Trading brings up many different emotions like fear, greed, anger, fear, guilt, and many others. Using EFT or tapping is a great way to release the negative energy associated with these emotions to help a trader get back into his optimal state. Tapping scripts are given to help a trader deal with many common emotions and limiting beliefs that traders have. After reading this book, you will have a new tool that you can use at any time to create the successful trader's mindset.

Investment First Steps Emily Johnson, AI, 2025-02-22 Investment First Steps offers a comprehensive guide for those new to investing, focusing on building a solid financial foundation. The book emphasizes understanding your personal risk tolerance before diving into investment vehicles like stocks and bonds. Many people chase high returns without grasping the potential downsides; this book helps you assess your comfort level with risk, paving the way for informed decisions. Diversification is another key concept, teaching readers how to spread investments across various asset classes to minimize potential losses from any single underperforming asset. The book progresses logically, starting with basic investment principles and key terminology. It then moves into practical methods for risk assessment, followed by an exploration of different investment vehicles. Finally, Investment First Steps guides readers through portfolio construction and management, ensuring alignment with financial goals. The book champions a disciplined, informed approach to wealth creation, moving away from "get rich quick" schemes.
