Odd Man In Norton Simon And The Pursuit Of Culture:

Odd Man In Suzanne Muchnic, 2019-08 **Odd Man in** Suzanne Muchnic, 1998 I m grateful for this Muchnic draws a sharp picture of Simon s astute collecting and his contrarian career The setting is fascinating too Los Angeles since the 1950s making itself into a cultural capital John Walsh Director J Paul Getty Museum **The Culture Broker** Margaret Leslie Davis, 2007-08-20 Franklin Murphy It s not a name that is widely known even during his lifetime the public knew little of him But for nearly thirty years Murphy was the dominant figure in the cultural development of Los Angeles Behind the scenes Murphy used his role as confidant family friend and advisor to the founders and scions of some of America s greatest fortunes Ahmanson Rockefeller Ford Mellon and Annenberg to direct the largesse of the wealthy into cultural institutions of his choosing In this first full biography of Franklin D Murphy 1916-994 Margaret Leslie Davis delivers the compelling story of how Murphy as chancellor of UCLA and later as chief executive of the Times Mirror media empire was able to influence academia the media and cultural foundations to reshape a fundamentally provincial city The Culture Broker brings to light the influence of L A s powerful families and chronicles the mixed motives behind large public endeavors Channeling more than one billion dollars into the city s arts and educational infrastructure Franklin Murphy elevated Los Angeles to a vibrant world class city positioned for its role in the new era of global trade and cross cultural arts *Building Home* Eric John Abrahamson, 2013-02-28 This book is not only a biography of Howard F Ahmanson but also the story of the financing of the postwar housing boom and the tremendous growth of Los Angeles Americans have long believed that homeownership is fundamental to the strength of our democracy and the character of our people Victory in World War II combined with new government policies designed to stimulate mortgage lending sparked a tremendous surge in rates of homeownership in the 1950s With savings and loans providing more than half of the mortgages for these homes the industry enjoyed a golden era in its history especially in southern California Among its peers Home Savings Loan Association of Los Angeles was a giant By 1954 it had more customers and assets than any other thrift in America Through its real estate development entities the company played a leading role in the postwar suburban explosion that made LA the quintessential postmodern city As the crown jewel among a handful of mortgage related businesses launched and controlled by Howard F Ahmanson the company generated philanthropic capital to build L A s cultural centers and finance the campaigns of the region s leading politicians As a sun tanned yachtsman and a cigar smoking financier the Omaha born Ahmanson was both unique and representative of many of the business leaders of his era Like many elites Ahmanson shared a fundamental confidence in his ability to lead the nation to prosperity His death in 1968 came just as the era of deregulation was beginning In this new era the central role of the savings and loan in financing the American dream diminished and Home Savings was sold to help create one of the biggest branch banks in America Washington Mutual Deaccessioning and Its Discontents Martin Gammon, 2018-07-24 The first history of the deaccession of objects from museum collections that defends deaccession as an essential component

of museum practice Museums often stir controversy when they deaccession works formally remove objects from permanent collections with some critics accusing them of betraying civic virtue and the public trust In fact Martin Gammon argues in *Deaccessioning and Its Discontents* deaccession has been an essential component of the museum experiment for centuries Gammon offers the first critical history of deaccessioning by museums from the seventeenth to the twenty first century and exposes the hyperbolic extremes of deaccession denial the assumption that deaccession is always wrong and deaccession apology when museums justify deaccession by finding some fault in the object as symptoms of the same misunderstanding of the role of deaccessions in proper museum practice He chronicles a series of deaccession events in Britain and the United States that range from the disastrous to the beneficial and proposes a typology of principles to guide future deaccessions Gammon describes the liquidation of the British Royal Collections after Charles I s execution when masterworks were used as barter to pay the king s unpaid bills as establishing a precedent for future deaccessions He recounts among other episodes U S Civil War veterans who tried to reclaim their severed limbs from museum displays the 1972 Hoving affair when the Metropolitan Museum of Art sold a number of works to pay for a Vel zquez portrait and Brandeis University s decision later reversed to close its Rose Art Museum and sell its entire collection of contemporary art An appendix provides the first extensive listing of notable deaccessions since the seventeenth century Gammon ultimately argues that vibrant museums must evolve embracing change loss and reinvention

The Hollywood Book of Breakups James Robert Parish, 2010-12-20 Half of all marriages end in divorce and then there are the really unhappy ones. Joan Rivers: Do you suppose that the person who first said Life is stranger than fiction might have had Hollywood marriages in mind? Why watch a romantic film starring a leading man and a leading lady when their real life romances are so much more interesting? It seems that a celebrity's latest film can have a considerably longer life span in the theater than his or her marriage du jour. One would almost think that Tinseltown has come to embrace divorce as an accepted pastime. Some celebrities have seemingly collected spouses over the years systematically adding notches in their belts of divorces. Cases in point: Zsa Zsa Gabor nine, Lana Turner eight, Elizabeth Taylor nine and Mickey Rooney eight. This list appears to make Jennifer Lopez a mere novice with only three marriages, two divorces and one terminated engagement to date. In The Hollywood Book of Breakups James Robert Parish looks at scores of hot Hollywood romances that eventually fell apart. From the decade long union of Tom Cruise and Nicole Kidman to the just for show nuptials of Rock Hudson and Phyllis Gates to the four and a half year marriage of Brad Pitt and Jennifer Aniston to the other woman divorce of Debbie Reynolds and Eddie Fisher, Parish covers it all from the burning embers to the fizzling fires of Hollywood breakups. You couldn't make this stuff up and James Robert Parish doesn't need to. Hollywood writes its own drama when it comes to scandalous breakups.

Watteau at Work Emily A. Beeny, Davide Gasparotto, Richard Rand, 2021-12-14 Marking the three hundredth anniversary of Jean Antoine Watteau's death, this publication takes a close revealing look at his recently rediscovered painting *La Surprise*. The painting *La Surprise* by Jean Antoine Watteau, 1684-1721, belongs to a new genre of painting invented by the artist himself: the *fête galante*. These works, which show graceful open air gatherings filled with scenes of courtship, music and dance, strolling lovers and actors, do not so much tell a story as set a mood, one of playful, wistful, nostalgic reverie. Esteemed by collectors in Watteau's day as a work that showed the artist at the height of his skill and success, *La Surprise* vanished from public view in 1848, not to reemerge for more than a century and a half. Acquired by the Getty Museum in 2017, it has never before been the subject of a dedicated publication. Marking the three hundredth anniversary of Watteau's death, this book considers *La Surprise* within the context of the artist's oeuvre and discusses the surprising history of collecting Watteau in Los Angeles. This volume is published to accompany an exhibition on view at the J. Paul Getty Museum at the Getty Center from November 23, 2021 to February 20, 2022.
