## **Orange County A History And Celebration:**

**Orange County** Steve Emmons, Mark Boster, 1988      **The: Orange County Fair: A History of Celebration** Chris Epting, 2015-07-20      The Orange County Fair: A History of Celebration Chris Epting, 2015-07-20 The Orange County Fair is one of Southern California's most anticipated summer events. From its first year in 1890 with a few livestock exhibits and horse races, the fair evolved into what is now a month-long extravaganza of rides, games, and entertainment that still celebrates the importance of local agriculture. Millions of visitors have crowded the grounds over the years to enjoy the spectacle of everything from ostrich races and demolition derbies to its unique Centennial Farm and the time-honored All Alaskan pig race. Author Chris Epting recounts more than a century of community history and revelry at the OC Fair.

*Orange Coast Magazine*, 1988-10 *Orange Coast Magazine* is the oldest continuously published lifestyle magazine in the region, bringing together Orange County's most affluent coastal communities through smart fun and timely editorial content, as well as compelling photographs and design. Orange County is more than the well-known images on orange crate labels: the high-profile amusement parks of Disneyland and Knott's Berry Farm, or the beaches. It is also a unique site of agricultural and suburban history, political conservatism in a liberal state, and more diversity and discordance than its pop cultural images show. It is a space of important agricultural labor disputes, segregation, and resistance to segregation, privatization, and the struggle for public space, politicized religions, Cold War global migrations, vibrant youth cultures, and efforts for environmental justice. Memorably, Ronald Reagan called Orange County the place where all the good Republicans go to die, but it is also the place where many working-class immigrants have come to live and work in its agricultural, military, industrial, and tourist service economies. Orange County is the fifth most populous county in America. If it were a city, it would be the nation's third largest; if it were a state, its population would make it larger than twenty-one other states. It attracts 42 million tourists annually. Yet Orange County tends to be a chapter or two squeezed into guidebooks to Los Angeles or Disneyland. Mainstream guidebooks focus on Orange County's amusement parks and wealthy coastal communities, with side trips to palatial shopping malls. These guides skip over Orange County's most heterogeneous half: the inland space where most of its oranges were grown alongside oil derricks that kept the orange groves heated. Existing guidebooks render invisible the diverse people who have labored there. *A People's Guide to Orange County* questions
