleasure to the reading of poetry and to puncture critical insistence that literature must be outwitted It will be of value to professional graduate and advanced undergraduate scholars of literature and to the educated general reader interested in treatments of love in poetry throughout history
